Guide Forms Booklet

Again in this issue, subscribers to the six Hartley newspapers will receive a weekly guide to the top television program on all four Columbus area stations. To fold the page into a handy booklet, follow these simple instructions: Taking the page as it is presented in the paper, fold it vertically in half. Then fold the top of the page to the botton twice until the front page of the section appears. The first three days then follow in order. By turning the page over, the other four days appear.

Wheatland To Hold First Services In New Church

Members of Wheatland Avenue Methodist will mark their first day of worship in their newly purchased church at 90 S. Highland-av, with special services throughout the day, Sunday, Mar. 22.

Dignitaries of the Methodist Church will be guests of Wheatland.

Congregation moved from its church at 451 S. Wheatland-av into the building formerly occupied by Highland Avenue Friends this week.

Columbus' ten Methodist Churches will sponsor services at the church at 3:15 p.m. Dr. C. T. R. Nelson, district superintendent of Columbus District will preach and combined Methodist Choirs will sing.

Churches Urge Good Reading

Anita Moore of Westgate Friends Church has submitted this week's article on good literature, one of a series sponsored by member churches of the Hilltop Ministerial Association.

By Anita Moore

We appeal to the churches and Christian people of the world to work as a group, to ban the sale of obscene literature.

It is not up to the operator of the newsstand or the publisher of such literature to stop the sale. It is up to us, the people that don't want it.

The man operating the newsstand is making a living from selling such trash, so he naturally will not want to stop it. He is not thinking about what it is doing to the minds of our teenagers.

The teenagers of today are our future leaders of tomorrow. If we want America to remain a nation that is respected by all nations we have to keep it a Godly country, now and in the future.

So let's get behind the movement by seeing that laws are enforced to prevent the sale of such literature.

Glenwood Plans Holy Week Rites

Dr. Joseph B. Shellhaas, pastor of Glenwood Methodist Church, will hold services each evening during Holy Week at 7:30.

Bunny Hunt At Valleyview Lot Saturday

Annual Hilltop "Y" Bunny Hunt for Gra-Y and Indian Guide boys and other interested youngsters will be held Saturday, March 21 at 1 p.m. at the Valleyview YMCA site.

Every boy hunting will be required to have a 'bunny license' which may be secured at the Hilltop 'Y' for ten cents. The Hilltop Y's Men's Club sponsors this affair and turns the license proceeds over to a 'Y' youth group.

The practice of giving live bunnies has been discontinued and this year special prizes will be given to those youngsters finding special eggs. The hunt will be broken down into age groups permitting an equal chance at winning prizes.

Match Derby Is April 5

The annual Indian Guide Match Box Derby is set for Sunday afternoon, April 5 at the Central YMCA. The whole family is invited to this affair directed by the Chippewa Tribe of the Hilltop Nation.

Airport Is Expected To Make Way For Big Housing Project

Sale Of 82-Acre Sullivant-av Site In Final Contract Stages

By Marcus Orr

Sullivant Avenue Airport, which came to the city when the thrill of aviation was new, is falling a victim of the jet age and a city "busting at the seams."

Hartley Newspapers has learned that final stages of a sale of the 87-acre strip are now in progress. A 400-home development likely will go into the area.

During the last two weeks, E. Gomer Jones, manager of Jones Flying Service, Inc., has been negotiating seriously with Ernest G. Fritsche Co., prominent Columbus home developer.

Jones revealed he has received a cash retainer for the land, pending a windup of the legal work with the contractor and the city. Delivery of the deed has not yet been accomplished. The sale price was not announced.

Is Prolific Builder

The purchaser has built and sold a thousand homes in the city.

Mr. Fritsche, who says he likes to do things on a "home town level" is prominent in national builders' circles. He was among the first American businessmen permitted to tour post-Stalin Russia. At present he is constructing 550 homes in the East side, has finished more than 60 locally on Valleyview-dr, and is ready to start 65 more in the same vicinity.

Fritsche indicated it may be late summer before any work is done on the airport site. "I have no desire to disrupt summer plans of persons who have airplanes there," he said. About 35 private and light commercial craft are usually based at the 3911 Sullivant-av port.

The builder said his new homes would be in keeping with others in the area, particularly in Georgian Heights. He mentioned $15,00 and $16,000 class with basements and three bedrooms. "Our surveys show particular interest in $13,000 to $15,000 homes," he said.

Economics has built up a wall of resistance to the growth of Sullivant Airport. The strip first saw commercial service in 1926, earlier than Port Columbus. It has generally ranked fourth in stature among some 10 community strips around the city.

Jones, who took over the field in 1937 and incorporated it the following year, has long championed the need for city maintenance of Sullivant and other local air strips. He has steadfastly insisted that auxiliary or "feeder" fields are needed to serve Columbus in the future. Admittedly too small for many types of transport ships, Jones believed Sullivant held great potential as a heli-port or for shuttle service to Port Columbus, far across town.

Financing anything bigger than the present 3300-foot landing area has been the biggest obstacle in Jones' dreams of preserving the airport. Lending agencies, needing some sort of assurance that the operation would flourish 10 to 15 years hence, have not been satisfied.

City Refused Offer

Jones made his boldest move to save Sullivant in 1955 when he offered to sell the land and buildings to Columbus for use as an airport for $300,000. Acreage then totalled 140. (Since then some has been leased, some sold for a new Georgian Heights elementary school and about 10 acres adjacent is subject to sale as a city park.)

But the city council refused the offer. Mayor Sensenbrenner, while pointing out the problems involved in city-maintenance of the strip, said he hoped the port could continue to serve private flyers and the West area industries.

The property is now in the city limits and as such would be served by the Sullivant-av sewer line. Housing now borders it closely on the west and is approaching close to the east.

Jones is reluctant to announce his plans to follow closing of the transaction. He is retaining all Sullivant-av frontage for possible office space. When asked if he would consider building another strip farther out, he paused it off with "That's hard to say, but I'll always have a soft spot in my heart for airplanes."

WESTINGHOUSE BOOSTS 'Y' FUND

Y'S INVESTMENT — The Columbus Area YMCA-YWCA Joint Development Fund received a sizeable boost today when John W. Craig, vice-president, Westinghouse Electric Corp., announced a contribution of $82,000 on behalf of the Westinghouse Electric Fund. Present as the check is delivered are (l. to r.) Mrs. Elizabeth Cook, co-chairman, representing the YWCA in the drive; Mr. Craig; Clair E. Pultz, president of the Huntington National Bank, and Richard Nindo, president of Marble Cliff Quarries Co., and chairman of the Joint Development Fund Drive. The fund, which has now surpassed one million of its $2½ million goal, will be used to rebuild the old YWCA residence hall, and build three new suburban "Y" branches. Scheduled in this program are new Hilltop, South Side and Spring Street "Y" buildings.

Hats Off To Westinghouse

Announcement of the gift of $82,000.00 to the YMCA-YWCA Development Fund by the Westinghouse Corporation is indeed a welcome bit of news for this community as well as the entire Central Ohio area.

This brings the total amount raised in the drive to well beyond the first million dollars. Much more is needed to be able to proceed with construction of three new YMCA buildings and a new YWCA dormitory. It is hoped that other friends of youth will follow with their fair share of this program within a short time.

So many times a large industry is painted as a mechanical process without a soul.

We are proud of the many fine things the Westinghouse Corporation has done in a civic way since they came to Columbus.

In addition to providing thousands of good jobs for local people in the making of quality products that add to our better daily living, and to say nothing of their immense tax contribution to our local governments, they have always assumed their fair share of all such civic responsibilities as the YMCA-YWCA, hospitals, etc.

"A grateful community says "Hats off to Westinghouse."

Notes and Nubbins: When the fire trucks go west on Broad our editorial department calls the fire department to ask "Where's the fire." This past Thursday a.m. the same thing happened and the voice on the other end replied, "This one is real close to you . . . it's in the press room of your newspaper plant." No damage of consequence, just a large motor on fire . . . The local Civitan Club has about 48 flags with 49 stars available at a real reasonable price . . . Paving Of Westgate Avenue May Proceed Without Walks

Council, Monday night, passed a resolution which repealed one approved March 9 that could have permitted building sidewalks along Westgate-av from Wicklow-rd to Palmetto-st.

In the new wording the declaration states the necessity of widening Westgate-av to pave it with asphaltic concrete, build concrete curbs and gutters and construct sidewalks on Westgate Elementary school property. No mention was made of sidewalks on private property.

Walks for the area have long been vigorously argued. Parents and teachers fear for the safety of the grade schoolers who must walk in the streets, while some of the property owners object to losing yard space to sidewalks.

The street work is expected to start some time this summer. Assessments will probably be mailed within the next month, City Clerk Russell Drake said.

'Blue Law' Legal Brief Due Today

A legal brief, outlining City Attorney Russell Leach's opinion of what businesses should be classified "necessity" under the Blue Law, is expected to be ready today.

Need for the judges to arrive at some common interpretation of the law was pointed up by recent, contradictory court decisions on auto service business.

Prosecutor's notices were issued Sunday against four car washers.

They were the Four-Minit Carwash, Inc., 1199 W. Broad-st; Brinker Avenue and Broad Carwash; Car-A-Minit Washmobile, 3240 E. Broad-st and Jet Carwash, 635 Mt. Vernon-av.

City Boat Tags On Sale Mar. 28

Paul Middendorf, 957 S. Warren-av, is one of six persons appointed to sell licenses for boats to be used on city reservoirs.

Sales will start Saturday at Spang's Pharmacy, 2744 Sullivant-av and continue every evening and Saturday during store hours.

Fees range from $2.94 for the boat and $2 to $8 on motors, depending on size and owner's place of residence.

Young Dems List Support In City Race

Nearly a hundred members of the West Side Young Men's Democratic Organization have pledged their support to Mayor M. E. Sensenbrenner and four candidates for city council in the 1959 elections.

The announcement by Acting President John E. Jones followed a March 18 rally. After all six Democratic council hopefuls were heard from, members selected William Hoermle, Richard McQuade, John Gordon and Pat Olinn, a write-in, for their active May primaries support.

Jones said the purpose of the rally was "to acquaint the candidates with the organization and give them an opportunity to speak their views on vital city issues."

The near capacity crowd voted unanimously to back Sensenbrenner for re-election next November. It was pointed out by some present that "Columbus, the All American City should keep its All American mayor."

Spring Smelt Fry Time Here Again

Tickets must be obtained in advance of the dinner. They are available by calling HU 6-8419 or [illegible].

Parents Have Some 'Say-So' In Charting Study Programs

CRITICAL CHOICE — Familiar scene at West Junior High these past few weeks has been the conference session between student, parent and counselor. Miriam Hinton, school counselor, talks with Ronald Wheeler and his mother, Mrs. Mary Wheeler.

• • •

A student's ambition, his parents' wishes and counselor's advice . . . out of these comes a program of study.

A new plan to chart four-year high school academic courses, introduced to West Junior High eighth grade students, has met with gratifying success.

Parents are invited to sit in when their child and his counselor meet to decide on a course of study.

Robert Darrow, principal, stated over parents' response, said, "More than 90 per cent of these parents have shown a sincere interest in their child's education by coming in. Many, many more, unable to come, have called and conferred with the counselor over the phone."

Student and his parent indicate their choice of future plans: college, nursing, job, commercial, industrial or undecided. The counselor advises and makes suggestions.

A flexible plan insuring academic credit requirements is tailored to fit these individual needs. If a student's interests should move to a new field, the program will be adapted to the change.

Sometimes We May Play Judas' Role

BIBLE COMMENT:

The Last Supper, which has become the symbol of faith and fellowship in the Christian Church, was the celebration by Jesus and His disciples of the Passover, the most sacred rite of the Jewish religion. It was their heritage as Jews, and which Jesus said He had not come to destroy, but to fulfill.

That fact ought to give the Last Supper a meeting place in fellowship, which unfortunately, it has not yet found.

Surely the supreme task of all who believe in the Christ and the fellowship of the upper room is to bring to reality and fullness in the world the spirit and the practice of brotherhood there's manifested.

We know that there was one present, who renounced that spirit, who betrayed his Master.

What we often fail to realize is that everyone who professes to share in that communion but who does not live in the spirit of love, and in the precepts and example of the Master, is akin to Judas, rather than to those who loved their Master, and who continued in that love despite the temporary sadness and despair when His death seemed to have ended their hopes.

To partake of holy communion "in remembrance of Jesus" is not merely an act of conformity.

Its reality is found only in a renewed commitment of the soul of Christ and the Christian way.

THE PARADE—AFTER CHURCH

Abraham Lincoln Said:

"It is an old maxim and a very sound one that he that dances should always pay the fiddler. Now, sir, if any gentlemen, whose money is a burden to them, choose to lead off a dance, I am decidedly opposed to the people's money being used to pay the fiddler."

County's Ground Water Data Available Free Of Charge

A news report describing the ground-water resources of Columbus and Franklin county has been published by the Ohio Department of Natural Resources, Division of Water. It is designed to help municipalities, industries, suburban developers, and farmers to locate additional water supplies.

A detailed map of Franklin County shows groundwater conditions and contours on the bedrock surface (beneath the glacial drift). Tabulated data on more than 1400 wells and graphic logs of 1276 wells are included. Also given are chemical analyses of water from selected wells in the county. Conditions in each township are discussed.

"The present use of ground water in Franklin County is by no means a criterion of the potential use for the area, a division spokesman said. Approximately 10 percent of the water needs of the county are supplied from wells.

"Three-fourths of the county is underlain with excellent aquifers which have not been tapped for municipal or industrial use. Test drilling and pumping tests in these areas will raise considerably the estimated yield of these aquifers," he said.

The report has been published as Bulletin 30 of the Ohio Division of Water, Department of Natural Resources, and is available for free distribution at 1562 W. First-av. Columbus.

Keep Trouble From Home By Avoiding Carelessness

Carelessness can easily result in tragedy . . . , as has been pointed out so many times in news stories galore.

This past Friday a two-year-old youngster, Clifton Scott May, S. Pearl-st, was taken to Children's Hospital by the emergency squad and is lucky to be alive today.

The episode revealed that the youngster had in the past three weeks swallowed such things as hand lotion, grease solvent, liquid vitamins, soap, bleach and anti-biotic pills.

A stomach pump properly applied made him almost as good as new.

A Dayton newspaper this past week reports similar incidents and points out to parents the need of taking the necessary precautions to insure that the youngsters don't partake of things that are harmful to them.

A list of Do's and Don'ts follow:

DO'S

1. Place all medicines, household cleaners and sprays out of reach.
2. Turn all pot handles away from the stove front.
3. Keep electrical appliance cords up out of reach. Plug up unused sockets
4. Remove keys from doors.
5. Put gates in front of all stairs.
6. Keep sharp knives, tools and scissors out of reach.
7. Remove button eyes from toys.
8. Place floor lamp cords behind furniture, when possible tack them to molding.
9. Have locks on windows so they won't open wide enough for a child's body to squeeze through
10. Stock house with first-aid essentials.

DON'TS

1. Never leave children alone.
2. Do not leave matches, lighters, or lighted cigarets within reach.
3. Never leave objects on stairways.
4. Do not leave dresser drawers open.
5. Do not fail to empty paper baskets and trash cans.
6. Never leave candy, popcorn, or nuts within reach
7. Do not have sharp, metal toys near baby.
8. Never leave a pillow in a baby's crib.
9. Don't forget to watch for pins, needles, and tacks.
10. Never break safety rules yourself. Be a good example.

Former County Extension Agent Addresses Club

Miss Nellie Watts of OSU will be guest speaker at the annual Achievement Meeting of the Franklin County Home Demonstration Clubs.

Miss Watts, who recently returned from three years in Israel, will speak on "Homemaking In The Holy Land." She was Franklin County Extension Agent from 1928-37. She was Assistant State Leader for four years, and State Extension Leader from 1951-55. In 1955 she was sent to Israel as Home Economics Extension Advisor.

The Achievent Meeting will be held Apr. 3 from 10 a.m. to 2:30 p.m. at St. Paul's Evangelical and Reformed Church, 225 E. Gates-st. Columbus. There will be numerous exhibits of this years' achievements by the clubs.

Three new clubs have been formed this year, bringing the total to 19. The newest ones are from Berwick, Arlington, and Columbus.

Reservations for dinner for Achievement Day must be made by Mar. 26. For reservations call Mrs. C. H. Brown, TR. 8-5462, or contact one of the local councilors.

Mrs. America Deadline Near

Columbus area homemakers have only a few days left to enter the 1959 "Mrs. America" contest, offering combined prizes totaling $50,000.

Wilbur T. Collins, Columbus District manager for the Ohio Fuel Gas Company, local sponsor of the contest, said the deadline for entries is midnight, Tuesday, Mar. 31. Application blanks still can be obtained at the gas company office, 109 N. Front-st.

"The 'Mrs. America' contest is for married women everywhere, and there is no age limit," Collins said. Judging will be based on homemaking ability, poise, personality, grooming, and community activities.

A "Mrs. Columbus" will be selected at a cook-off at the gas company, Tuesday, Apr. 7.

Keep your baby safely anchored after lifting from the bath tub by sewing a six-inch strip to one end of a soft terry towel. OSU extension family life specialists say this pocket will keep the baby warmly covered and safe while his body is being patted dry.

Bird Dog Can Be Taught At Shooting Preserves

Another advantage of commerical shooting preserves was pointed out to me recently by Charlie Hay, West Jefferson.

Charlie has a nine-month old Weimaraner that is coming along

nicely, but the dog needs bird work right now. Hunting seasons, of course, are closed but Charlie has been taking his pup to a shooting preserve for workouts. These areas enjoy a long season because only pen-raised birds are hunted.

I'll have to admit I wasn't much impressed with the idea of commercial preserves when I first heard about them. The first one I saw was in Maryland, and several years ago they were written up in the sporting magazines as novelties. Now they are commonplace throughout most of eastern United States. Commerical preserves are liberally sprinkled over Ohio — and the trend is toward more of them in the future.

Some Expense Involved

Commercial shooting preserves, if you're unfamiliar with the name, are areas that stock game, usually pheasants, just before you go hunting. The shooting action is hot and heavy —but you must pay for your sport. They charge five dollars and up for each bird taken, and most preserves have a three or four bird minimum bag. It means $15, $20 or even more for an afternoon of hunting.

This went against my grain at first — commercializing a sport that I hold dear to my heart. But after a little thought I realized that fishing had been commercialized for many years in some places and it didn't bother me. I can see that pay hunting has its place for those who want a lot of action in a short time, and are willing to pay for it.

Gets Jump On Season

Charlie Hay has thought of a good idea, however, in using preserves for dog training. Say you have a bird dog pup that starts pointing pretty well before the open season. You take him to the field one day and he points two cocks and three hens. The fact that you don't shoot the hens just confuses him. So the dog gets work on only two birds. It is just downright difficult to put polish on a shooting dog in the short pheasant season.

But if you take a pup to a shooting preserve you can shoot at every bird he points (hen pheasants are legal since the birds are pen-raised and banded). You can show the dog several birds in an afternoon, and you can spread his lessons out over several months.

All in all Charlie has a pretty good idea for training his new Weimaraner.

Hearing Aids Are Available To Indigent

Hearing and Speech Center, 209 S. High-st, has received 50 new late-model hearing aids to be made available to indigent deaf or hard of hearing children and adults.

Seven manufacturers and sales firms made the donations.

The center, a United Appeals supported agency, would like to receive the names of persons deserving the instruments. They must be unable to afford such a purchase, said Mrs. Lucille Curtis, president. Calls should be directed to Mr. Hartwig, CA. 1-1396.

The center also features a therapy and testing service for the hard of hearing of all ages. An adjustable fee is made for all clinical services, said S. A. Cohen, executive director.

In his old age the English statesman, Lord Balfour, was invited to speak at a banquet. The introduction speech was long and tiresome. As his Lordship was accustomed to retire early, when his time came to speak he arose and said: "You have asked me, gentlemen, for an address. Mine is No. 40 Carlton Gardens, and with your kind permission, I shall go there immediately."

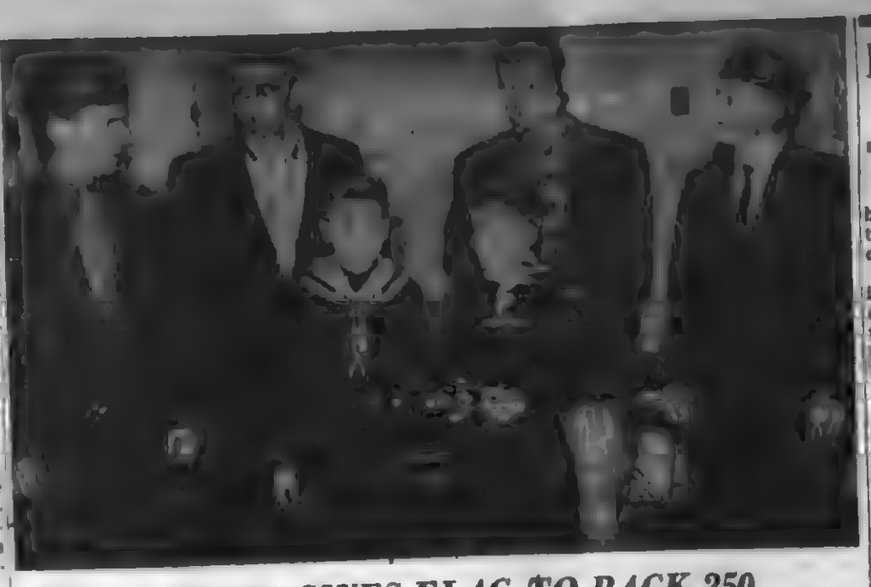
Franklin Twp. Incorporation Denied Again

Ohio Supreme Court judges will probably be asked to rule a second time on the proposed incorporation of Franklin Township.

Attorney Thomas Applegate, who has represented the pro-incorporationists during their five-year court fight, indicated Tuesday that a ruling by the Court of Appeals last week denying formation of the village of Franklin Heights would probably be taken to the high court.

Applegate took the case to the Supreme Court on another occasion, won his point and returned to the Common Pleas Court where he was again defeated.



In making their ruling, the Court of Appeals judges said that the location of a lone voting place at a firehouse at 2195 Frank-rd "was clearly to the disadvantage of a majority" of the 4,000 eligible voters.

They pointed out that providing services to the U-shape area will be difficult and expensive and that the incorporation would be unusually large.

Tag Sales Brisk, But Plenty Left

Sale of state vehicle license tags at Westgate Electric Co., 2655 W. Broad-st, set a new record for the week just passed, according to sponsoring Hilltop Kiwanis club officials.

However, there are still many to be issued before the March 31 deadline. Present plans call for the sale to continue throughout each day from 9 a.m. to 9 p.m., except Saturday, when the doors will close at 6 p.m.

TV TOPS FOR THIS WEEK

"The Shroud of Turin," a special Good Friday documentary with Rev. Francis L. Filas will be telecast Friday, 1:30 p.m. on Channel Six. The shroud is a burial cloth kept in Turin, Italy, made of a piece of linen 14 feet long and three and one-half feet wide. Chemical action made the cloth not like a photographic negative and shows the image of Christ.

Sports of Sorts

The bowling scene has been hot and heavy with news, including some fine scores.

Old Trail's lanes finished the Columbus Men's City Tourney with the following winners: team, Phillips Coney Island, 3226; doubles, Guy Bradly and James Schmidt, 1387; singles, Jim Walters, 765; and all-events, Bill Dysart, 2073.

O-T's winter leagues end the last of April and all individuals, teams or leagues that are interested in summer bowling competition should sign up for the summer warring which begins the first of May.

Hilltop Recreation reported a sparkling 666 fired by Jack Jaxheimer of their Sunday Afternoon Get-Together league last Sunday. Meanwhile several days back Hillcrest lanes reported the second highest women's single score in Columbus for the season. Betty Bonnette of Heer Printing in the Hillcrest Majors loop hit a 673 series. (Season high for Columbus this year is held by Alice Price with a 706.) The latter alley is also taking applications for summer loops.

But the Three-C lanes really had some fine pin smashing the past week. Completely knocked out by the flood for awhile most of their loops have been doubling up and all make-ups should be completed in the next two weeks.

Kelly Price had a 268 game and a 618 series for Watson Motor Rebuilders, who themselves had a 1029 scratch, 2817 series. (All scores from scratch unless designated otherwise.) In the same league the Beasley-Grove Body Shop had a 1019 scratch, while the same dealer's Service Dept. had a 2879 series. They are all in the Ford Dealers' League.

Also at 3-C. . .In the Linden Sportsmen loop, Strohs Beer had a 1056 game, while Al Penrod had a 238-659 and John Evans hit his lifetime high of a 248 game. In the Bank Ins. loop, Lou Forest had a 591, Al Simkins a 224 and Chic Caccio a 224. Buddies' Sunday Nighters loop found Harry Miller with a 228 and Robert Grossman with a 545 series. The Metropolitan league found Lee Sexton with a 236, and Bill Jackson with a 680 scratch series (312-235-233). In the same league the Atlas Laundry and Linen crew racked up a 1022 game on their way to a 2475 series.

Back on the basketball front for a minute. . .a few season windup facts and figures on Hilltonia Junior High. They finished with a 6-6 record scoring a total of 342 points for a 28.5 per game average, while their opposition was scoring 387 points for a 32 per game. The following boys received their basketball letters at the recent banquet held at the school:

Dwight Newman, Dave Montoss, Bill Hunter, Rich Nealy-captain, Pat Doyle, Bill Karn, Trey Bauer, Tommy Wuertz, and John Galloway and Brain McDaniels, the latter two managers.

The individual rundowns find Newman copping most of the laurels. In order after each boy's name will be: quarters played, field goals scored, fouls scored, fouls committed and total points scored. "*" denotes highest mark for the squad in that area.

Newman, 48*, 21*, 24*, 32*, 126*; Hunter, 43, 40, 19, 17, 99; Montoss, 28, 14, 3, 21, 31; Nealy, 42, 12, 7, 32*, 31; Doyle, 41, 11, 7, 22, 29; Karn, 19, 4, 3, 12, 10; Tucker, 14, 4, 0, 16, 8; Bauer, 11, 1, 1, 7, 3; Wuertz, 27, 1, 1, 17, 3; Barnes, 7, 0, 0, 4, 2; Smith, 4, 0, 1, 6, 1; Weisert, 4, 0, 1, 0, 1; Bowman, 7, 0, 0, 5, 0; Bradley, 8, 0, 0, 1, 0; Clark, 8, 0, 0, 3, 0; Galentine, 2, 0, 0, 0, 0; and Guarine, 6, 0, 0, 0, 0.

Hilltonia has started its first track team in its brief history, and baseball practice is underway. More details on these two squads in later columns.

Rams Cap Boys Title At Center

Rams won the junior boys' basketball title at Glenwood Recreation Center recently with a 14-11 won-lost record.

Colts and Bears finished in a tie for second place with 13-12 records.

In fourth place were Hawks and Eagles who finished with 12-13 season marks.

Braves finished in sixth place with 11-14.

Rams came through 33-28 over the Braves to cinch first place. Jack Logue was big gun for the Rams with 13 points. John Goodin, captain of the losers, was high for the game with 15.

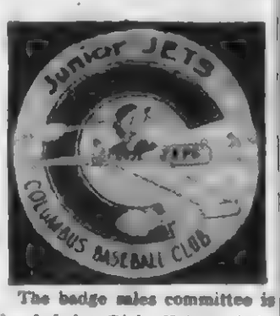
Colts moved into a tie for second place on the strength of victories over the Hawks and the Braves. Bob Nelson paced the Colts with 16 points in their 32-27 win over the Braves. In the game in which Colts defeated the Hawks, John Coleman netted 15 for the winners to take high scoring honors.

Eagles, in an outstanding display of rebounding, edged the Braves 38-32. Colt's Roger Nelson, with 16 and the Braves' Goodin with 12 were top scorers.

Bear Hershal Newman intercepted a pass in the last five seconds and scored two points to break a tie and give his team a 28-26 victory over the Braves. Newman was also high point man for the game with 16.

MILADY DEMONSTRATES—Karen Born 12, of 707 S. Eureka-av and of Scout Troop 548 shows Donald Weaver, left, 12, of the Boys' Club, and Bob Feller, 13, of the Catholic Youth Organization, how Jet pitchers grip a knuckel-ball. Bob lives at 337 Westgate-av and Donald at 628 W. State-st. All three are selling Junior Jet badges for 50 cents.

Jet Ticket Sales Aid Youth



Youthful Jet baseball fans for the fifth straight season, will again see penny-per-game baseball this year. Starting Apr. 1 the familiar Junior Jet badges will go on sale for the standard price of 50 cents.

Every badge wearer is entitled to free admission to all of the Jets' home games, except opening day, Sundays, holidays and special occasions. The rules for attendance are the same as they have been in the past. All badge wearers must attend games with an adult.

Any school boy or girl in Central Ohio can buy a badge from Boy Scouts of Central Ohio, Boys' Clubs, Catholic Youth Organization, the Jewish Center and members of both the YMCA and the Girl Scouts.

The badge sales campaign closes officially May 1, but badges can be obtained after that date from any of the organizations. Proceeds after costs have been deducted, go to the support of youth group activities.

Begun in 1956, the Junior Jet badge sales program sold over 9,000 badges that year. Each year since, badge sales have pyramided, setting an all-time high in 1958 of over 30,000. This year's sales are expected to surpass 35,000.

The badge sales committee is headed by Dick Hahn, chairman. Committee members are Rev. Richard F. Dodd and David A. Davis.

Cowboy Record Book For '58-'59 Reviewed

By Bob Wilcox

A number of West Cowboy cage fans are fond of figures, so here's a summary of the team's 1958-59 year:

The Cowboys made 576 of 1039 field goal attempts for a pretty fair .502 percentage. From the free-throw line their figures read 279 of 502 for a .556 mark . . . good, but not good enough for real success from the charity stripe. They racked up 1031 points for an average of 57.2 per game. They picked off 485 rebounds for an ave. of 26 a ballgame.

On the other side of the ledger, they turned the ball over via errors, fumbles, etc. 275 times, while only recovering 180 of their opponents' bobbles. They also committed 325 personal fouls, but their foes committed 355 . . . where a better percentage from the foul line would have helped the Broncos.

Not all the opponents' figures were kept, but the following appears: they connected on 386 of 1013 from the field for a .381 mark. On free throws they hit on 306 of 520 for .588 and a total of 1078 points or 60 points per game ave.

A few comparisons are interesting: West's opponents took several fewer shots from the field, yet connected on 10 more than the Broncos and a better percentage; while they also had more chances and more 'hits' on foul shooting for a better mark. In the ave. per game total, West's foes ave. about three points better per contest. Although West didn't break even on the season, they were not greatly outscored (47 points over the season) in total or aves.

The Cowboys ended their regular season play with a 7-9 record (44%) and after the tourney a final 8-10 (44%) mark. They finished in a tie for third with South, in the City League race behind North and East who tied for first and Central.

Now for the individual statistics: As could be expected Jerry Spears took almost all the honors. We had to decide on whether to summarize by departments or by individuals. To save space and make easier reading we chose the latter. Follow the 'key' given below to determine the meaning of the figures given after each players' name.

Field goals attempted, made, percentage; free throws taken, made, pct; total points ave. scored per game; rebounds, turnovers, recoveries, personal fouls committed and quarters played. ("*"—means the leader in that area.

Jerry Spears: 345*, 150*, 435; 176*, 105*, .597; 408* 23*; 192*, 82*, 21, 59*, 68*.

Roger Street: 168, 58, .345; 82, 63, .685*; 179, 10; 80, 40, 17, 58, 68*.

Ray Herky: 75, 25, .333; 44, 23, .523; 73, 4; 71, 37, 26*, 39, 68*.

Dave Brady: 155, 59, 391; 69 37, .551; 156, 8; 79, 31, 12, 56, 55.

Bill Castle: 96, 29, .302; 19, 5, .263; 68, 3; 12, 27, 22, 53, 64.

Terry Briggs: 43, 19, .442*; 23, 8, .348; 46, 3; 9, 22, 11, 14, 34.

Don Uldricks: 69, 22, .319; 48, 25, .521; 69, 4; 19, 14, 13, 23, 39.

The remaining individual figures will not contain ave. points per game because of the great difficulty in equalizing time spent on the court.

Carl Brown: 27, 6, .222; 18, 5, .333; 17; 18, 6, 2, 9, 15.

Tom Hartranft: 15, 1, .067; 7, 4, .571; 6; 6, 1, 2, 3, 12.

Charles Kings: 18, 4, .277; 0, 0, .000; 8; 2, 1, 1, 4, 11.

Bob Wesley: 6, 1, .167; 7, 3, .429; 5; 3, 7, 3, 7, 13.

Ted Miller: 6, 1, .167; 0, 0, 000; 2; 0, 5, 0, 2, 7.

John Peterson: 3, 1, .333; 2, 0, .000; 3; 0, 2, 0, 2, 5

Reviewing the season scorewise, it reads like this . . . Newark 69, West 39; Central 81, West 69; Aquinas 27, West 34; West 90, Eastmoor 53; West 58, Marion Franklin 44; North 64, West 53; Bexley 42, West 40; West 59, Linden McKinley 57.

Central 79, West 45; West 64, South 50; East 84, West 60; West 68, Aquinas 50; Steubenville 61, West 56; West 65, Eastmoor 53; West 69, Marion-Franklin 41; and North 74, West 48. In the district tourney West knocked off Watterson, 63-60, but got bumped off the tourney trail themselves by London, 74-58.

I only listed the top man in each department above, although several areas found others quite close, sometimes within one. In the 'turnovers', I listed the one committing the most, it was almost impossible to list the 'least' due to the variance in playing time.

FIVE SERVE HILLTONIA LIBRARY

LIBRARY STAFF—"Overdues" are nothing new to any library but this picture of the staff of the new Hilltonia Branch library (2282 W. Mound-st) is late for a reason. Chief Librarian Mrs. Marie Biehl (far right) missed the branch's grand opening Jan. 5 after she was severely injured in a fall, and only recently began duty. Other staffers are (from left): Mrs. Patricia Rice and Mrs. June Robbin, assistant librarians; Mrs. Margaret Shaffer, clerk-typist, and Carol Carpenter, part-time assistant.

Food Markets This Week

by Mrs. Estelle B. Franks

Meats and Poultry — ham, pork loin, turkey, fryers, large eggs.

Fresh Produce— Grapefruit, apples, pineapple, potatoes, broccoli, celery escarole.

MEATS FOR EASTER

Milady's hat is not the only item that will feature fancy trimming on Easter Sunday. The traditional ham, studded with pineapple, cherries and cloves, will add color and flavor to your menu. And chances are it will cost you less than last year's ham, for supplies during this period are coming from hogs marketed at lower prices than those of last year.

Buying Tips—To serve a large number of people, the whole ham is the best buy. Whether or not you buy cooked or uncooked ham depends on the time and effort you want to put into preparation. Price may be a factor, too.

Remember, the uncooked ham may shrink as much as 20 to 25 per cent of its original weight when cooked, leaving less edible meat. Keep this in mind when you look at the price tags in your market. Fully cooked ham could sell for as much as 20 to 25 per cent more per pound than uncooked ham and still cost the same per serving.

Actually, canned ham and boned-rolled ready to-eat ham provide the most servings per pound—approximately four or five. Whole tenderized, and whole ready-to-eat hams rank next, the former yielding about three and the latter about three and a half servings to the pound. After checking the price it is easy to figure which ham is the best buy on the basis of cost per-serving and of the convenience offered by each kind.

CONSIDER LAMB, TURKEY

Lamb is another favorite for Easter dinner in many homes. Spiced apricots or peaches, minted pineapple, or mint jelly served with a roasted leg of lamb gives an elegance your family will enjoy.

While lamb prices have been lower during the past weeks, you'll find plenty of lamb at reasonable prices available this weekend. The lamb situation is now one of transition from fed lambs to genuine spring lambs. "Spring" lamb should be available within the next two weeks, but it usually comes at a higher price.

Turkey — Many families are switching to turkey for the coming holiday feast. Turkey is a wise choice this year, for storage stocks are 20 per cent larger than average for the date. Many more breeder hens are on their way to market this month than usual. You can expect some good buys, especially in large-sized turkeys.

Eggs — Easter egg hunt need not be a "hunt" this year . . . eggs are abundant at this season and one of the best values at the market nutrition wise, quality wise, and price wise. If white eggs cost more at your store this weekend, buy them only for coloring. Brown eggs are the same as white ones for all other purposes. Large eggs are the better buy now.

One Man's Face—Another Man's Fortune

WINNING PORTRAIT—Portrait of Salvatore Pinto which won the J. Anthony Bill trophy as "portrait of the year" for R. L. Payne.

One man's face was another man's good fortune here several days ago.

A character-revealing portrait of West Sider Salvatore Pinto, 774 John-st, from the camera of Robert L. Payne won the top trophy at the Ohio Professional Photographers' Association convention, March 8, 9 and 10.

Payne, a resident of 2801 Canterbury-rd, has operated the Lewis Studio at Great Western Shopping Center during the last two years.

The award topped all classifications, totalling 800 prints, in the show.

Payne said his winner sprouted from a simple assignment. His subject, who came here from Italy in 1913, has decided to take out citizenship papers. He needed some passport-type photos. These are usually full-face, flatly lighted snaps as required by law.

Payne took them but asked for another sitting. "I just couldn't see that man walk out until I tried for something more," he related.

Robert L. Payne

"A shifting of the lights, a relaxing lean on a table, and a puzzling question at the right moment brought just the expression I wanted," the cameraman said.

Last year Payne scored 'top male portrait' in the statewide competition.

Hall Ridge Club Plans Egg Hunt

Betty Meyer is president of the Social Club. Committee members are Lucille Gibson, Kathryn Gantz, Bettq Jo Daugherty, Marilyn Johnston and Betty Jackson.

Two Village Residents End Speaking Course

Health Fair Visitors Will View 'Juno'

Juno, a life-sized transparent model of "the perfect woman" will be one of some 80 displays at Columbus Academy of Medicine's Health Fair, Mar. 25-29 at the Veterans Memorial.

Open free to the public, tours are also being arranged for children of the city and county. Exhibits will be scientific and educational, rather than commercial, academy spokesmen stated.

Hours for the public will be 3 to 10 p.m., Mar. 25 thru 27; 10 a.m. to 9 p.m., Mar. 28; and 1 to 6 p.m., Mar. 29.

Construction Addition

Eugene Harrison, 2040 Reese-av, has obtained a permit for the construction of a two-room and bath frame addition to a dwelling in Hamilton Township. Contractor is Charm Builders, Inc., 3911 E. Broad-st.

ESTATE ANALYSIS

One of the most important services which a life insurance agent can provide is an estate analysis. This affords the policyholder an opportunity to make sure that the best possible use will be made of his life insurance estate.

With the proper estate analysis, you can be assured that life insurance will provide your wife with sufficient cash on hand to meet immediate expenses at your death, and that the remainder of your life insurance will provide her with an income for life.

I'm sure I can be of service. Why not give me a call? You will be under no obligation.

PIRATE PATTER

New Majorettes Chosen; Spring Plans Under Way

By HAN LONG

Majorette tryouts were held at Central, March 2, with 25 girls competing. New list of varsity majorettes includes: Donna Arledge, Joan Bussard, Diane Ellis, Karen Echelbarger, Sonja Gleason, Clara Locso and Saundra Matthews.

The 1959 reserve majorettes are: Tamara Hessler, Janet Hoffman, Sharon Robinson, Eva Thompson, Gail Terrey, and Linda Williams.

Los Amigos, Central's Spanish Club, is getting spring plans under way early. At the February meeting, ideas were gathered and committees formed for the Pan American Ball, a distant event of April 17. Ball started rolling with the election of queen candidates, Sandra Dierker, Saundra Mathews, Diane Ellis, Mary Peck and Penny Chovnick.

Dramatics Club, not to be outdone on spring plans, is already busy with production of "The Curious Savage," Central's spring play. Tryouts are starting this week for the play, to be held May 8.

March 9 marked the last day at Central for Jack Gibbs, teacher and assistant football coach. For the remainder of the semester, Gibbs will be with the Board of Education as a cadet, gaining experience in preparation for administrative work. He has been at Central since 1955, coaching, teaching history physical education and serving with the attendance staff.

A new staff of the "Outlook," Central's school newspaper, printed the first edition of the semester on March 4.

Permanent staff positions have not yet been selected, but acting editors for the first issue were Barbara Bolon, Pat Long, Judi Jewell and Rose Dunbar.

In charge of newspaper exchange with other schools is Janet Hoffman; Linda Powers is circulation editor and Bob Stegmiller, photographer.

New "Outlook" reporters are Betty Baker, Sandy Skinner, Diane Vincent, Emma Barnett Harriett Berman, Dennis Evans, Virginia Hill, Lee Reynolds Charlene Wells.

Cathy Bentley, Martha Ward, Karen Echelbarger, Rita Novielli, Joyce Edwards, Pat Davis, Carol Gramlich, Doris Sargent and Chuck Boulenger.

Now that Columbus store windows are blossoming with bright prints and gay colors, it is only natural that thoughts of spring fashions should arise. Central's Y-Teens are planning their new wardrobes with the help of fashion consultants from Columbus and New York City department stores. Guest speakers at the March meeting emphasized the use of a smile as a lovely accessory for new clothes.

Shrine Circus Expected To Attract 50,000 Fans

Some 50,000 fans are expected to attend the Shrine Circus at the Fairgrounds Coliseum starting Monday, Mar. 30. Thirteen performances are slated.

Director Ray F. Wagenhorst and his aides have assembled more than two dozen specialty acts in what he terms the most amazing display of aerial, acrobatic, clowning, animal versatility, horsemanship and feats of daring and comedy ever gathered under one roof.

A Saturday morning event starting at 10 o'clock is an added attraction this year.

Orphans and needy children will be special guests of Aladdin Temple Shrine at the 2 p.m. Wednesday matinee.

Matinees also are scheduled for 2 p.m. Monday and Saturday, and at 6 p.m. Tuesday, Thursday and Friday. Evening performances start at 8 p.m.

Virtually every act is new this year, Wagenhorst said. The notable exception is Victor Julian and his dancing dogs, back for the third time at popular request. The comedy act features antics of trained canines, each of which is garbed in the latest Parish ashion.

. . . AND THEY SAID IT COULDN'T BE DONE!

PICTURE SPOOF—Legends (especially among OSU students) have long declared that submarine races are held regularly in the Scioto River. "Sighted subs . . . shot same," announced our photographer when he brought in this "exclusive" from Broad-st Bridge. With a skeptical eye on the calendar, the editor decided it would be "fool-ish" not to print the picture for what it's worth.

'MEANEST MOTORIST'

Police Hunt Car Smasher

Columbus police detectives have taken over the search for the area's "meanest motorist."

They think the title fits him well, because of the evidence they have.

On the night of Mar. 23, autos of 16 Hilltop residents were smacked into by someone who apparently "meant to do it." In each case the damage was remarkably similar—usually a caved-in door on the driver's side, a gouge two and a half feet high, and gray-white paint rubbed off into the finish. Damage runs between $50 and $100 in most instances.

Hit-skip authorities worked on the case two days, but when the clues pointed to a "malicious intent" motive, the detectives were handed the job. For a while Juvenile Bureau investigators asked some questions in the community. Detectives Herman Stofle and Joe Bruno have been assigned to work the case, but report no success.

The following persons reported finding their cars damaged in the streets soon after 10:30 p.m., Monday of last week: Merle Stevens, 3060 Steele-av; Wilbur Norwood, 309 N. Eldon-av; William Briscoe, 130 S. Sylvan-George Grader, 128 Haldy-av; Raymond Capretta, 127 Haldy-av; Leroy Cordell, 38 S. Powell-av, Mary Jo Buckingham, 439 S. Huron-av.

Alain Brookey, 101 Sylvan; William Baker, Richardson and Westwood; Allen Boyce, 712 S Ogden-av; George Camlin, 260 S. Powell-av; William Corchinski, 137 N. Harris-av; Norman Weatherby, 156 N. Powell-av; and Bill Grace, 271 N Burgess-av. Two others called in later.

Studying the evidence, Detective Sgt. Paul Fulton said, "It appears that someone in a light colored car, or possibly a truck, zig-zagged down a street for a while, then drove on to do the same trick again a few blocks away."

Other clues were meager. Some said they thought the car had a loud exhaust. Others observed that many of the owners are parents of West High teenagers. Bill Grace, irate at the vandalism, tried to form a reward fund, but was declined by most of the victims who are leaving it up to their insurance companies.

Meanwhile, the detectives would like more "leads" . . . and a motive

'DELIBERATE TRICK' — Bill Grace, 271 N. Burgess-av, points out the smashed door on his new car, one of 16 such cases which police believe was caused by one vandal in one evening. Replacement of the door will cost $100, Grace learned.

Jones Seeks Commercial Zone Grant

E. Gomer Jones who is selling out Sullivant Avenue Airport to a housing developer, may have plans of his own for the 600-foot Sullivant-av frontage he is keeping.

He has asked the City Planning Commission to zone it for commercial use when they approve Fritsche Co. subdivision plans. The company hopes to build 400 homes on the 82-acre airport site before the year is over

Planners last Thursday decided to take more time to study the request. A decision is expected at the next meeting, Apr. 8.

Jones declined to say what type of construction he might put into the frontage, but said the expected jump in population would stir up demands for service. A Fritsche spokesman agreed that commercial zoning would be compatible with their plans.

He also said the name "Holiday Hills" was hastily applied to the project and probably would be changed to something else.

Items ranging from discarded clothing to worn-out electrical appliances, from furniture to newspapers and magazines, will be collected by the national social welfare organization which helps the needy "without regard to race, color or creed."

Used material of every type will be picked up by Volunteers of America trucks upon receipt of a phone call to CA 4 8650 or CA 4 5665.

"The items will be examined sorted and repaired and then distributed to the needy" said Lt. Col. Harriett McDonald of the Columbus post, 979 W. Broad-st.

APARTMENT-PARK SITE CHOICE NARROWS DOWN

STILL FAVORED — This area looking northwest from Sullivant-av and McDowell-st) remains the choice of the City Planning Commission for location of a $2.5 million housing and recreation facility for low-income aged persons. Twenty-six parcels, about six of them businesses, are now in the area. Some city officials objected to blocking traffic off the two visible streets, but are now working to arrange a suitable by-pass. Recreation officials balked at a suggestion to build the Columbus Metropolitan Housing project on Sunshine Park land (portion in left foreground), saying it would greatly crowd the park. Acquisition of packing plant acreage farther to the south to expand the park was found to be "financially out of the question" this week.

Busy Easter Egg Hunters Pick Parks Clean . . Fast

Hordes of happy youngsters, swarming over local parks last Saturday, managed to find in minutes the thousands of eggs painstakingly hidden by service club members.

Crowds of small fry under eight years were estimated to be 600 at Glenwood, 400 at Westgate and nearly 1000 at Sunshine Park.

Valuable prizes were awarded those who found especially marked eggs, and everyone received colored or chocolate eggs.

Egg hunts sponsored by Hilltop Lions and Kiwanis Clubs at Westgate and Glenwood Parks, were coordinated by Hilltop Community Council.

Two eggs, marked with HCC at both parks, were exchanged by those who found them for prizes.

Caprice Lynn Stacker, 870 Wedgewood-dr. Apt. 9 took home an Easter bunny doll, and Jenny Kay Izzie, 446 S. Huron-av, a chocolate rabbit from Westgate Park.

Winners at Glenwood were, Wendell Toney, who claimed a stuffed rabbit and Mike Kaylor who won a chocolate egg.

A tiny little boy, joining the hunt, wore a card on his back with his name, Ronnie Phillips, and Nashoba-av address. A note from his mother said, "If lost, please return. He's my most precious possession.

Magicians entertained the children while they were assembling before the hunt, and again when they were finished.

Girl Scout Troop 234, under the leadership of Mrs. George Ralph, 938 Wiltshire, helped keep order at Westgate, and distributed chocolate bunnies to youngsters.

Members of Troop 284 assisted with the event.

Franklin Village were transported to the hunt at Glenwood by the Kiwanians Bill Jones and Robert Cassell. Mrs. Bruce Tanner, Kiwanikwe member, arranged the treat for the children.

Ten small hunters at Sunshine Park, exchanged the especially marked eggs they found for cash prizes.

Four-year-old Skider Jordan, 908 W. Gay st was the lucky finder of the gold egg, valued at $5.

Those finding silver eggs worth $1 each were, Charles Bolden, 524 Mt. Calvary; Bernard William, 316 Highland, Mike Dorcy, 707 Scott-st; Ken Cummings, 274 S. Grubb-st.

Debbie Noble, 839 Thomas-av; Larry Nichols, 650 W. Rich-st; Patricia Allison, 258 Whitethorne; Mike King, 270 S. Broad-st, and Richard Balling, 42 Hawkes-av.

West Side Board of Trade sponsored the egg hunt at Sunshine Park, in cooperation with the City Recreation Department and Boys Club staff.

On Friday, April 3, it will celebrate its tenth anniversary.

WLW-C Ends Tenth Year Of Operation

WLW-C, pioneer television station in Columbus, will celebrate its tenth anniversary Friday, Apr. 3. The Channel 4 station signed on the air at 3 p.m. Apr. 3, 1949 as Channel 3, with a staff numbering 18 people. The Channel was changed to 4 on June 28, 1953.

Today, one decade and more than 60,000 program hours later there are still six of those initial staffers connected with the present personnel of 99 after 10 years of continuous service. They are James Leonard, general manager of WLW-C and a vice-president of Crosley Broadcasting Corporation, veteran of 29 years in the broadcasting media; Charles B. Sloan, chief engineer and designer of the building housing the TV studios; and engineers Charles Widney, Robert Kreis, Fred Distelzweig and Victor Kutzley. Mrs. Juanita Michell is one of the original staff who had interupted service but is back in another capacity.

When WLW-C began telecasting in Columbus, there were only 88 television families in Franklin County; today there are 550,000 in WLW-C's coverage area. The station averaged 40 hours per week on the air at that time; today its week's programming totals 139 hours.

The original staff, housed in offices in the Seneca Hotel, did everything from packing and delivering film to running a hand ditto machine — a far cry from the departmentalized operation of today. The present studio building at 2185 Olentangy River Road was completed on Sept. 14, 1949.

WLW-C was the only TV station on the air in Columbus until the coaxial cable came through on Sept. 25, 1949. When the cable was completed WLW-C joined the NBC network for "live" programming from New York and Chicago.

Morning telecasts from WLW-T Television in Cincinnati and network telecasts were inaugurated within a space of two weeks during September, to augment the daily schedule of local programming which originated from the station itself.

During the first months, all NBC network shows were programmed on a delayed basis through the use of kinescope (special TV films).

BIBLE COMMENT

Day Of Glory And Triumph Comes Easter

The Resurrection — the triumph of love and goodness over hate and evil—the vindication of all that the Master said and of all that He is, is with us, today.

Easter is an eternal beginning, a spiritual beginning for all mankind.

In obedience to the great commission to go forth into all the world and preach the gospel to every creature, 20 centuries have come and gone, but Easter remains the glorious affirmation of the faith in Jesus.

Greater even than the outward power of churches and organizations is the mystic fellowship of all believers, who have taken to themselves the Christian name, and who have sought to live according to the teaching and example of the Master.

The evil that Jesus fought, and which crucified Him, is still abroad in the world.

But it is foolishly easy to underestimate the power of good, the forces of righteousness and the strength of Christian progress.

The power and impluse of Christianity are not derived from the past.

As Easter reaffirms, Jesus lives, and leads. He lives and leads in every devout soul whose daily life is attuned to love.

He lives in every service to one's fellow man.

He lives in missionaries, in the home, in industry; He lives wherever men carry Him in their hearts.

In a world where there is so much evil, it is good to know that Easter is always with us in those who sincerely and devoutly follow in His footsteps.

INSIDE ON THE Outdoors

By ROD COCHRAN

The first day of April is customarily a day of fun and high jinks—a day to beware. But to fishermen it's a sign that the streams and lakes will soon be calling.

Fish are biting, or soon will be. Bob Strohm, 1590 Haft-dr. Reynoldsburg, has already made his first catch of crappies at Hoover Reservoir.

Crappies are usually the first to attract anglers in the spring. The first couple of days that the air temperature reaches 60 degrees or above, they start to hit. Bullheads are quick to follow on bright, sunny days—good catches are being made now at Buckeye Lake.

Even though the big surge in fish activity occurs very late in April, or more often in May, April Fool's day singals the start of fishing in Ohio.

If you fish at this time of year, you must fish slowly. Artificial lures are not very effective, and even then you must nudge them along the bottom. The best baits for early season fishing are minnows for crappies, and the old stand-by worms for bullheads. Few bass are taken as the starting gun for the season sounds, but an expert can catch some, particularly after a warm rain, if he fishes in shallow water.

Some Anglers Are Hardy

For the most part, however, bass fishermen bide their time until the last week in April or early May. Crappie fishermen are a courageous lot who bundle up, fill a Thermos with coffee, and go fishing at the first sign of sunshine. Sometimes the changeable April weather will douse them with snow, but they keep on fishing anyway.

An early spring bullhead fisherman is a hardy soul too. He will often build a fire to keep himself warm. If the fish are bitting often, he will throw more wood on the fire and stay all night.

So, as April begins, we welcome another fishing season.

Fishermen in this area will again have the opportunity to participate in the annual Hartley Newspaper Fishing Derby. It will be bigger and better than ever this year with more prizes and surprises. Watch for announcements and lists of prizes.

Westinghouse Attains Highest Safety Record

Employes of the Westinghouse Electric Corp. set a new "on the job" safety record in 1958 by making it the safest year in the company's history, a report showed this week.

The Columbus plant was one of eight in the company to receive national recognition for working more than one million man hours without a disabling injury.

Free Glaucoma Clinics Set In Neighborhoods, Apr. 7-11

In an effort to stamp out faulty vision and, in many cases, eventual blindness, a glaucoma survey will be held in the city and Franklin County from Apr. 7 through 11.

Cooperating are city, village and state health departments. The project is approved by the Columbus Academy of Medicine.

At temporary clinics in various neighborhoods, free eye examinations will be offered to all over the age of 40.

The examination takes only a few seconds, it's painless and free, according to Dr. Ollie M. Goodloe, Columbus health commissioner.

Glaucoma is the leading cause of blindness among American adults. One out of eight blind persons is a glaucoma victim.

Results of the examination will be immediately available for those who visit the clinic units. Those whose diagnosis is positive will be asked to see the ophthalmologist of their choice.

Following is the clinic schedule in the Hartley Newspapers

Apr. 7—Godman Guild Community House, Columbus Health Department, South Side Settlement House, Whitehall Fire Department, 2530 Sullivant-av.

Apr. 8 — Groveport Fire Department, Charity Newsie Hall, Columbus Health Dept., Bexley Methodist Church.

Apr. 9 — Gladden Community House, Bexley Methodist Church.

Apr. 10 — Reynoldsburg Fire Dept., Maple Grove Methodist Church, Great Southern Shopping Center, Great Western Shopping Center.

Apr. 11 — Gahanna Fire Dept., Grove City Fire Dept., Whitehall Fire Dept., Great Southern Shopping Center, and Great Western Shopping Center.

Revamped Awards System In Operation At West High

Is a stack of athletic letters of any value to a boy? Are rigid training rules necessary to keep high school athletes on the winning side of the ledger?

These are but two of the posers that have prompted revaluation of the athletic program at West High School.

Acting on criticisms that school spirit was "too low" and that West's sports championships were dropping off in recent years, the coaches got together with Principal Robert Darrow. That was about a year ago.

From this brainstorming session, a new awards system and code of ethics were drawn up. They were put into effect last September.

The faculty agreed that it had been a waste to issue more than one varsity letter in any one sport. "A boy can afford just so many sweaters to sew those 'W's' on," they said. So now if an athlete is fortunate and rates additional honors in a given sport he may apply "inserts" to the letter he has. He will also get a certificate. He can, however, earn more letters in as many other sports as he shows talent.

If "Joe Athlete" earns the traditional letter three years in a row, he now gets a trophy. These are more treasured and more permanent mementoes, the officials believe. "The wearing time of a sweater is simply too short," they said, adding, "Boys going on to college seldom wear their high school letters."

From now on all West letters will be alike. Reserve teams will have as the first award a set of numerals, the second will be a certificate. (All sweaters are purchased by the boys the principal said. Junior High will follow the same setup, but no boy may earn a junior and senior high letter in the same sport in the same year.

Awards requirements in the reserve and varsity are identical excepting in track. Trackmen must average three points (two for reserves) per meet, duel and triangular meets, or place in the city or district meets.

For football it's 50 percent of the quarters; basketball, 40 percent of the quarters; baseball, half of the innings (or a third of them for pitchers); golf, half of the matches; cross country, seven points or less in duals or triangulars in relation to other West team members.

Any boy who is kept on any squad for three years may win a varsity letter the third year. Special awards include . . . the Noble Allen Award for the outstanding sophomore trackster; the Mounts Award for the outstanding junior scholar athlete; the Agonis Award for the senior with the highest scholastic average and the equivalent of four letters; and the Miles Award which is a general one for the varsity football player showing the greatest improvement.

• • •

Training rules simply must be if a school is to excel in sports, the principal and coaches agreed. Following is a condensation of some of them which have been posted on the walls of West and carry the signatures of Mr. Darrow, and Coaches Rufus Glass, Fred Heischman, Bill Schmitter, Bill Brown, John Butler, and Charles Meyers:

• Smoking or drinking — on first offense, dismissal from all sports for one year. Second offense — end of high school athletics for the individual.

• Eligibility — only six semesters in either junior or senior high; must pass three major subjects before competing, and three while competing. Age limits, 17 for junior, 19 for senior high. Transfers and their eligibility at previous schools will be accepted.

• Willful absence from practice or school — can lead to dismissal or suspension from the school. Conduct also counts.

• Stealing of equipment means forfeiture of honors and a demand for repayment.

The new code also insists that school spirit involves more than mere yelling at a pep rally or game. It includes care of equipment and building; attendance and promptness at school and athletic contests; pride and courtesy to other students and teachers; and a show of good sportsmanship, whether as a player or spectator. Letter sweaters should be worn at all important school events, the coaches believe.

The posted bulletin appeals to students to have a genuine belief in the values of school and education, and summarizes with: "You have not done your best until you have done all that you can . . . champions are ordinary boys with extraordinary desire and ambition, who are not afraid to work for success."

Not a bad slogan for any age or occupation, is it?

SPORTS of SORTS

Compiled By Bob Wilcox

Last meeting of the Ohio Valley Football League accomplished very little because an unexpected "hot potato" was thrown in their laps — and time was needed to study the new proposal.

It was proposed, with the guarantee of three new teams in the league if adopted, that the maximum weight limit be reduced from around 170 pounds to 150. This poses many problems especially to the four teams definitely in the league (and some others proposing to join) because they might lose some good personnel, especially older boys for whom the league was originally intended.

League officers urgently request that every team in the league (or interested in joining) send at least one, if not more, official representatives to the next meeting, Saturday, Apr. 11, 7:30 p.m., in the Valleyview Council Hall.

The issue will be settled by a vote. Age limits may also be discussed.

A constitution, with changes, was drafted at the March meeting, but the unexpected "... derbolt" disrupted the agenda. League officials believe that it will cost approximately $200 per man to equip each player next season.

Hawks Out For Bear Again . . .

Undefeated and unscored upon in the Bearcat Football League last year, the Westgate Hawks are getting set to meet a tougher challenge next fall.

The local lads, who won two-state title by beating Kentucky last Thanksgiving, have announced an intensive five-week training session this spring, beginning Monday, Apr. 6. There will be four practices a week.

Final details are to be wrapped up at an organization meeting next Saturday, Apr. 4, 10 a.m., at Westgate Park Shelterhouse. Any interested Hilltop boy, who will be 15 or under by Sept. 1, weighing no more than 115 pounds, is invited to the session.

Coaches are Dennis McDonald, 2753 St. Patrick-rd; Gary Links, 2182 W. Mound-st; Karl Fulton, 321 S. Wheatland-av.

McDonald, a former West High grid star, said the Hawks have a harder job facing them next fall because the league will consist of two divisions. Older and heavier boys, including material from Sunshine and Wheatstone Parks will be on hand, he said.

TV Puts Finger On 'Dirty' Football

Football has been very much in the news of late, even if not actually played . . . on every phase from the hiring and firing of coaches to the pro draft. I clearly recall the "roar" created by Woody Hayes last fall when he charged rough and dirty playing and lack of tight officiating. He issued a second blast after the Indiana game that really shook 'em up.

Woody always claimed that the movies bore him out and now there's even further proof in his behalf. I have friends who are taking classes on campus, necessitating the observing of these football movies. They tell me after watching the Indiana game that the rough tactics are right there on film in "black and white".

Television can't quite give one the true thrill of being present, it does quite often give a much better "seat" for details.

How many of you have watched those close-up shots of "pile-ups", some gang-tackling, some not, via your TV screens and suddenly observes those knees or arms being used 'improperly' to say it mildly?

As I watched Saturday afternoon college games and Sunday Pro games, it became quite apparent what a "ring side seat" the TV set was for observing things not always seen or intended to be seen by the fan in the stand.

Perhaps more commissioners and officials should observe these games this way. Not for immediate penalty infraction calls, but post-game measures that would correct a situation (deal with an individual perhaps).

Sometimes you will even see an official standing right beside the play-pileup and wonder why he doesn't call something. Agreed you can get too close to something and thus miss some of the action.

The fan sees this most commonly in basketball where an official in the back court may suddenly call an infraction in the front court (seemingly under the other official's nose), but the front court man may be blocked off and an "alley" opens up and shows the other trailing man the action going up "down under."

NEWMAN, MOYER RATE ALL-JUNIOR HIGH TITLE

Two local corners in basketball reached a high plateau in school athletic honors last weekend.

Named to the All-Junior High team were Hilltonia's Dwight Newman and West's Dennis Moyer. They were placed on the Southern Division dream squad. Both boys are taller than six feet. Newman, at 6'2", topped the entire aggregation.

Locals winning places among the honorable mentions were Bill Hunter of Hilltonia; Don Poling, Starling, and Llewelyn Coles, West.

Both boys are selling Junior Jet badges for fifty cents each. Sales began Apr. 1. Badge holders are entitled to see most of the Jets home ball games free when accompanied by an adult.

FEELING LIKE CHAMPS

GOLDEN GLORY—Championship laurels in the form of a golden trophy were awarded recently to the Franklin Heights football team. Falcon stalwarts tied for first place in the South Central Ohio standings with Washington C. H. Co-captain of the gridiron contingent, Doug Cox, left, and Coach Tom Elliott, share admiring glances at their emblem of supremacy. Co-captain Tony Royer was not present for the picture.

CONVENIENCE—West Columbus area residents find the local Goodwill Industries collection booths a real convenience for disposing of salvageable items. They are located at Central Point and Great Western Shopping Centers and Big Bear market parking lot, 2335 W. Broad-st.

Goodwill Industries Depend On Local Collection Booths

Officials of Goodwill Industries this week praised local residents for their contributions of discarded articles via neighborhood collection booths.

Rev. George Morey Evans, executive director of Columbus Goodwill Industries, said "the overwhelming endorsement given the Industries recently by the Academy of Medicine in its survey of voluntary health agencies, was largely a result of cooperation by patrons of the collection booths."

The academy report noted that the agency requests only a small amount of its total budget needs from the public. The rest of the money comes from the production of handicapped workers.

"It gives me real satisfaction to watch shoppers deposit these materials, said Mrs. E. B. Scanlon, 1163 Richter-rd, member of the Women's Auxiliary of Goodwill Industries. "They will give many hours of employment to the folks at our plant on Edgehill-rd."

Rev. Evans added, "Only as the public continues to save discarded materials for Goodwill trucks, or places smaller items in the booths, can Goodwill Industries continue to pay wages to these handicapped."

A housewife who recently contributes is Mrs. Ruth Smith, 28 Letchworth-av. "We find it so convenient to take our items to the booth in the Big Bear parking lot (2335 W. Broad-st)," she said.

"And the proposition works two ways," related Mrs. Raymond Pope, of 81 Lawrence-dr, New Rome. "While we are ridding our homes of unused articles it's a pleasure to know we assist in rehabilitating the handicapped."

Food Markets This Week by Mrs. Estelle B. Franks

Meats and Poultry — pork loins, ground beef, fryers, large [illegible]

Vegetables — celery, endive, escarole, potatoes, frozen peas.

Fruits—grapefruit, pineapple, apples, canned apple products.

APRIL'S FOOD BASKET

Pork tops the list of foods due in plenty on April markets, according to the U.S. Department of Agriculture. From Easter through April, heaviest pork supplies are expected, so you can look for week-end specials in hams and pork loin roasts. Prices of bacon, already down in many markets, will continue so.

Other bountiful for main dishes will be eggs and broiler-fryer chickens. Egg prices are expected to continue reasonable and hens will increase their lay rate in the next few weeks. The large sizes will continue to be the best buy.

FRUITS AND VEGETABLES

Apples now on the market are out of storage—from Ohio, as well as from eastern and western states. These apples are good, but will not hold their quality long when brought into warmer temperatures. For best results, buy in small amounts and keep them in the refrigerator.

Also, consider ready-to-use apple products for your menus. They are in good supply now, for much of last year's bumper apple crop went into products as applesauce, apple pie filling, apple juice, and many more. You'll find their prices reasonable compared to other years when crops were smaller.

You can count on plenty of grapefruit and fresh pineapple at reasonable prices throughout the month.

Fresh vegetable situation — it's too early yet to determine the extent of damage to fresh vegetable crops in Florida as result of heavy rains and wind in the past week. Quality and prices of beans, peppers, cucumbers and Florida tomatoes will be variable in the next few weeks.

weeks. There will be tomatoes from Cuba and Mexico of good quality.

In spite of unfavorable weather, supplies of new cabbage are expected to increase, since it comes from many states at the same time during the month of April. There'll be plenty of good salad items as celery, escarole, endive and Bibb lettuce.

Two vegetables we are all glad to welcome back are local greenhouse tomatoes and asparagus. A few greenhouse tomatoes are on the market now at first-of-the-season prices. Warm sunny weather and asparagus come together. If we have enough sunshine, local producers will start harvesting this month, although the peak of asparagus production always comes in May. April is still hothouse rhubarb time . . . with outdoor-grown rhubarb coming along at the last of April.

Other items to keep on your food shopping list are canned peas, potatoes, walnuts, honey, dried beans, peanuts and peanut products. Also, lots of lard for homemakers who make their own pastry or biscuits.

Milk production in April will be close to its seasonal high, and large quantities of the seasonal surplus will be made into butter and cheese.

Piave Benefit Dinner Dated Sunday, Apr. 12

Piave Club, Piave Auxiliary and Piave Juniors will hold their annual spaghetti dinner on Sunday, Apr. 12, at Presutti's Villa W. Fifth-av. Serving will be from noon to 7 p.m. and is open to the public.

Others on the committee include: Anthony Salvatore, William Giovanello, Fred Presutti, Richard Dipaolo, Nick Savko, Joe Fody.

From the auxiliary, Mrs. Chester Croce, Mrs. Vincent Defelice, Mrs. Margaret Gaudieri, Mrs. Dominic Abbruzzese, Mrs. Dario Dipietro, Mrs. Anthony J. Salvatore.

Assisting from the Juniors will be Rose Anne Del Greco and Pattie Jerome.

Writer Blames Immoral Books

The following article is one of a series written by young people of Hilltop Ministerial Association member churches, encouraging good, clean literature.

By Sharon Amore

People are always wondering why there are so many juvenile delinquents. But do they know that they have as much to do with it as anyone?

"Teenagers today are vulgar and immoral. Why in my day . . ." Why?

Have you seen the smutty magazine racks? It seems that everyone is confessing something to everybody that they should be ashamed to admit even to God Almighty!

The Church is criticized because of this. The more literature and good works the Church puts forth, the more obscenity is marketed!

What will we say, when we meet our maker?

Novena Series Starts Monday

A new series of the Miraculous Medal Novena will begin Monday, Apr. 6 at St. Mary Magdalene Church, Parkside at Roys-av.

Rev. George A. Buchmann, will conduct the series which will end Monday, June 1.

Hilltop Teen-Ager Recovers From Open-Heart Surgery

Jacqueline Stamper, 15, is home from Children's Hospital with a hole in her heart closed for good.

Jacqueline, daughter of Mr. and Mrs. Orville Stamper, 120 N. Terrace-av, underwent open heart surgery Mar. 18 to correct a defect she was born with, a hole in the wall between the two auricles, or upper chambers, of her heart.

In the four-and-one-half-hour operation, a Children's Hospital Ohio State University heart team opened her heart and closed the hole.

For 18 minutes she depended on a heart-lung pump for her blood circulation and pressure, but it was not necessary to arrest heart action because of the comparatively low pressure in the auricles.

Heart program at Children's Hospital, embracing surgical and medical treatment for both acquired and congenital types of heart disorders, is made possible by support of a number of organizations.

These include the Bremer Foundation, which has provided help in reasearch on the heart-lung pump and other equipment; Kinder Key, interested in diagnostic phases; Columbus Alumnae Chapter of Alpha Phi Sorority; membership philanthropy and private donors. Red Cross provides blood.

Children's Hospital provides physical facilities and hospital equipment.

Work is done in cooperation with the College of Medicine, Ohio State University.

Swap Of School, State Property May Provide Office Site

Negotiations opened Tuesday for the possible trade of school property for state-owned land that could result in construction of a new state office building on Central High School's site.

Darold Greek, chairman of the State Office Building Commission, reported to the school board that Governor DiSalle, conferring with the commission Tuesday morning, had pointed out that funds were available only for a building, not for a site.

The Governor suggested, Greek continued, that "The only way planning for the building could continue would be for the state to trade property of equal value."

The board was asked to explore the possibility of relinquishing either the northern portion of Central's site along W. Broad-st, or the entire property, excluding the building and the land on which it stands.

Three Parcels Available as Trade

The state has available for trade, three parcels of land. They are, portions of the State School grounds, the old State Blind School on Town-st in back of the library and the old State Deaf School, Main-st, at Parsons-av, now occupied by the State Highway Patrol.

Greek explained the state could offer an entire parcel of land, or a portion of one or more than one, in combination to equal the city school-owned property.

A spokesman for the board, recalling that the state had expressed interest in Central High's land in 1953 and 1954, recalled the property and building had been appraised at that time for an approximate $11 or $12 million.

Ebling Cites City Interests

Dr. Ebling, superintendent of schools, received the proposal and pledged that it would be given full consideration.

He pointed out that, "We are citizens of Ohio and are keenly interested in the state's problems. But primarily and foremost, we are citizens of Columbus, elected to protect the interests of public education and would most certainly defend the rights and interests of Columbus."

Dwight Swisher, president of the Board of Education, said the matter had been referred to the building committee, with a request that the group, headed by Chairman Frank S. Williams, study the proposal.

Swisher also pointed out that the plan would be studied carefully before any decision was made.

Why Spend Money When Not Necessary?

There seems to be indications that the proposed new state office building is on the MUST list for the vicinity of Central High School.

A recent proposal has been made that the state trade some land elsewhere for some of the Central property. This is a matter that the board of education should look into very carefully before approval.

Such a plan would make it necessary to break up the present complete educational unit of Central. It would in all probability end up costing Columbus taxpayers a considerable amount.

Furthermore, with the present traffic problem caused by the location of Veterans Memorial Hall on the river front—just try to vision what the problem would be like with the addition of another large concentration of workers at a site directly across the street.

A look to the future shows that housing projects proposed for the West Side will provide an increased number of youngsters in that area, thus making Central High all the more important to the area.

We have always said the state should use the high priced farm land on West Broad street owned by Columbus State Hospital and State School for additional office buildings. The idea has more merit today than it has had for a long time.

Youth Work in County Needs Financial Support

When the biennium appropriations are approved by the state it is hoped there will be no further reductions in the amount asked by the Ohio Agricultural Extension Service.

Already the governor's committee on appropriations has lopped some $70,000 from the budget thus eliminating the addition of any new personnel on the staff this year. Further reductions would play havoc with the present program of the department.

Youth work in Franklin and other counties would suffer to a great extent if further cuts are forthcoming. One of the major services of this department is that of the 4-H organization. The youth of rural Ohio deserve the best in performance of this fine program.

Hats off to those two West High students for their fine accomplishment at the recent Distributive Education Convention at Seattle, and a mighty fine word for the staff at West, especially O. D. Westinghouse Adding New Supply Depot

EXPANSION MOVE — Seen at the upper right is the location of a new supply depot which is expected to be under roof at the Westinghouse Phillippi-rd plant before the end of the year. A force of about 125 will be employed in two shifts.

Westinghouse Electric Corporation will erect here a giant new supply depot for appliances and television to serve the eastern United States.

John W. Craig, vice-president and general manager of the electric appliance divisions, said the 400,000 square foot building will be just to the east of the present Westinghouse major appliance plant on ground already owned by the company. An overhead conveyor bridge, 50 feet in the air, will link the appliance assembly lines directly to the new depot.

Contracts will be let shortly and construction is expected to be completed by the end of the year.

Second Growth Move

Craig's announcement was the second in less than two months revealing Westinghouse growth anticipated this year. This summer the company will transfer production of four products from Massachusetts to the local plant. As a result, several thousand more workers will be added to the payroll, officials said.

The warehouse is expected to reduce by one third the time required to deliver appliances to dealers, to eliminate multiple handling of merchandise, and to cut substantially the size of inventories required at the distributor level.

For the first year or two of operation, Craig stated, the depot will serve as a distribution outlet to points east of the Rockies for consumer products including both major appliances, such as refrigerators, ranges, laundromats, dryers and television receivers and portable appliances. At a later date, additional items from the apparatus and general products divisions may be included.

"The supply depot," the vice-president pointed out, will serve as a mixing point for Westinghouse consumer products manufactured in New Jersey, Massachusetts and Mansfield and Columbus, O.

Factory warehouses at Mansfield and Columbus will continue to stock sufficient inventories of all products to enable them to complete the loading of carloads with other

West High Students Win National Titles

At the same time that Academy Awards were handed out on the West Coast, two West High distributive education students were bringing back "Oscars" of their own this week.

At a leadership conference of Distributive Education Clubs of America in Tacoma, Washington, Apr. 1 to 4, Leslie Wilson, 2977 Palmetto-st, was named "National DECA Student of the Year." Nancy Steele, 84 S. Harris-av, was elected national secretary.

Leslie's honor carries with it a $1000 cash award, which he will pick up May 29 at a National Sales Executives club convention in New Orleans. He also received a plaque and a permanent trophy for his school, and will likely be given various scholarship offers. Next fall he plans to enter the College of Commerce at Ohio State.

Nancy, who is also Ohio DECA secretary for the coming year, will attend national leadership conferences in Washington D. C. next August and later at Kansas City.

After passing preliminary ratings in scholarship, sales ability and personality, Wilson was given three lengthy interviews by prominent business

SHOEMAKER 54 YEARS . . .

Papa Salvatore, 80 Sets Up Shop Here

By Betty Daft

James Salvatore veteran shoemaker, may have bowed to progress but he is far from ready at age 80, to concede defeat to advancing years.

The oldest merchant on Goodale-st, Salvatore operated a shoe repair shop and variety store there for 54 years.

Forced to move by slum clearance and expressway, he has purchased the building at 2733 Sullivant-av and will soon be back in business on a larger scale than ever.

The Italian-born immigrant, with but four years of formal education, has achieved life goals any man might envy... respect of friends, financial success, a prosperous business and a loyal, closely-knit family.

Salvatore has earned the regard of all who know him by "being straight with everyone obeying the law, working hard and minding my own business."

His own strict rules of conduct, imposed on his children, has guided five sons and one daughter through childhood in "the toughest part of town." They are now law-abiding citizens, each successful in his chosen profession.

Shoemaker At Seven

Hard work and self discipline have been the basis of his life since he began his shoemaker apprenticeship at seven. He remembers, while still a youth, "I worked from 5 a.m. to noon in the shoe shop, practiced with the town band from 1 to 4 p.m. and then, back to work until 9."

Arriving in this country in 1901, it took three long years of work as a laborer in the quarry and on the railroad, living in boxcars and doing his own cooking, to save money to send for his wife and baby son; and to open his own shoe shop.

His five sons were all taught the shoemaker trade from their father, as he learned it in Italy. Their training started with taking measurements of a foot and building, last and all, a complete shoe.

Each always understood, though, that he would not be required to follow the trade, but could choose his own way in life.

His sons, discussing a childhood of strict discipline and much love, speak about their father's complete control of their activities. "We knew we had better be, always, within hearing distance of his whistle, and when we heard it we ran, not walked, home.

Needs Family Affairs

"He still has that control,

MOVING DAY — Pausing in the hustle of "moving shop," James Salvatore answers the question of grandson, Jimmy about a shoemaker's tool he brought from Italy in 1901. A son, Joseph, viewing the familiar scene is associated with his father in business. Children and grandchildren alike are giving Papa Salvatore a hearty assist in setting up shop. He moved from Goodale-st after 54 years.

Week At West Is Eventful

A crowded calendar of social and school events at West High makes this week one of the year's busiest for students and faculty.

"Council Capers," presented Tuesday, will be followed by two featured affairs of the year, Career Day and Guys and Dolls Day, both planned for Friday.

Representatives from nearly every profession, with the exception of "butcher, baker and candlestick maker," will be present at the school Friday morning.

Day will begin with a kick-off assembly for senior High students. Dr. O. A. Maxfield, minister of First Community Church, will address the group.

While junior high students attend regular classes, senior high pupils will attend the career conference of their choice.

Authorities from 54 fields will address groups of students who have expressed their career interest.

Largest number of student registrations is for the stewardess workshop, with 116 requesting information.

Others range through mechanic, nursing, police work, stenographer, engineering, clergy, psychology and teaching to real estate with only nine registered.

Hilltop Kiwanis is responsible for securing conference speakers. Each of the vocational fields was chosen on the basis of popularity with the students.

Students will be dressed in party best Friday, in observance of their spring Guys and Dolls day.

Announcement of a guy and and doll, elected from a slate of candidates, will be made at lunchtime.

Senior high candidates for the honors are, Susie Harvey, Helga Schartz, Judi Robinson, Janet Roberts, Janet Gove, and Jim Willis, Pat Williams, Bob Thornton, Dan Morris and Ray Horky.

Junior candidates are: Jerry Mider, Tom Alban, Jerry Ball, Jim Cook, Denny Mayer, and Jeanette Bahn, Vicki Hixson, Sandy Malone, Sara Paini and Sue Ruffing.

Old Barracks At Greenlawn Fire Worry

Converted World War II army barracks still used for housing in the Greenlawn area drew the criticism of the Fire Department following a $800 blaze last Thursday.

Children playing with matches in a clothes closet touched off a fire that threatened three apartments at 1231 Deckebach-rd.

Mrs. Mary Goins and her five children were routed as flames claimed their furniture. Neighbors carried out possessions of the Albert Redmond and Hurley Price families next door.

Fire Chief Joe Cassel called the houses, "substandard tinderboxes," while Battalion Chief W. D. Wentzel declared they have outlived their usefulness and should be abandoned.

Russell Taylor, director of the Columbus Metropolitan Housing Authority said the project will be torn down within a year, as soon as a new project, Windsor Terrace, at Bonham and St. Clair-ave is finished.

Police Can't Find Auto Smasher

Police detectives have no substantial leads on Hilltop's mysterious "car bumping" case.

On the night of Mar. 23, autos of 16 residents were rammed from the sides while parked. Evidence pointed to a case of deliberate vandalism by one driver.

Sgt. Paul Fulton ruled out the possibility that a drunk could have caused the damage. "He would have either wrecked or sobered up before the job was finished," Fulton said. "We're inclined to think it was a juvenile prank."

HERE'S A GOOD DEAL FOR SUMMER PLEASURE

Norwood's Amusement Park today joins with the Hartley Newspapers to offer Columbus the biggest bonanza of the [redacted]

Through the cooperation of the two organizations, Columbus families will be able to enjoy the recreational facilities of the popular E. Main-st amusement park for little more than half-price.

Here's the simple plan for a summer of family fun: the Hartley Newspapers are offering ticket books containing $5 worth of tickets for the startlingly-low price of $3. The tickets will be good for the entire season for all rides and the miniature golf course at Norwood's [redacted] E. Main-st.

Now it doesn't take an electronic computer to figure out this means a reduction of 40 percent, quite a sizeable boost for that battered pocketbook of yours. And when you figure out the hours of fun your whole family will reap, you can see why it's the biggest recreation bonanza of [redacted]

Norwood's, completely refurbished after being struck by the flood waters of Alum Creek in January, is all decked out for your pleasure. Now open for its 18th season, the park offers an assortment of rides to suit the taste of both the venturesome and the meek.

The park will be open Saturdays and Sundays in April and May, opening daily thereafter. A feature of the park this season will be a completely new miniature golf course, being constructed to championship standards.

There is no restriction on the number of ticket books any person may purchase, and tickets may be obtained at either of the Hartley Newspaper offices, 2465 W. Broad-st, or 1543 [redacted]

Additional locations where the special tickets may be purchased will be announced next week.

Dennis was runner-up for the selection in 1957 and 1958. He was singled out for his leadership, club participation, attitude and scholastic records. He has been a member of the West Side club six years.

Board citations were given three adults, John P. Biehn, Pat Wood and Robert DeVictor. Biehn was lauded for 10 years of service as chairman of the personnel committee. Wood was cited for his work as vice-president and for giving Christmas parties in the West Side. DeVictor, president of the Fiave Club, was praised for 10 years of club work.

because we've learned to respect and trust his judgment. We all follow his decisions."

One son, Joseph, has remained with his father in the business and now does much of the more demanding work. He makes to order, as Salvatore used to, shoes for cripples and others who cannot wear conventional footwear.

Frank and Dante are co-owners of Salvatore Shoes at Central Point. Charles is associated with Windsor Motor Sales and Anthony is director of Godman Guild. Mrs. Helen Bowen, the only daughter, is choir director and organist at St. John the Baptist Church.

Saddened by the death of his wife two years ago and uncertain of the future, Salvatore returned to his native Italy last summer. He was dismayed at the rubble still left from wartime bombings and incredulous that rebuilding was not in progress.

The house where he had lived was a shambles and no attempt had been made at repair by the family living in the basement.

Salvatore's return trip to progressive America, his own country since becoming a citizen in 1917 was a happy one.

He describes the welcome sight of the status of liberty, with "I felt like a new man to be home again, where freedom is man's highest possession."

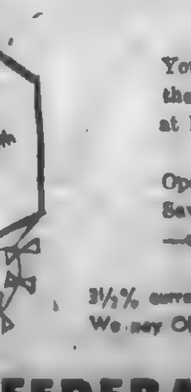
executives. He won out over 16 state-winner candidates for the title.

Much of the conference was devoted to workshops and contests in the field of merchandising. West High was unique in sending two state representatives. They were accompanied by O. D. Lehman, teacher-coordinator of the course now in its first year at West.

Leslie's work station is his father's J. C. Penney store in Great Southern Shopping Center. Nancy's is with Seiller's Department Store.



Commenting at the end of their 6,000-mile trip, Tuesday, Mr. Lehman said, "We certainly found a warm Western welcome at Tacoma. The whole city, preparing for its Daffodil Festival, had a festive air. Stores and shops all had welcoming banners out for us. People greeted us whenever they saw our badges. It was a trip we'll long remember."

The group had time to make one sightseeing tour.

State School Open House Dated May 3

The Columbus State School 1601 W. Broad-st will hold open house Sunday, May 3, for the general public and others who have specific interest in mental deficiency.

Although the complete program has not been arranged, officials said there will be guided tours conducted by the staff and the local Parents' Volunteer Association.

With the exception of the hospital areas, the institution will be open between 9 and 11 a.m. and 1 and 4 p.m. The new Diagnostic and Reception Center will be open to the public for the first time. This new facility, serving the entire state, is considered by many to be a progressive step in the care of the mentally handicapped.

The State School youths will give a band concert in the afternoon.

Other activities will include typical in-cottage or in-living unit programs by recreation and occupational therapy departments.

The academic school will be open and the teachers will be on hand to answer questions. There will be exhibits of handicraft and art work as well as the school work which is performed daily.

UA Director Ends Seven-Year Tenure

John J. Pipic

John J. Pipic, a Hilltop resident for most of his seven years as associate executive director of United Appeal, is resigning that post effective May 1.

He is to become associated with W. L. Denune, a custom home building firm.

At UA, Pipic assisted in directing the annual fund drive for 60 agencies, and was in charge of office administration. Giving increased 40 per cent during his tenure. He devised the accounting and records systems of UA which have been copied by several other cities.

His resignation was announced by W. Rex Davis, UA president, who cited the departing associate as a "capable executive who has done so much to forward united giving in Franklin County."

Pipic, his wife Mary Jayne, a Hilltop native, and their two children, Tom 9, and Janet, 5, lived until recently at 302 Letchworth-av. Pipic is active in youth activities of the Hilltop YMCA.

One-Acre Annex Awaits Approval

Petitioners have asked for approval of the annexation of 1.21 acres at the southeast corner of Josephine and Fremont-ave in Franklin township to Columbus.

The request, which now carries the okay of Mayor Sensenbrenner and Service Director Floyd Redick, will probably be presented to council in ordinance form next Monday.

than locally-made items.

"A major factor in the success of the appliance business," Craig continues, "relates to the ability to reduce total distribution expense between producing factory and the dealer and consumer. One of our prime reasons for choosing this location was based on the excellent transportation facilities and its geographical relationship to the many outlets in the Mid west, South and East sections of the country."

The building itself will be concrete and aluminum while an attached office building will be brick. When in full operation, the depot will employ approximately 175 people on a two-shift a day basis.

The Columbus depot will be the second in a series of major nationwide distribution centers set up by Westinghouse. The first at Ogden Utah, has been in operation since June, 1957 and serves the Pacific Coast Region, Alaska and Hawaii.

ONE PERSONAL LUXURY IS FREE

A telling thought is contained in the recent observation by Admiral Hyman G. Rickover, "father of the atomic submarine." He said:

"The sum of human knowledge grows phenomenally. According to available estimates it now doubles every 15 years."

That means that you may be as smart as all get-out at one time in your life and way behind the times five years later—if you don't keep learning.

A funny thing about this lifelong learning process is that just because you're older than someone is no sign you're smarter. Think carefully, now, don't the youngsters in elementary school have a better understanding of space probes, jet planes and even nuclear affairs than most of us adults?

From April 12 through April 18, thousands of communities throughout the United States will be celebrating the second National Library Week with its objective of "a better-read, better-informed America" and stirring slogan of "Wake Up and Read!" Both underline the same conviction: we cannot afford a nation of non-readers.

The free public libraries throughout the nation are not really "free," any more than the schools are free and for the same reason. The provision of books, like classroom education, is a prime responsibility of democratic government.

This has never been clearer than today when knowledge is the ultimate weapon in a new War of Ideas. Understanding of people and peoples has become the only hope for ending that war and avoiding a more real one; technical knowledge has become a simple necessity for survival.

Today's public library has become an information center for effective citizenship in addition to its role as sort of a cultural service station.

National Library Week is a time to reassess personal riches of mind and opportunity. It is also a time to explore through reading our own intellectual potentials; to develop readiness to adapt to the changes that an age of atoms and automation is bringing.

Though it can be an unparalleled source of entertainment, reading is not a tranquilizer, but a channel to new ideas and view points that can help Americans respond to the challenge of increasing leisure in a creatively satisfying way.

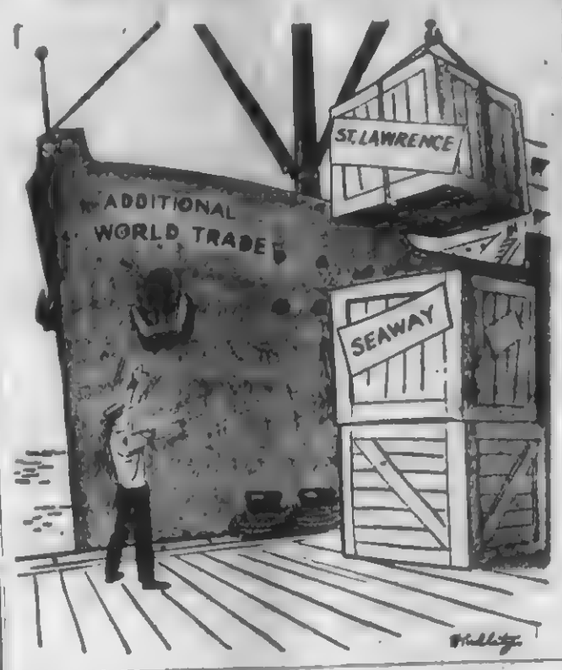
Your free public library card is perhaps the biggest bargain of your lifetime!

• • •

The highways of the nation continue to kill Americans without benefit of patriotism.

• • •

The faults of the younger generation stem from the faults of the older generation.



• • •

Many a man, too busy to help his community undertaking, is not too busy to loaf.

• • •

A happy spirit is the greatest possession that comes to man, regardless of his wealth or lack of it.

Realtor Week Observance Is Scheduled

Over 1,200 Realtors in Columbus will join some 65,000 Realtors across the nation in launching observance of Realtor Week, April 13 through 18, 1959, Cecil L. Neff, president of the local board announced today.

The special week, so proclaimed by the 49 governors and hundreds of mayors throughout the United States, is designed to inform the public of the lofty aims and high professional services of Realtors, he said.

Neff explained that a Realtor is a broker who is a member of the Columbus Board of Realtors and who is pledged to a strict Code of Ethics, which is based upon the Golden Rule.

"The standards of this code are higher than those set forth in our state license laws, and the local board is empowered to see to it that its members live up to its provisions. Those found shirking the code's terms face loss of membership," Neff declared.

TB Funds Drop In '58

Total contributions to the 1958 Christmas seal campaign amounted to $189,083, as of Apr. 1, the Tuberculosis Society announced.

Although the seal sale officially ended at Christmas time, all money received until April, the end of the society's fiscal year, is included in the grand total.

1958 contributions dropped two percent below the amount raised in the 1957 campaign and were 5.5 percent less than the goal of $200,000.

SALE BOOKED

Nothing is so relaxing as a good book when your day's work is done. Whether you prefer humor, sports, adventure, love, mysteries or whatever, the librarians at the Columbus Public Library will help you find books you'll surely like.

BIBLE COMMENTS

Psalmist Was Glad To Enter Lord's House

"I was glad when they said unto me, let us go unto the house of the Lord."

So writes the Psalmist, and that note of joy in praise and worship is expressed in many Psalms, and is typical of them all.

The Psalmist knew how to emphasize duty, fortitude in the face of danger and distress, and sadness in the realization of enemies.

They knew well the grim strength of faith under suffering and the certainty of death.

But, beneath all those, deep-down, religion to the Psalmist was a matter of joy.

This joy was in the certainty concerning God and the spiritual foundations of the world and of life.

To the Psalmist, there was no doubt that God was a refuge, a "very present help in trouble."

That faith existed even "though the earth were removed, and the mountains carried into the mist of the sea."

With the glory of Easter fresh in our minds, we may well reflect that the devout Christian has, in addition to the triumphant joy and strong faith of the Psalmist, the advantage of the example of the Master, Jesus Christ, and the faith in the Resurrection in its triumph over death and the cross.

Those who do not know the Psalms have a trove of spiritual experience ready for the discovering.

In addition to public subscriptions to the fund, the committee has made application to the Hill-Burton Fund for one-million dollars.

Scholarship Tests Are Given; Spring Events Are Planned

By Nan Long

Violet Diefenbach, will be graduated first in the 1959 class with a scholastic average of 4.671.

Second highest in the class is Patricia Limotta, 3.904; third, Robert Jones, 3.774; fourth, Bernice McGee, 3.757; and fifth, Jerry Scott, 3.746.

Centralites of every grade have been busily reviewing the problems in advanced algebra, going over forgotten years in American history, or again studying parts of speech in preparation for the 1959 Preliminary District-State Scholarship tests, given at Central Apr. 1.

Of the 130 students taking the tests, those rating high in each field were: Sonia Kovitz, English 11 and Spanish 1; Diane Booth, Francis Minutilli, and Jean Williams, English 12; Nan Long, American history; Fred Strickler, English 10; Kathleen Nomic, World History; Raymond Kidner, Chemistry; Carol Bramlich, Senior Social Studies; Woodrow Young, Plane Geometry; Evelyn Harrison, Biology; Bobby Jones, Advanced Algebra.

At the largest luncheon ever served by Central's restaurant training class, 126 guests went through the buffet line and were seated in 15 minutes. This successful luncheon was served to members of the State Board of Health, Mar. 26, with only 24 students working.

The class will serve the Central High alumni luncheon on Wednesday Apr. 8, followed on Monday, Apr. 13, by the annual Franklin County PTA tea. This tea is considered by all associated with the restaurant course as "by far the most beautiful of our affairs."

Plans are already being made for the senior class picnic, Apr. 28, which will be the largest event catered by members of the course.

Nineteen Central musicians will participate in the All-City Band and Orchestra Concert, to be held Apr. 9, in St. John's Arena. Playing in the All-City Orchestra are Barbara Peterson, Brady Russell, Carl Diefenbach, Linda Williams, and James Amrine.

Central's members of the All-City Band are Mary Peck, Joyce Borway, Jerry Strickler, Donna Farmer, Marilyn Howells, Mary De Vore, Emmett McCartney and Roger Duty

Joe Gahn, Eddie Newkirk, Larry Landenberger, David Hildreth and Sharon Carson.

Central Senior Choir will also take part in the music festival.

As music teachers from the various elementary schools were rehearsing with their choirs, glee clubs and bands for the PTA festival, someone was needed to teach their other classes for them. Twenty-one members of Central's Future Teachers of America substituted in the absence of these teachers.

Election of officers will be held at the next meeting of the FTA, on Apr. 7.

Los Amigos, Central's Spanish Club is proceeding with plans for the second annual Pan American Ball, given in honor of Pan American Day, Apr. 14. The round and square dance will be held in the school auditorium Friday Apr. 17 at 8 p.m. Tickets will be sold in advance by Spanish students, at 50 cents per person. The ball is open to Central students and their guests.

Linda Thompson and Gary Jewell will serve as bailiffs on the Student Court, beginning terms this semester. They were chosen from a list of students selected by the court, then recommended by teachers and voted on by Student Council.

A campaign to "Improve Central" is presently being carried out by Student Council, in cooperation with the counseling department. All students are given the opportunity to aid the project through monthly organized discussions held in each home room under the direction of the home room teacher.

In a recent Student Council election, Sandy Skinner was elected secretary.

Professor Warren of Harvard Law School concedes modern youth a little: "An A.B. degree nowadays means that the holder has mastered the first two letters of the alphabet."

Students Finance Two-Day Trip; Teacher Wins National Award

PLOTTING THE COURSE — Eagerly scanning the route of their proposed two-day trip to Dearborn, Mich., Apr. 20 and 21, are members of Mrs. Helen Bauer's seventh grade class at Starling. Part of a study course that won a national award for their teacher, each student is financing his part of the trip with money earned himself. From left are Linda Hughes, Mrs. Bauer, Ronnie Clark, Virginia Howells and Kenneth Jackson.

A unique program of study devised by Mrs. Helen Bauer has taught her seventh grade Starling Junior High students that learning can be adventurous and has won for herself a national prize.

Mrs. Bauer, using the Bold Journey television program as a unit of work for social studies, planned classroom work around the show's format. Students were assigned foreign pen pals, and gathered extra information on each country studied.

Her plan, submitted to the Bold Journey Awards Teachers Program, was rated as a fourth national award winner, and entitled her to a choice of four summer tours. She chose a six-weeks seminar study of government and poutics in Washington, D.C. and in New York .

Big class project of the year, a two-day trip to Dearborn, Mich., with tours of the Edison museum, Greenfield Village, Ford Motor Plant and steel plant is planned for Apr. 20 and 21.

The entire class of 33, accompanied by Mrs. Bauer and several parents will travel by chartered bus and stay overnight in a dormitory available for students' use.

The city has [illegible] the Recreation Commission to advertise and open bids for improvements to two West area recreation centers.

IMAGINE! A 12 cu. ft. Deluxe Refrigerator and a 6 cu. ft. Upright Freezer all in a cabinet only 41" wide, 68" high and 25" deep.

THE FINEST FOODKEEPER EVER DESIGNED FOR YOUR KITCHEN . . .
18 CUBIC FEET OF UNMATCHED CONVENIENCE

FOODARAMA IS SPACE SAVING . . . There's nothing to match it anywhere! It's a six cubic foot upright freezer combined with a deluxe 12 cubic foot automatic defrosting refrigerator in a space only 7 to 10 inches wider than other, much smaller refrigerator-freezer combinations.

FOODARAMA HAS UNMATCHED CONVENIENCE . . . 207 pounds of frozen storage capacity in its 6 cubic foot freezer as compared to freezers only half as big in most refrigerator-freezer combinations. Foodarama's full size shelves, ideally spaced, glide out at a touch. The waist-high Cold-Mist Freshener replaces old-style "stoop-over" crispers.. The new Package Pantry, the Butter and Cheese Chests and all of the other deluxe features make Foodarama more convenient to use than ordinary refrigerator-freezer combinations.

FOODARAMA IS BEAUTIFUL . . . Modern . . . compact and functional . . . Choice of colors — white - pink - yellow - turquoise.

FOODARAMA IS PRICED WITHIN THE REACH OF EVERY FAMILY.

Guide Forms Booklet

Again in this issue, subscribers to the six Hartley newspapers will receive a weekly guide to the top television program on all four Columbus area stations. To fold the page into a handy booklet, follow these simple instructions: Taking the page as it is presented in the paper, fold it vertically in half. Then fold the top of the page to the bottom twice until the front page of the section appears. The first three days then follow in order. By turning the page over, the other four days appear.

West High baseball players lost their "lid lifter" 8 to 4 in extra innings last Saturday at Grove City. Their scheduled opener against Westerville was rained out. Earlier, they took in a practice game with North, 3 to 1.

The Central Pirates played two practices last week and opened their regular schedule this week. In 'warm ups' they beat St. Charles Wednesday, and downed Marion - Franklin on Thursday. The track squad has participated in three relays to date—the Denison, a recent one at OSU sponsored by area coaches, and last Friday in the East Relays where they placed second.

Of five West athlete grads of January we contacted, all but one are at home, working and planning to enter college come September.

Fred Ash (football, basketball, baseball) is working in the garden shop at Lazarus. He will enter the University of Cincinnati in the fall on a scholarship, hoping to play football.

Robert Pate (football, track) left Mar. 16 for Lackland Air Force Base, Texas. He expects to attend a school for missile mechanics.

Jerry Williams (track) is selling men's work clothes at Lazarus. He may enter Ohio State in the fall to go into pharmacy, advertising or merchandising.

Mike Engle (football and baseball) is workin in drugs at Lazarus and will enter pre-pharmacy at State this fall.

Dave Francis (football, baseball) is with a construction crew in the city water department. He's been kept very busy with letters of inquiry and some visits to campuses. Bids for his football services have become so numerous that his mother can't even recall them all. They include both large and small colleges and a couple of the service academies. Now the field seems to be narrowed down to Michigan, Purdue, Cincinnati and Ohio State . . . with strong leaning toward the latter.

Dave will quit his job about Aug. 1 to travel to Canton for pre-game drills for his participation in the annual North-South All-Stars classic there that month.

Don't forget the very important meeting of the Ohio Valley Football League this Saturday, 7:30 p.m. in the Valleyview council hall. As told last week, the very important question of reducing the maximum weight limit for team members is to be discussed. League officials are hopeful that at least one official member from each team will be present to voice their stand and cast ballots.

The big news on the bowling scene of course comes from part owner-manager Jerry Winkle of Old Trail. He and his associates (Bob, Jack and Jerry Winkle, John Morgan and two silent partners composing the six-man group) are expanding their chain of bowling alleys. They now hold Old Trail, Clinton and the new Fiesta lanes. The new alley will be patterned after plush Fiesta. There will be 32 lanes, restaurant, lounge, nursery and conference room as well as parking for 400 cars. Called Holiday Lanes, they will be located at 4504 E. Broad-st. Complete with automatic pinsetters, the lanes will be split into two 16-alley sections from a carpeted concourse in the center. If rezoning and all goes well, they hope to be open for action next season. Anyone interested in league information there can get that info by calling Fiesta lanes.

Hilltop lanes are announcing a tournament beginning the weekend of Apr. 18 and running for three consecutive weekends. It is for mixed doubles and is sanctioned by the IBC and the ABC. Phone reservations are being accepted (call BR. 9-0024). Persons may enter and roll as many times as they wish, as long as they compete with a different partner each time. The registration fee is $3 per person and prize money will be 100% return of fee money.

The 3C lanes are just about 'made up' from their flood postponements and had some pretty good scores over the weekends. Several teams and leagues rolled double shifts to speed the makeups.

Grover McNamee had a 250-613 series while Columbus Home Supply Co. rolled a 1035, Penrod Drywall hit the pins to a 2867. In the Better Businessmen's League, Fred Ingram had a 237, Al Kauffman a 234, Weldon Hill a 223-618 series; Helm, 606, and Williamson Plumbers a 2808 set teamwise.

Other singles found Ed McClarry with a 236 and Pete Spurlock with a 235-224-646 series. In the Marion's Grill loop . . . Chet Lisley had a 224-595, Harry Burris a 226-606, and on the women's side of the ledger . . . Marge Weisenberger a 196, and Helen Elsey a 472 set. Three-C will be host to the city VFW tourney next Sunday.

Taking a quick and brief look at the church athletic scene, we find . . . St. Mary Magdalen Ath. Assn. is sponsoring a dance this Saturday night (Apr. 11) from 9 to 12 in the church hall. It's open to the public with music by the Stardusters'. It is called the Spring Blossom Dance. John Murnane is gen. chair. The group is also planning Little League activity. Will soon be forthcoming about applications.

St. Aloysius Booster Club will start organizing baseball in about a week. The annual all-sports banquet is set Apr. 30.

St. Agnes is having an Apr. 19 get-together for all boys interested in playing baseball there this summer. Contact Harold Little for further info. They will compete in three loops—8-10 yr. olds in St. Agnes' own league; 10-12 in the Southwest Little League group (they usually sponsor two teams); and the 13-15 group in the Southwest Babe Ruth league.

Westgate EUB will start their Old Timers softball team about the end of the month, as will Glenwood Methodist. Glenwood hopes to sponsor a high school age softball team if enough boys are interested and can play in the evenings.

Glenwood had a pretty fair winter sports program. Its men's volleyball team won the Hilltop 'Y' volleyball title, while its junior and intermediate boy's basketballers about split even in the won-loss columns. The church also sponsored a 3-team league for the younger boys right at the church.

Hoge Memorial had pretty fine success in its basketball endeavors this past season. Last Friday evening the senior team lost, 63-64, to South Methodist for the citywide title of the Rec. Dept's. Church League. Monday evening (after press time) their junior team met Hillcrest Baptist and the intermediates met the Hi-Y, to determine loop champs in the Hilltop 'Y' league at West High. They hope to have several softball teams.

Free Throw Champ

Norman Caune, Glenwood Recreation Center's junior boys foul shooting champion won the recent city-wide championship at Sunshine Recreation Center.

Norman made 13 out of a possible 15 shots to rate the crown.

WINNING WESTGATERS — Here are the two Westgate age teams that won the Hilltop YMCA Gra-Y league championship. "B" team members are (front row, l. to rt.) John Prout, Bill Dennis, David Walker, Daniel Walker, David Agin, Jeff Chrisman. Donald Ehman was absent. Westgate 'A' players (back row) are Tom Helmick, Larry Smith, Judson Boley, Steve Barnard, Donald Cooke, David Line, Scott Watkins, Mike Shaw and (absent) Tom Parris.

Westgate Grabs Gra-Y Title

In two tight games, Westgate teams edged Highland representatives and won Hilltop YMCA Gra-Y basketball league titles. Play was held at Glenwood recreation Center.

In the "B" league game, Highland jumped ahead 3-4 at half time. The picture began to change in the third quarter as Westgate took a 9-8 lead and were never headed. Final score for the contest was 13-10. Dave Walker with 8 points for Westgate and Jim Bell with 7 led their teams.

The Highland team consisted of: Paul Casey, Bill Prillerman, Larry Ginn, Ken Butler, Dave Thompson, Art Wilson, Mike Robison, Ron Cheek, Stanley Foster, Edgar Fields, Gary Lanning, Jim Bell and Preston Butcher.

In the "A" league championship tilt, Highland again took a lead at half time. In the third period Westgate overcame a 12-17 deficit and took a 18-12 lead which they stretched for a final 29-17 victory. Steve Barnard with 12 points led his team to victory while Bob Coles was high man for the losers.

Highland's "A" team included Glenn Foster, Steve Hereford, Mike Dave, Henry Butcher, Bob Coles, Don Tidwell, Jean O'Neal, Ron Hill and Gary Adams.

Cooper Confident Jets Will Open Strong Here

"I honestly feel we will be a solid first division club in the International League race and will be the type of team which will keep the fans in Columbus and Central Ohio buzzing," Columbus Jets manager Harold Cooper said this week.

"I am certain we have more grounds for optimism this season than we have had at any time in the past four years," he added.

Cooper said the ball club he puts on the field against Rochester at 8 p.m. Tuesday, Apr. 14, in Jet Stadium will definitely be the best club he has opened with.

The manager continued, "As things now stand, our opening night outfield could be Jim McDaniel, Nino Escalera and Tom Burgess. I say it could be, because if Joe Christopher becomes available to us, we would probably shift either Burgess or Escalera to first base.

McDaniel led the Pacific Coast League with 37 home runs last season. His 100 runs batted-in tied him for the leadership in that department. Escalera and Burgess have been fine AAA ball players during their International League careers. Burgess hit 19 home runs for Rochester last season and has always hit particularly well in Jet Stadium.

"This trio not only gives us better punch than we have ever had in the outfield, but also makes us stronger defensively. Burgess, two years ago, played the entire season without committing an error for Rochester," Cooper related.

Righthanders Lynn Lovenguth and Art Swanson, along with southpaw Al Jackson, figure to be three starting pitchers at the outset.

Lovenguth won 24 games at Toronto in 1956 and has been working had to get in shape this spring. He has been one of the best pitchers in AAA ball the past decade.

Central Taken; West Beats East In City Contest

In City League openers Tuesday, Central ball players were dumped by North 13-8. Complexion of the game changed completely after the seventh inning which Central began with a 6-1 lead. Ed Parks hit four singles.

West outdid East 4 to 1 under the pitching of Don Uldrick and Don Barnes.

He's so stingy that when the boys give three cheers, he only gives two.

District Scouters Event Is May 18

Ray Eyerman, chairman of the Southwest District Boy Scout banquet, urges all Scout unit sponsors to consider sending worthy adult volunteer workers to the May 18 event.

Tickets at $1.25 will be made available soon. The dinner will be held at Hoge Memorial Church. Fred Milligan, Scout Director of Commerce, will speak.

Scouters' awards and den mother recognitions will be made. God and Country and Eagle Awards winners of the year, together with village mayors, will be special guests.

INSIDE ON THE Outdoors By ROD COCHRAN

Free Fishing Book Offered To Readers

One of the best little booklets on fishing tips and tackle I've ever seen, has been brought out by the Airex people—and it is free for the asking.

Two adventure stories are included in the book. One is about fishing for pike and trout in Quebec. Walleyes were taken too. And Jim Gillard writes about spin fishing for steelhead — the magnificent trout that goes to sea and is caught in west coast rivers. Both stories are about using spinning tackle, so if you're new to this type of gear you'd better read these articles.

How Records Possible

Another interesting feature is the NSFA World Spin Fish records. Spin fishing people are just getting their records established—they have been at it for about three years. Since it is so new, there are many categories where no entries have been made.

There is no entry, for instance, in the smallmouth bass line. This means that the first person entering a smallmouth bass caught on a two-pound line will hold the world record at least for a time.

Other blanks occur in the spinning records for the world. In the walleye department there is only one entry. This is a two pound, four ounce walleye caught on two-pound line. No doubt some four, six, and eight-pound test line entries will be forthcoming.

Additional features include instructions and diagrams for tying knots in nylon lines, how to cast with spinning tackle, and a page of questions and answers on fishing and tackle. The complete line of Airex tackle is also illustrated.

To receive this handy pocket-sized book clip out this column and send it to: Airex, 411 Fourth-av, New York 16, N.Y. Don't forget to include your name and address.

Fish Still Biting

The cold weather fishing fraternity is still growing (anyone who fishes before the end of April is a cold weather fisherman). Even though fishing interest is picking up, crappies and bullheads are comprising most of the catches. Crappies are reported from Hoover and bullheads from Buckeye Lake.

Bass fishing time is coming though — they are starting to hit down in Burr Oak Lake, Athens County. When the water temperature hits 60 degrees it is bass fishing time.

Veterans Organization Opposes Two New Bills

Franklin County Congressionally Chartered Veterans Organizations has gone on record as unanimously opposing House Bill 750 and Senate Bill 380.

"Veterans have been able to receive relief from Soldiers and Sailors Relief Fund for more than 70 years," group spokesman H. O. Parke, 314 S. Glenwood-av, said. The two bills would destroy this right, he added.

The greatest inspiration is often born of desperation. The fellow who thinks he can't is probably right.

Muskies Are Big Fishes Of Mystery

Muskies are fishes of mystery, claims Dick Oliver, Ohio Division of Wildlife fisheries biologist. In his investigation into how sport fishing can be improved, Oliver has turned up some interesting facts about the mighty muskellunge.

"For one thing, some muskies evidently lay down a scale annulus (growth ring on their scales) when they are five to six inches long — possibly before they are a year old," said Oliver.

"These rings are counted through a microscope to age fish, similarl to the why growth rings are counted on a tree. Muskies seem to give themselves a head start in the growth ring department."

Another thing, Oliver has found, is that muskies grow faster in their tail end than they do in the head end, at least when they are young.

"A scale sample taken from near the tail shows wider growth rings than one taken from the head," Oliver says. "This indicates a more rapid growth. After a fish reaches three years of age, the growth is the same at both the head and tail.

"Then there is the mystery of the muskie that goes wild. Once in a while I find a fish that is much larger than the average muskie of a certain age. This occurs in other species of fish too. What makes these monsters? I would like to know."

These findings were derived from fish test netted at Leesville, Piedmont and Clendening Lakes.

Food Markets This Week by Mrs. Estelle B. Franks

Fruits — grapefruit, apples pineapples, frozen strawberries.

Vegetables — broccoli, celery, endive, potatoes, canned tomatoes.

Protein Foods — fryers, roasting chicken, turkeys, pork loin, large eggs.

Modern Packaging

How many of the foods you put in your market basket this weekend will be pre-packaged? Every shopper knows that in recent years food merchandisers have tended toward more and more pre-packaging of the items they sell. You and I, as consumers, had something to do with this. We have shown a preference. Why?

Food packages today are planned to protect and display foods better and more attractively than in years past. They're more convient and are often used as containers in which food is cooked and served. They're designed to take less shelf space and provide safer storage. Sizes range from individual to extra large. And they come in easy-to-use aerosal, pour-our, shaker, squeezable tubes or re-usable containers.

What Started This Wide Variety in Packages? — New emphasis on packages came with self-service food markets. Shoppers no longer depend on a man behind the counter to recommend brands. The package makes the sale appeal today.

Food Packaging is also designed to maintain quality and prolong the market season for foods. Canned foods are an example of this type of packaging. Or a fod may be packaged to maintain quality by reducing handling damage—one reason for pre-packaging fruits and vegetables. For example, many apples are pre-packaged in film bags. The film bag preserves the natural moisture of the apple as well as protecting it from too much handling.

What About Cost?—Packaging must be paid for the same as any other marketing service. The added cost of pre-packaging materials may raise the price above that for the same food in bulk form, unless the added costs of the package are offset by other factors—less spoilage, lower handling costs, less transportation costs, better eating, and the convience of having the food bagged, weighed, and priced in advance.

A good example of how this works is found in the marketing of carrots. By pre-packagaing carrots at point of production, transportation charges are reduced, according to a 1957 USDA study. When pre-packaged, 20,000 pounds can be shipped in a railroad car, compared to 25,000 pounds of bunched (bulk with tops) carrots.

In the same study it was found that handling pre-packaged carrots cost the retailer two cents of each sales dollar, compared with 14 cents for bulk carrots in bunches.

Waste and spoilage losses were less than one per cent when pre-packaged, compared with eight per cent of the retail value for the bunched carrots.

Whenever the package involves new and expensive wrappings, or when much research has been involved to get it on the market, we know that this cost must be transferred to us as consumers.

BOY SCOUT NEWS

Create 'Little Canada'

"Royal Canadian Mounties" was the theme of the Mar. 30 meeting of Pack 248.

The cubs made complete Mountie outfits from old shirts dyed red, black paper trousers and old hats. A sign above the door proclaimed that all who entered were "Welcome to Canada." A "customs" agency had been set up by the cubs to catch "smugglers."

Den 3 gave a skit on the "Canadian Mounties," Den 2's presentation involved fur traders, and Den 4, "The Pursuit"; Den 5's skit was "McKenzie's Trek."

A committee meeting will be held by the pack's leaders next Monday at 7:30, at the home of Bob Thacker, 2000 Frank-rd. Details for Scout-O-Rama will be settled.

Pack 248 has a new institutional representative. He is Sherman Griffith, representing the Franklin Twp. Firehouse.

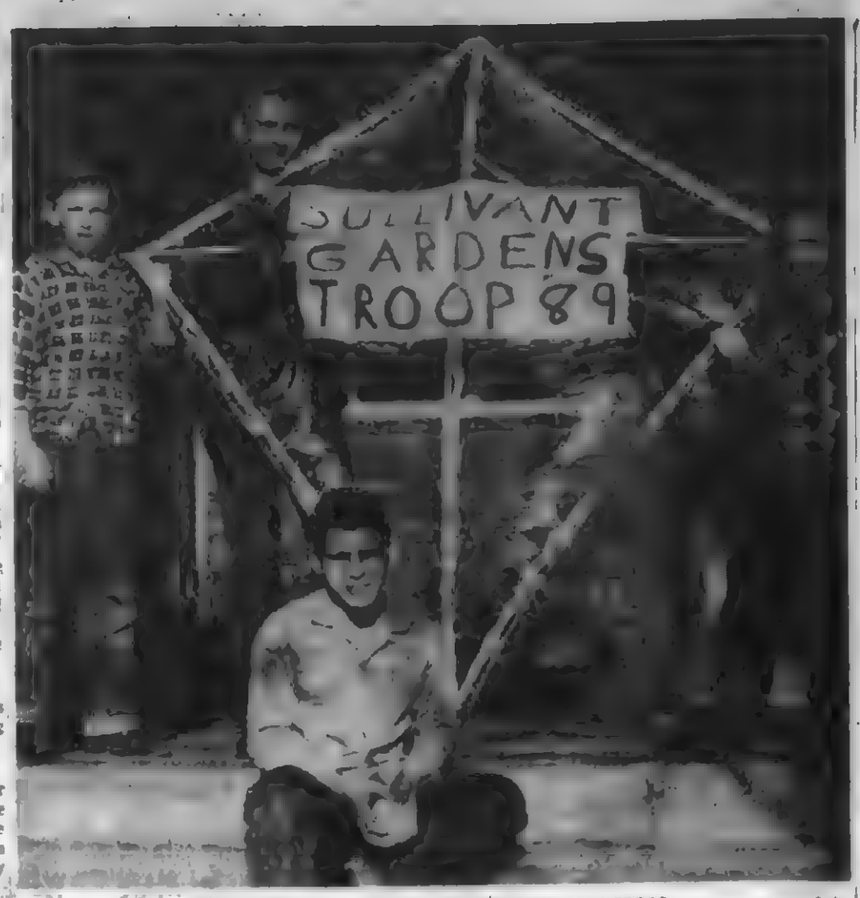
To Hike Logan Trail

Post 225 will be off on another trail this weekend. This time it's the Logan Trail, a 20-mile trek near Logan, O. The boys will receive a medal after they complete it.

The post, under Advisor Jim Demorest, plans to leave Friday evening and return Sunday afternoon.

Post 29 Practicing

Boys from Post 29 have spent much time getting in shape for Scout-O-Rama. Their topic is gun safety. The Explorers spent Monday evening practicing at the police target range on McKinley-av.



A course in gun safety was begun by Post 29 last week. Police Sgt. Carl Barth has been working with the boys.

The post will help repair and improve Camp Kinges. Along with other Central District explorer units, this will be done during a camping trip Apr. 17, 18, and 19.

Cubs Visit Circus

Thirty-six cub scouts of Pack 114, sponsored by St. Timothy Lutheran Church, visited the Shrine Circus, Apr. 4.

The pack's next committee meeting will be Tuesday, Apr. 14, at the home of James Sham Min on Dyer-rd. All pack officers are urged to attend, as final preparations for the Scout-O-Rama will be made.

It's Girl Scout Cookie Time Again

Starting on Friday, April 3 (after school hours) and continuing through Monday, April 13, members of the community are asked to cooperate in this annual Girl Scout Cookie Sale.

Available this year will be four types of cookies for the same price of 50c per box, i.e., regular four-flavored sandwich creme, the ever-popular thin mint, the "Savannah" which is a peanut butter sandwich cookie, and new this year will be the Scot-tea, a crisp shortbread type cookie.

Proceeds from this annual cookie sale will be used to balance the Girl Scout Budget. Each troop will earn 5c per box sold which will be used for their own troop programs. Each girl is planning to sell 25 boxes, so when your "Scouts" come to your door — please cooperate and also treat your family to good cookies.

Note to the thrifty — these cookies will keep perfectly in your freezer indefinitely, so buy for today and tomororw, as well.

J. C. Penney's Celebrates It's 57th Anniversary

J. C. Penney Company is celebrating the 57th Anniversary of its founding with a three-week Festival of Values which started Apr. 1.

This year's anniversary theme depicts colorful aspects of America at the turn of the century. Replicas of the brightly-dressed circus barker and the once-familiar peddler's wagon are typical of the celebration's motif. The anniversary is expected to be the biggest in the company's history.

James Cash Penney founded the Company in a modest, frame building in Kemmerer, Wyoming in 1902 with savings of $500 and $1500 borrowed. Since then Penney's has grown to be the largest chain of retail department stores in the world with nearly 1700 stores in 48 states and yearly sales of more than $1.3 billion.

The first store was called the "Golden Rule." Penney's idea was to sell quality merchandise at fair prices, and to have one price for all.

His customers found that they benefited from this idea; that values were better and prices were lower. In its first year of operation the "Golden Rule" grossed nearly $29,000. People had confidence in J. C. Penney. Penney conceived the idea of a chain of stores and within 10 years 34 stores had been established having total sales of over $2,000,000.

The key of the success of the Penney Company was in its basic policies and operating methods, substantially the same now as in 1902. The Company used all its know-how to pack the customer's dollar full of value, quality and satisfaction—asking only a fair profit. Even today, the dollar across a Penney counter buys a full dollar's worth of quality. "Associates" continue to enjoy a share of the profits they help to produce, long a cardinal principle of Penney operation.

Another reason for Penney's success has been its advertising policies. The company never uses the term "price slash" or "drastic reduction" in its advertising. Penney's believes an advertisement comparing an "original" price to a "sale" price would cast doubt on the fairness of the "original" price and on the quality of the advertised merchandise. The Company believes that its advertising promotes customer confidence in the integrity of its merchandising policies.

No, it isn't the power steering or the power brakes . . . It's the power button I'm not used to.

Office Memorandum

To: Mrs. X. Typist

From: Battelle Institute

Now that the children are older and the thousand and one demands on your time as a mother and housewife have diminished, maybe you, too, have thought about returning to office work. You undoubtedly recall the personal satisfaction you derived from doing good work; the zest of the fast moving, changing office pace; the thrill of payday.

You can enjoy these experiences again.

Why not come in to see us now? If you were a proficient typist before, a brief amount of PRACTICE AND RETRAINING, AT FULL PAY, will bring your skill right back again. We believe you'll like our location, hours of work from 8:00 A.M. to 5:00 P.M., Monday through Friday, attractive physical surroundings and exciting meaningful work. The personnel office is located at 505 King Ave.

Hilltop Y Property Is For Sale

Anticipating that an early announcement of the building program for the Hilltop YMCA on the Y owned lots at Valleyview and Hague will soon be forthcoming, the local Y board is interested in finding a buyer for the corner at Harris and Broad now occupied by the Hilltop Y.

Anyone who might be interested in such a purchase is asked to direct their inquiries to the Y office or to me at BR. 4-1155.

Flowers of the Week

A nice Rosebud floral bouquet to O. D. Lehman, teacher of Distributive Education at West High School, on the very fine showing his students made in the recent convention in Washington. This was first year of operation of the department at West. Good luck, and keep up the good work.

Which Are You?

Most of us belong to one or more organizations. Some are merely members and others really work at the job.

We've seen the bit of poetry printed below several times but the appearance of it in this week's West Side Kiwanis Bulletin reminds us again what a pleasure organization work would be if there were more who are "doers".

Are you an active member,
The kind that would be [illegible]
Or are you just contented
That your name is on the list?
Do you attend the meetings
And mingle with the flock,
Or do you stay at home
And criticize and knock?
Do you take an active part
To help the work along,
Or are you satisfied
To be the kind that just be[illegible]
Do you push the cause along
And make things really tick,
Or leave the work to just a few
And talk about the "clique"?
There's quite a program [illegible]
That I'm sure you've heard about
And we'll appreciate it if you, too,
Will come and help us out!
Think this over, member,
You know right from wrong,
Are you an active member—
Or do you just belong?

Dozen Brick Apartments Under Way

Twelve double duplex apartments will soon spring up on land that once grew plants for the Trappe Greenhouses.

Council this week rezoned 1.8 acres on the south side of Mound-st, between Rex and Clarendon-aves, to permit the start of a $340,000 project, to be known as Clar-Mound Apartments.

H. Burkley Showe, 4150 Shirtzinger-rd, president of the Port Construction Co. here, said the houses will be "attractive red brick structures arranged in a U." A courtyard facing Mound will be enclosed by ornamental iron work.

The 48 units will all be of two-bedroom design, partly furnished and will rent around $87 or $89 a month, he said.

Showe pointed out that the company has built a similar group at 114-22 Dodridge-rd.

Sewer and water taps have been arranged, he said, and work is expected to begin in less than 30 days. The apartments should be finished in about five months, he added.

HBA To Dine

About 75 Hilltop Business Association members and their wives have reservations for tonight's quarterly dinner meeting at the Dragon [illegible].

Serving will begin at 7 p.m. The program includes an address by Dr. Tennyson Guyer, humorist and legislator; music by the "West Winds"; and presentation of a life membership.

A BIG PILL—A new traffic signal regulating lights at the intersection of Route 40 and Georgesville-rd is activated by James V. Musick, state traffic engineer. Put in operation last Thursday, it is hoped that the new system will further reduce the number of accidents at the crossing and ease the headache caused by a heavy flow of traffic. Shown looking on are, from left to right, Paul L. Jones, resident manager of Ternstedt; George Alsdorf, state traffic engineer; Clem Owens, Westinghouse; Rex Lynch, Ternstedt, and Ray Andrews, chief signal light electrician for the Ohio Highway Department.

COUNTS APPROACHING CARS

Radar Signal Watches At Crossing

An electronic brain, capable of counting, remembering and adjusting, now watches over one of Ohio's high-accident intersections.

Put in operation last Thursday by James V. Musick, Traffic Engineer of the Ohio Highway Department, the radar-eyed mechanism maintains a constant watch over the approaches to the intersection of Route 40 and Georgesville-rd.

When traffic starts rolling, the controller is able to determine and remember how many vehicles are moving or waiting on any approach, how fast they are moving or how long they have been waiting and whether they intend to turn left or right or pass straight through.

Designed to handle large volumes of traffic, the controller is intolerant of stragglers and will take the right-of-way away from drivers who lag behind a long line of moving traffic.

Each vehicle that does not straggle will extend the green time. The total of these extensions can go as high as 120 [illegible].

One of the greatest virtues of the new controller is that so long as a vehicle is waiting on any approach, the controller will not leave the intersection unused. If no traffic demand exists on any one of the phases, it will automatically be skipped. Musick said the new signal will greatly reduce the traffic jams of the past "by rapidly moving a vast number of vehicles, at the same time it is providing greater safety."

"Should Ohio Abolish Capital Punishment?" will be discussed by a panel of experts at the annual dinner meeting of the Hilltop YWCA.

The affair will be held Wednesday, Apr. 22, 6:30 p.m. at Hoge Memorial Presbyterian Church and is open to the public.

Common Pleas Judge Robert M. Draper will moderate a panel comprised of Dr. Earl W. Allison, Franklin Co. City Permits Partial Block Of Sullivant

Another step in establishing a $2.5 million Senior Citizens housing and recreation center in the West Side was taken by the city Monday night.

Councilmen voted to vacate Sullivant-av in the vicinity of Gift, May and McDowell-sts. A 3.5 acre site just north of Sunshine Park will be used for a 173-unit, 10-story apartment and a separate recreation center for older folks from all over the city. Management will be by the Metropolitan Housing Authority.

Details on the re-routing of Sullivant behind the project are due soon from the city engineer's office. Several homes lie in the projected path.

Moving the street may cost the city $150,000, engineers said. Council President Ralston Westlake said he approved the idea only after considering the city-wide benefits of the center.

Flood Contract Upped

Council Monday night approved the addition of $4303 to the auditor's contract of $33,500 with the Holt Co. for flood damage repairs to Dry Run [illegible]. It was explained that extra expense was incured in laying stone rip-rap in [illegible] ditch.

DECLARES JOB DONE

City Service Director recently informed council that the park on Martin-av has been cleaned up and damages repaired, as the petitioners had requested.

Election Edition To Be Printed

A report on candidates seeking election to posts in Columbus at the May primary will be carried in this newspaper preceding the coming election.

Questionnaires have been mailed to candidates in the city who will have opposition at the polls. Any candidates who have not received a questionnaire, are welcome to pick up one at the Hartley Newspapers office, 2465 W. Broad-st. Write-in candidates are also permitted to fill in the questionnaire. Deadline for material is Apr. 30.

It is not the intent of this newspaper to damage or aid in the campaign of any candidate. Instead, the paper will present the qualifications of each candidate before the voter and leave the choice to him.

Optimists Give Safety Checks

A bike safety inspection open to all children on the Hilltop and Western Columbus area will be conducted this Saturday from 10 a.m. to 3 at the Sullivant Avenue Armory by the Western Optimist Club.

Stickers will be placed on the bikes after completion of testing. The project is part of a Bike Safety Week sponsored by Optimist International. Chairman of the event is Ed Stahura.

New Rubbish Disposal Plan Begins Here

Superintendent Asks Residents To Cooperate In Container Switch

Now hear this! Those old 50-gallon trash barrels have got to go.

That's the word from Heinie G. Butler, city sanitation superintendent, following recent council revision of refuse disposal laws.

Butler's men are in the area this week putting out gentle reminders that closed 30-gallon metal containers are "the most" any worker cares to hoist onto a truck. Too many strained backs and an occasional rat bite have come from the big drums, Butler said.

But, come Apr. 27, the 30-day notice period will be up and violators will have to face the judge. Inspectors are out now looking for improper containers. Yellow chalk marks are placed on the bad ones and the homeowner is given a date when they can be hauled away or destroyed.

Combined pickups (the mixing of garbage and rubbish), is nothing new to many Hilltoppers, but this week it is being extended to the whole city. The system was first tried here experimentally late in 1957. Several blocks were added the following year. With the addition of a new city incinerator, the program is being expanded.

Weekly Pickup Set

From now on the trash-garbage deposits will be picked up weekly, Butler promised. No more once-a-month gathering of rubbish. Collections start at the West city limits Monday mornings and move eastward through Friday, Butler stated.

He continued, "Anything that is refuse from the house, we'll take. Hedge and brush trimming must be bundled no larger than two feet by four feet. Garbage should be wrapped in double thick newspapers. Cans, bottles, ashes and other nonburnables are acceptable, but we cannot haul away plaster, cement, and other heavy construction materials."

Russell M. Needham, health educator for the city, pointed out that doing away with heavy drums will discourage insect and vermin infestation of homes. "These new cans will make for a cleaner Columbus," he said.

'T' Means Tickets, Treats At Rally Of Scouts, Saturday

Free pop and an hour packed with entertainment are promised all Scouts of the Southwest District who attend "T" Day, this coming Saturday at Glenwood Recreation Center, 1925 W. Broad-st.

John K. Snider, chairman, said the 9 to 10 a.m. rally is set to encourage Scouts to sell every remaining ticket to the Apr. 25-26 Scout-O-Rama.

"T" Day entertainment includes the "West Winds" and "Sophisticates" singers from West High; Sandy Badgley, dancer; Charles McCarty, accordionist; and the Troop 357 combo.

Jack Johnson, 230 S. Powell-av., salesman with the Burroughs Corp., will give the boys some pointers on selling. Scouts ringing in the best sales will compete for bicycles, trips to Cinerama at Cincinnati, Neckerchiefs and slides, and even live burros from Mexico. Units are allowed to keep as much as 20 per cent of ticket receipts, if returns are made before Scout-O-Rama, said Robert Meade, district executive.

Working closely with Snider is Robert Dings, 474 S. Terrace-av, ticket chairman.

Last year's Scout-O-Rama at the State Fair Grounds drew 40,000 spectators. The all-Scout show is sponsored by the Boy Scouts of America and the Columbus Junior Chamber of Commerce.

Apartment Zoning Asked

A plea to change the zoning in an area just north of Binns Elementary School from suburban residential to R-4, one to four family residential, was introduced to the zoning committee of city council Monday night. Charles Rinehart Realty Co. gave the address of the plat as 1010 Binns-blvd.

A public hearing will be arranged soon by the city clerk.

Local Families Feel Warmth Of Kiwanis Project

CLOSE COOPERATION—West Side Kiwanis Club President Harry Essick and school officials evaluate reports on West Side flood stricken families which the club has been assisting. Seated are (l. to rt.) Milton C. Museman, visiting teacher; Dan Kelch, principal, Chicago and Avondale Elementary schools; and Mrs. Josephine Rinehart, visiting teacher.

A West Side man broke his artificial leg while evacuating flood victims; two families lost all their possessions in fires that followed the high water; one family, faced with overwhelming bills because of sickness, needed some groceries; a woman couldn't afford to hire a mover to bring in some replacement furniture.

These are typical of the 20 neediest cases given assistance by the West Side Kiwanis Club since the Jan. 21 flood. To date, the Kiwanians have spent $566 in carefully evaluated aid to deserving families.

"We have not tried to duplicate the work of the Red Cross and other relief agencies that helped so much here," said Harry Essick, club president. "But we are mindful that some worthy cases escaped attention for one reason or another."

"Sometimes these conditions are hidden because of family pride, embarrassment, sudden bad luck and the like," he continued. "These things begin to show up in chance remarks by a school child or by his appearance or attitude."

"That's where the school officials come into our program," Essick said. "Early in February we met in a West Side principal's office and talked with the Visiting Teachers. They agreed to watch the children for signs of family distress. PTA's and parochial schools were asked to help too. The teamwork has been splendid," the Kiwanian added.

Visiting Teachers check out the needs during their daily routine and send written reports directly to the Kiwanis youth services committee.

"A man is assigned to make a personal investigation immediately. If the need is there, we make out a purchase order on the spot. Most are for food, clothing and sometimes emergency rent," Essick said.

Committee co-chairman George Weber said the biggest item so far was the artificial limb. "We held a special meeting to discuss the case. The limb was expensive. We learned that welfare departments had no funds for the emergency. The man needed the limb so he could return to his filling station job."

NEWSPAPER COVERAGE EARNS AWARD

GOOD WORK—Hugh DeMoss, news director of WLW-C television, presents a plaque to William J. Rush, managing editor of Hartley Newspapers, complimenting the group of seven Columbus area community newspapers for their efforts in keeping the public informed during the recent downtown daily paper strike.

Otis R. Lowe, present commander of the post, was community service chairman last year. Mrs. Charles Geddes was auxiliary community service chairman.

Post commander during the contest year was Sam Weller and auxiliary president, Mrs. Roland Wolford.

Special prices will be observed on Frigidaire and other nationally known products, said Warren Wood, store manager.

The new store is one of three which grew from East Broad Appliance, 2988 E. Broad-st, started seven years ago. A warehouse outlet is operated at 4252 E. Main-st.

The organization, owned wholly by 11 employes, is now the largest Frigidaire outlet in Columbus and Central Ohio.

Officers of West Broad Appliance are Don Wood, president; John Lucas, vice president; Warren Wood, secretary and Bill Heacock treasurer.

NEW WALL ORDERED

In a recent city council session an amendment was made to an order for improvements to Sunshine Recreation Center. The recreation director is bidding for acoustical walls, instead of a ceiling for the center.

Detailed Plan Is Prepared For Housing

Ernest Fritsche Co. engineers expect to have detailed drawings of their proposed 400-home development at Sullivant Airport ready for city council approval in about 60 days.

Last Wednesday the City Planning Commission okayed preliminary sketches of the project and will review them again before council action.

E. Gomer Jones, who sold out his 88-acre airstrip to the builder, said he is still studying best usage of a 10½-acre strip he has retained along Sullivant-av. The planning commission held up awarding Jones a C-4 (commercial) permit for the area until he produces a development plan.

Jones said he expects to have one ready in a month. Some study is needed, he said, in deciding what to do with the present airport buildings.

No Decision On Cenral Land Trade

No recommendations have been received by the Columbus Board of Education from its building committee on the proposed trade of Central High property, according to C. L. Dumaree, assistant superintendent.

"None has been expected," Dumaree continued, "until important principals in the decision return from out of town."

Dr. Harold Eibling, superintendent, was expected home Wednesday from a meeting in California and board member Paul Langdon will return late in the week from Europe.

Dwight Swisher, board chairman, must also appoint a new member to fill the post vacated Tuesday when George C. Farris resigned from the board.

Proposal to trade part or all of Central High property, excluding the building, as a site for the new state office building was made to the board last [illegible].

Darrold Greek, chairman of the State Office Building Commission, offered in return, the board's choice of land in three Ohio-owned sites, of equal value to Central property.

Building committee was assigned to study the proposal and make its recommendations to the board. Next regular School Board meeting is Tuesday, Apr. 21.

First Federal Opens New Office

Modern Downtown Office To Celebrate Opening This Week

The opening of the new and enlarged downtown office of First Federal Savings and Loan Association, 65 East State-st, will be celebrated with an open house Thursday, Apr. 16 from 11 a.m. till 8 p.m.

The new office will be officially open for business Monday, Apr. 20, it was announced by Willard C. Eidson, First Federal's president since 1927.

First Federal's extensive remodeling under the direction of architect and designer, Arthur C. Lenander adds a new modern look to East State-st.

The First Federal Building is four stories, with a marble facade and marble marquee with the institution's name in bronze lettering. A red concrete sidewalk adds another distinctive touch to the new location.

First Federal also has offices at 2450 East Main-st and 2680 W. Broad-st and assets of more than 58 million dollars. Present operations of First Federal are on outgrowth of the Hilltop Building & Loan Association founded in 1922.

The name was changed to First Federal Savings & Loan Association in 1935 when the association received its federal charter — the first federal charter to be granted to a Columbus savings and loan institution.

At that time they opened a down town office at 53 East State-st and became the first Columbus savings and loan institution to operate a branch office.

In 1951 an additional branch was established in Bexley at 2450 East Main-st. First Federal was also the first local savings institution to have its accounts insured by an agency of the United State Government and is the first to employ the newest National Cash Register window posting machines.

Paul Solomon, manager of the downtown office, announced the State Street office will offer insured savings accounts, home loans, safe desopsit boxes, money order checks, travelers checks, Christmas Club and will issue and redeem government bonds and will cash customer's checks without charge

Food Markets This Week by Mrs. Estelle B. Franks

Fruits—Pineapple, grapefruit, Valencia oranges, apples.

Vegetables — Broccoli, celery, kale, lettuce, potatoes.

Protein Foods—Fryers, rib-end pork roasts, large eggs, dairy products.

TRY FRESH PINEAPPLE

Now is the time to enjoy the tart, tantalizing flavor of fresh pineapple. You'll find the quality excellent, for peak production of pineapples comes in April and May.

Most of the fresh pineapple used in the United States comes from Cuba, Puerto Rico and Mexico. Florida grows a few and Hawaii ships a few. Actually, Hawaii is the center of pineapple production. About four-fifths of the pineapple entering world trade come from these Pacific Islands. But, most of the pineapple produced out there in our 50th state is processed. We get it as canned fruit or juice blends or frozen chunks or juice.

Tips for Selecting—Pick the pineapple that has a typical odor but is firm and free of soft, watery spots or bruised areas. If the fruit is ripe the leaf-like spires will pull out easily. Sizes range from 3 to 18, which indicates how many pineapples are in a crate. The smaller the number the larger the pineapple. Handle as little as possible for it bruises.

Keen to Weight Watchers — One-half cup of fresh pineapple, without sugar, has only 37 calories. It also contains some vitamins and minerals. At this season you'll need little sugar, if any, if the fruit is kept at room temperature until ripe and then refrigerated.

One pineapple can put "springtime" into your menus in so many delightfully [illegible] ways. Usually it is served in salads or as dessert, but try using wedges (leave the peel on) as an accompaniment to your meat platter. Remember, too, [illegible] pineapple is easy to freeze. Just prepare it for serving, sweeten, and freeze in air-tight containers.

FRESH PRODUCE INCREASES

The biggest change at food markets this week is at the vegetable counter. Many items are making their usual seasonal increase. Asparagus and broccoli are outstanding values for this time of year. Prices on cucumbers, green beans, radishes, peppers, and corn are lower this week. And cabbage quality, which has been rather variable, is much improved and the price lower. Head lettuce and tomatoes offer good choices. Hothouse water cress makes a nice garnish for meats or salads, and gives a piquant flavor.

Experts Think Flood May Benefit Fishing

INSIDE ON THE Outdoors By ROD COCHRAN

The fish are biting, and have been for a couple of weeks—better get that new fishing license, gather up your tackle and give 'em a try. Crappies and bass seem to be giving the most action.

Dave Wilson 3080 Fishinger-rd, had a good day fishing Hoover recently. He put his canoe in the Lake-of-the-Woods area, and caught 75 crappies using minnows for bait. "They were not easy to catch at first," said Dave, "the crappies were just nudging the bait." In a short while, however, he was able to recognize the feeble strikes and really pulled in the fish.

It is typical of almost all fish to strike easily this time of year. Before the water is warm fish move slowly, and they feed slowly. The rule for early spring fishing is, take it easy.

Bass are also putting in their appearance on fishing stringers. Farm ponds warm up first, and are offering good fishing right now. Several reports of small mouth bass, caught in streams are already in.

How Will Fishing Be?

Ever since midwinter fishermen have been asking the question, "What effect will the flood have on fishing this year?" It will probably have little effect and may even improve conditions.

The streams I have seen in Central Ohio seem to have had a lot of the silt and mud flushed out of them. There are more gravel bars and rocky riffles. And I assume that the deeper holes have been cleaned out to a certain extent. A rocky "cleaner" stream encourages the growth of crayfish and helgramites—food of the smallmouth and rock bass. If much of the silt has been washed out of the smaller streams in this area, then fishing for bass should improve. Such a condition could also encourage the growth of suckers, black crappies and minnows.

Fish biologists have found that fishing usually gets better for a time after floods. The reason for this is difficult to explain unless there is something to the stream improvement theory.

As far as my fishing is concerned I'm not going to worry about the flood—I think the fish will be there. I expect to find a few log jams missing, and several places where I sunk in the mud last year I'll be able to walk on a rock-hard stream bottom.

Plans will be announced soon for the annual Hartley Newspaper Fishing Derby — watch for them. There will be more prizes then ever, and a couple of surprises. Don't miss this contest—the fishing derby that gives everyone in the family an equal chance to win.

Papers Helped TB Fund Drive

Dear Editor:

Many thanks to you for your generous and gracious cooperation in publicizing the 1958 Christmas seal campaign in your newspapers.

Final totals, computed Tuesday, the end of our fiscal year, revealed contributions of $189,033 — nearly two percent less than the amount raised in 1957.

Although total victory escaped us, we fell fortunate that we have funds to insure an adequate program for 1959.

Without the support of your newspapers and your reading public, we could not have achieved this degree of success. We are most grateful for it.

Sincerely,

BIBLE COMMENT

Resurrection Marks Start Of Churches

With the miracle of the Resurrection of Jesus still fresh in our minds, it might be well to think of the concurrent miracle of the transformation in the lives of men — through founding of the Christian Church.

For it is in the miracle of the Resurrection and its effect on the lives of the disciples, that the founding of the church began to take place.

Its true founder, of course, is Jesus, and the church is founded in His life and teaching.

Its charter is the Sermon on the Mount, and its mission and purpose of the preaching of the good news concerning the gospel of God's love and grace.

But it is the Resurrection that brings the life and teaching of Jesus to its triumphant moment in the lives of those who go forth to preach that gospel in all ages.

If we would see the church strong in our time, we must relive the experiences of the apostles in our minds and hearts and, from them, take a new strength to live our lives as Christians.

A feller who ain't up on his toes just can't kick up his heels.

Millie Wright says she got rid of a wart by hirin' a lawyer.

Yep, livin' high and loose kin sure cook your goose.

* * *

When a feller gits cocky he kin make life rocky.

By the time some fellers reach their peak they land on their bottom.

You lose your standin' and set a bad example when you lie.

* * *

After a feller lives it up he has a time to live it down.

Many a crackerjack feller works for mere peanuts.

Junior was asked to go to the store to git cold cream. He said, strawberry or vanilla.

* * *

Ted Bolton is goin' nuts a tryin' to find a rhyme for ORANGE.

If a feller ain't got backin' he usually needs pushin'.

Lots of folks who know better should do better.

Junior Hinch feels bitter cause his little sugar plum went sour.

Zed Peters says that Venice is a city with a drainage problem.

Junior Hinch is savin' his pennies in a cookie jar, so he kin go out and buy a guitar.

* * *

Sometimes Junior Hinch gits so mad he goes out and spits on the sidewalk.

Gals, it's no time to slap a feller when he's chewin' terbaccer.

Good idea: For Heavens sake, go to church.

* * *

Too many politicians who don't know what they're sayin' go ahead and say it anyhow.

It's bad taste to be bitter sour and crabby.

Junior says that little girls are a lot nicer than people.

Equation For Fun..Paint Pot Plus Kids

"IT'S AN OCTOPUS"—Two four-year-old artists proudly display the results of a satisfying session with fingerpaints. Beth is the daughter of Patrolman and Mrs. Will Daugherty, 224 S. Richardson-av, and Leo's parents are Mr. and Mrs. Dean C. Keplar, 204 S. Richardson-av.

Fingers, fingernails and fists are "brushes," inexpensive, homemade fingerpaints the media and dampened butcher paper is canvas for enthusiastic small artists.

Heartily endorsed by experts, the idea of fingerpainting as a chance for children to express themselves and their feelings is recommended by Lucile Pepoon, Ohio State University Extension family life specialist.

Clad in a washable smock or coverall apron and equipped with a dampened piece of glazed shelf paper or butcher paper on a flat, washable surface, a child is ready for hours of safe, satisfying fun.

RECIPE FOR PAINT

Miss Pepoon suggests an easy way to make inexpensive finger paint:

"Mix six tablespoons dry laundry starch with a small amount of cold water, than pour slowly into one quart boiling water, stirring constantly until mixture thickens.

"One drop of oil of cloves is an optional addition. Divide solution into small jars and color with food coloring or poster paint."

An old teaspoon or wooden tongue depresser in each jar permits the child to help himself to the paint. A small loaf pan is a handy rack to keep jars from upsetting.

The specialist also suggests letting the child experiment and work out his own effects.

Norwood Park Is Good Place To Spend Hot Summer Day

With the calendar just a flop and a flip away from those hot summer days and evenings, now's the perfect time to plan ducking those steamy hours by enjoying the coolness of an amusement park.

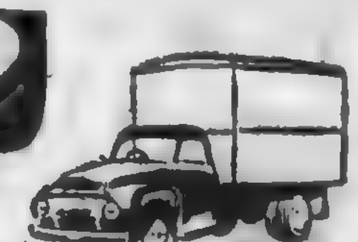
And the Hartley Newspapers, in cooperation with Norwood's Amusement Park, have just the plan to guarantee you and your family many cool hours of wholesome, relaxing enjoyment.

Special ticket books valued at $5 are being offered for a limited time at $3 through the Hartley Newspapers, the tickets good for all rides and the miniature golf course at the familiar E. Main-st park, now open for its 18th season.

That adds up to 40 per cent reduction from regular prices and a value packed offer of summertime gaiety for the entire family.

The ticket books will be honored all season, and there is no limit on the number of books which may be purchased by a single family.

Norwood's, which has provided healthful recreation at its grounds at E. Main-st and Alum Creek since 1941, is completely rejuvenated after being practically washed out by the Jan. 21 flood.



Rides to delight the youngsters, tempt the daring teenager, and satisfy even the most venturesome adult are offered. The minature golf coure is being rebuilt to championship standards and will provide a hair-pulling round for even the most skillful putters.

Tickets may be obtained at either of the Hartley Newspaper offices, 2465 W. Broad-st or 1542 S. Parsons-av.

THE U-DRIVE-IT SYSTEM

Now—Run Your Car Without Spark Plugs—
Get Up to 31 More Horse-Power, 8 More Miles per Gallon
USING ONLY REGULAR GAS!

Yes—this revolutionary new FIRE INJECTION SYSTEM—installed in 15 minutes, must deliver maximum power and economy WITHOUT CHANGING TO HIGH-PRICED PREMIUM GAS—must give you up to 31 more H.P., 8 more miles per gallon for the life of your car! See unprecedented GUARANTEE below!

Your car runs because gasoline is fed into the cylinders where a spark causes it to fire. Now here is the important thing. The larger this spark is the more powerful the explosion. The more powerful the explosion, the more power you get from a given amount of gas. Poor explosion means wasted gas, loss of power, poor getaway, bad starting, a sluggish car. Good explosion means more miles per gallon, more horsepower, blazing pickup; an exciting car to drive!

WHAT CONTROLS ENGINE EFFICIENCY?

Spark plugs control the efficiency of that explosion. And not only do they give a small, weak spark to begin with; but they get worse every mile you drive. And that you can see

for yourself. Put a new set of spark plugs in your car and then look at them at 100 miles, at a thousand miles, at 5,000 miles. Every time you look you will see more filth and carbon and more of the precious electrode burning away.

STOP USING SPARK PLUGS!

Now, read very carefully what I'm going to suggest . . . that you stop using spark plugs! That's right — get rid of them — forever. But . . . if you get rid of your spark plugs, what will ignite the gasoline and make the motor run?

Well, please remember that today you can have gas injection and get far more mileage, efficiency and power from less gas — and in a few years gas injection will have completely replaced the carburetor. In the same way, now is the time for Americans to replace old-fashioned, temporary, inefficient spark plugs with a modern, efficient, permanent fire injection system!

PAYS FOR ITSELF IN ONE MONTH!

Now, the SA FIRE INJECTION system is so inexpensive that it can pay for itself in gas savings alone in one month of driving. Forget for the moment about the extra pep, power, performance . . . the savings in spark plug servicing and replacement . . . the savings in wear and tear on pistons and cylinders. Just remember this fire injection system will pay for itself in one month of driving! Here's how:

A spark plug jumps a spark across an air gap, limiting its size. A fire injector fires on the surface of a conductor. You get a heavy, powerful flame that will not blow out at pressures far greater than those created by the highest compression engine!

On ordinary spark plugs the air gap is always getting bigger, wasting power and gas. Plugs are constantly accumulating filth and carbon because of inefficient ignition. A fire injector has no air gap and no electrode to burn away. It never needs cleaning or setting; it actually becomes more efficient with use. It will actually outlast any car, delivering maximum efficiency without servicing or replacement.

With ordinary spark plugs you should be using premium gas, which costs from 4 to 8 cents more than regular gas. With fire injectors regular gas will give you up to 8 more miles per gallon, up to 31 more horsepower — plus easier starting in all weather.

These are some of the reasons that the U. S. Air Force pays premium prices for special aircraft fire injectors for the high-powered engines of their jet aircraft.

PROVE IT TO YOURSELF!

If you have automatic transmission, make a note of how fast your car crawls forward when it is in the drive position, with the motor idling. If you have a sports car, a racing car or a boat, make a note of the RPMs as indicated on

the tachometer when the engine is idling. If you have regular transmission, put your car in low gear on a level road and notice its speed with the motor idling. Next, take a spark plug wrench (you can procure one of these tools anywhere) and remove your spark plugs. Just screw the injectors right into the spark plug openings. Then — no matter what kind of gas you have been using — fill your tank with the poorest regular gas you can buy. That's all you have to do to see the most amazing results you can imagine!

CHECK YOUR RESULTS CAREFULLY

If you have automatic transmission — now put your car in drive and let your engine idle. If your car stood still with spark plugs, it will move forward at from 4 to 6 miles per hour: that means that the amount of gas that just kept your engine running now will now carry you up to 6 miles at no cost to you!

If you have a racing car, sports car or a boat, your RPMs will increase up to 300 more at idling — up to 500 more at higher speeds. If you have regular transmission, in low gear and with your motor idling your car will move forward 4 to 6 miles per hour faster. In other words, no matter what you drive, here is absolute proof that you can go further, faster and cheaper when you install SA FIRE INJECTORS in your car!

SEND NO MONEY — JUST MAIL THE COUPON!

Up to now these SA FIRE INJECTORS were practically made by hand and would have had to sell for as high as $5 each. But we knew that 30 or 40 dollars for a set of 6 to 8 SA FIRE INJECTORS was more than the average driver could afford — so we decided to get the price down so low that these injectors would pay for themselves 12 times, in one year of driving. So here is my astonishing proposition. If you will check your car's performance carefully before and after you install your SA FIRE INJECTORS and then tell your friends and neighbors about them, here is what I am prepared to do for you.

You can have a set of SA FIRE INJECTORS for the year and model of your car for a fraction of their value . . . that's $1.49 each . . . only $8.94 for a 6-cylinder car or $11.92 for an 8-cylinder car. Now, if your SA FIRE INJECTORS don't meet my GUARANTEE — if they do not continue to deliver maximum performance for the life of your car . . . you get your money back on 10-day no-risk basis.

CHECK THESE DIFFERENCES

SPARK PLUG	FIRE INJECTOR
Fires across air gap	NO air gap required
Wire electrode burns away	NO wire electrode
Carbon ruins firing tip	NO tip deterioration
Needs cleaning and setting	NO cleaning or setting ever
Needs periodic replacing	NO replacing

JOUSTERS WILL ENLIVEN SCOUT-O-RAMA

TOURNAMENT PLAY: This modern version of jousting, a time-honored tournament game originating when knighthood was in flower, is being demonstrated by Roger Shuff, 12, of 397 Nashobe-av, and Warren Martindale, 11, 177 Lechner-av. These boys of Troop 182, along with hundreds of others, will act as hosts in one of more than 200 booths at this year's Scout-O-Rama. The event will be held on Saturday and Sunday, Apr. 25 and 26, at the Ohio State Fairgrounds. Tickets sell for 50 cents and will admit one adult or two children.

BOY SCOUT NEWS

By Jack Frevel

Pack 248 has decided on eye-catching colors for this year's Scout-O-Rama booth.

The background will be yellow and white, with small branches and artificial birds as an appealing setting for the pack's theme, "Birdhouses."

The boys plan to build wren houses while in the booth, under the leadership of Cubmaster Frank Morris, and his assistant, Joe Barton. Records will play while the work is being done. The Cubs are trying to secure some records of bird songs to use for the booth.

Girls' Slumber Party Dated Next Friday

Girls of Guys and Dolls Club are planning a slumber party Friday, Apr. 17 at Glenwood Center.

Members planning to attend are asked to contact the chairman, Jeanne Sterling, BR. 8-6075, or Millie Green BR. 4-7618, at Glenwood.

Five parents will chaperon the party which starts at 9:30 p.m.

REMODELS DWELLING

A permit has been obtained by D. R. Maxwell, 373 S. Richardson-av, for the remodeling of a frame dwelling. Contractor is Harold Slyh Roofing Co.

An advance report was turned in to Scout-O-Rama officials by the Southwest District's Harry Arnold, at Pack No. 248's last committee meeting. This report should rate the pack higher in Scout-O-Rama standing.

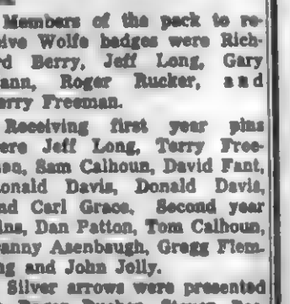
Prepare First Aid Booth

Another unit busy with Scout-O-Rama is Troop 235. Theme is "First Aid." Scripts and demonstrations have already been set up, with realistic "victims." Their booth will feature posters, signs, and a completely stocked first-aid cabinet.

PACK 148

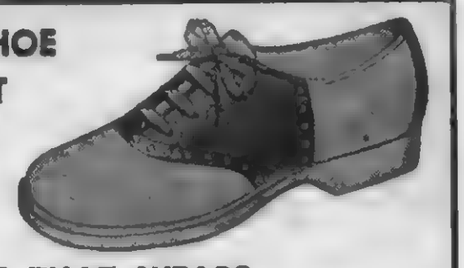
A skit on the Royal Mounties presented by Dens 3 and 4 accompanied a film on Canada, shown to Cub Scout Pack 148.

Members of the pack to receive Wolfe badges were Richard Berry, Jeff Long, Gary Mann, Roger Rucker, and Terry Freeman.



Receiving first year pins were Jeff Long, Terry Freeman, Sam Calhoun, David Fant, Ronald Davis, Donald Davis, and Carl Grace. Second year pins, Dan Patton, Tom Calhoun, Danny Asenbaugh, Gregg Fleming and John Jolly.

Silver arrows were presented to Roger Rucker, Steven Beetie, Danny Patton, and Tom Calhoun.



SCOUTS STUDY RAILROADS

MERIT BADGE WORK—Eight boys of Scout Troop 257, Hillsonia SUB Church, were among several hundred Central Ohio scouts who recently qualified for the Railroading Merit Badge by taking a four-week course put on by the Pennsylvania Railroad and the Association of American Railroads. In conclusion they toured the Penney shops and yards on E. Fifth-av. Posing in front of an abandoned "Iron Horse" are (kneeling) Bob McLane, Sheldon Hatzer, Dick Grossniger, Kenny Snider, Richard Fink. Standing, left to right, Larry Snider, Dave Keehler and Gene Fink.

IN TELEVISION — Sherry Washburn relaxes in front of the fireplace at her home at 3130 Fishinger-rd by looking over a scrapbook of her talented achievements. The former Hilltop resident was, until recently, hostess of a children's educational program over a local Columbus television station. She plans on returning to TV in the near future. Sherry attended West Broad Elementary, West Junior High and graduated from Hilliard High School. At present, she is a sophomore at OSU.

Talented Area Miss Takes TV In Stride

By John Poeppelmeyer

Breaks often come in the most unexpected manner, but in the commonest of places.

In the case of lovely Sharon Washburn, the big moment arrived in a classroom at Ohio State University, where she is majoring in elementary education.

A classmate of hers, Robert Fuzy, unbeknown to her at the time, was the director of the "Five and Ten" program, produced locally over an educational television network.

He contacted her in August and asked if she would like to audition for the program. Her photogenic good looks and charming manner soon landed her the hostess spot on the production.

"Before that, I had no interest in television nor any background training in speech," she revealed.

Besides starring in the children's educational half-hour presentation, she also helped to plan the production. "Actually, we had pretty much of a free hand" the 19 year old brunette explained. Viewers were introduced to a variety of guests, from a magician and a veterinarian to a librarian who taught crafts.

Sherry had to admit that she was nervous her first few times before the TV cameras. "I had previously been in high school plays, but being before that unseeing eye and audience was quite a bit different," she recalled.

At the present time she is on leave of absence from the studio. She plans to return next year, however. Right now, Sherry hopes to go into an ice-skating show. She said that she would like to gain as much background and knowledge as is possible for a future teaching career. She especially would like to teach on television.

Her energies appear unlimited. The personable miss has always had an interest in sports ever since she was a tomboy youngster. She enjoys bowling, water-skiing, and swimming in addition to ice-skating.

Some of her broadcasts include on the spot instruction of a variety of these sports, plus hockey and fencing.

Sherry is the daughter of Mr. and Mrs. Lee A. Washburn, 3130 Fishinger-rd. The family formerly lived on the Hilltop for a number of years. She attended West Junior high school and West Broad Elementary. Sherry graduated from Hilliard High in 1957.

"I can still remember riding around Hilltop streets in an Army tank my father bought after World War II, for use at his lumbermill," she said with a smile.

Her mother is employed by Joe Briggs Insurance Co. on Sullivant-av. Her father is now a civilian supervisor of inspection for the Navy at Fort Hayes.

For 10 years Sherry was a member of Pal-Ki-Ga Camp Fire Girls, under the leadership of Hilltopper Mrs. James Metheny.

Returning to the television program, she mentioned that the name of the show was based upon the five and ten slogan of variety stores. Children attended the program from the ages of five to ten years. "However we let the upper age limit vary at times," she confided.

"I'll have to admit," she smiled, "it isn't every girl who can say she has had a television program of her own by the time she is 19."

But then on the other hand, it isn't every girl who is a Sherry Washburn either.

Fussell, Inks Win Match Box Derby

Class "A" championship of the Annual Hilltop "Y" Indian Guide Match Box Derby was won by Andy Fussell of the Cayugas Tribe. Fussell defeated Mike Brooker of the Mohicans for the title.

Tied for third place were Jeff Valentine of the Mohicans and Tom Pipic of the Chippewa. Pipic and Valentine received baseballs, runner-up Mike Brooker received a baseball bat and Andy Fussell took home a trophy.

Mark Ihle of the Cayugas won the Class "B" title. He defeated Pete Carfrey, Comanches. Steve Redman, Comanches, and Mike Schaaf, Hurons, tied for third. They received prizes similar to Class A boys.

Best decorated racer trophy went to Sherwin Ritchie of the Chippewa. Most original racer was entered by Charles Bergmann of the Blackfeet. Judges were past chiefs of the Hilltop Nation, Don Roederer, Harry Grashel and Stan Ruoff.

The Chippewa Tribe was in charge of the derby. Other committeemen were Bob Edgar, Sioux, and Big Chief Dave Alban of the Sioux.

Sport Of 'Roaring Twenties' Staging Comeback

Miniature golf, which was all the rage a generation ago, is swinging back into popularity again.

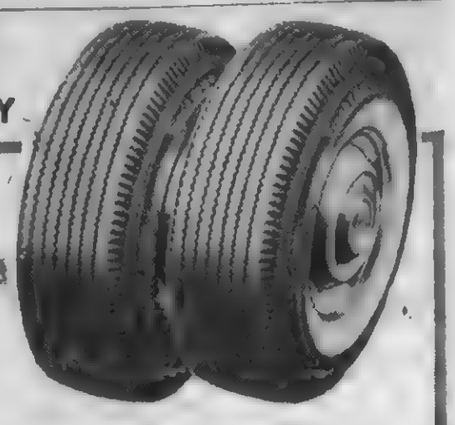
Enterprising Hilltopper, Bob Case, who makes recreation his work, is bringing the past-time sport here in a big way.

This week he put finishing touches on a plush, skillfully designed 18-hole course at Great Western Shopping Center. The official opening is noon Friday, Apr. 17.

Case said his course is the only one in the city with "greens and fairways" fully carpeted with a thick, green golfing felt carpet. Playing areas of the 22,000 square-foot course are bordered in red Tennessee sandstone. Case employed an East Coast engineer to design the many unusual obstacles — sand traps, small lake, rustic bridge, water fountains, flower boxes, etc.

Case, who lives at 236 Powhatan-av, operates the Hilltop Swimming pool on Valleyview-dr, Swimland pool in the East Side, and sells Christmas trees from his empty pools in December. For these he travels to Nova Scotia every year.

With addition of miniature golf, Case has four months of the year unaccounted for—October, January, February and March. "I'll think of something yet," he smiled, and returned to his shovel.



NEW VENTURE—Pausing a minute on the handle of his shovel, Bob Case, the swimming pool man, surveys his new miniature golf course along Wilson-rd, Great Western Shopping Center.

Jet Manager To Address Kiwanis Club

Calvin Ermer

Calvin (Cal) Coolidge Ermer, new manager of the Columbus Jets, will address Hilltop Kiwanis Club at its regular Thursday noon luncheon meeting at the Dragon.

Ermer managed the Birmingham Barons last year, the only club in baseball to win a triple-crown. They won the Southern Association pennant, were victorious in league playoffs and defeated Corpus Christi to win the Dixie series.

Born Nov. 10 in Baltimore, Md., he is married to former Gloria Williams, Miss Tennessee of 1952. They have two sons, David and Michael, and lived in Chattanooga, Tenn., for five years before coming to Columbus.

Ermer has been playing and managing organized baseball since 1941 with the exception of three years in the Marine Corps.

His entire career has been with the Washington Senator organization until joining the Detroit organization at Birmingham for the 1958 season.

Port Under Consideration

Use of John Galbreath's Darby Dan airstrip for business aircraft is under consideration by Service Director Floyd Redick.

Redick made his statement to the Columbus Airport Commission last week when it was disclosed that the Sullivant-av airport had been sold to make room for a housing development.

Such a proposal will probably be turned down by Galbreath.

Airport Superintendent Jack Bolton said that because of the closing of the Sullivant-av site, businessmen would be required to use Port Columbus, making it farther for them to go to the western section of town.

Galbreath's private port has a 4700-foot paved runway, four planes and a hanger available.

Bolton was instructed by the commission to check into the cost of constructing a new building. He stated that a new port would have to be large enough to handle up to 23,000 pound planes to get Federal funds to aid in the construction.

Valleyview Boy Reported Good

Condition of five year old Mark Fitch, victim of a Saturday automobile accident, was reported as good Tuesday by Children's Hospital officials. He is the son of Mr. and Mrs. Donald Fitch, 497 Eldon-av, Valleyview.

The lad suffered a skull fracture and was bleeding from the eyes after being struck by a car when he ran from a hedge.

Driver of the auto, Gary A. Caito, 16, of 235 N. Wayne-av, told Valleyview Marshal Jack Maurey that he was driving north on Eldon-av at 25 mph when young Fitch darted from

Hilltop 'Y' Leagues Wind Up Season With Lively Action

Five Hilltop YMCA Basketball leagues ended their season in a big way Apr. 6 at the Sixth Annual Basketball Festival At West High School.

From the opener between the "B" League All-Stars of the Gra-Y leagues to the last encounter between the Intermediate All-Stars and the Coaches the evening was filled with thrills.

West "B" All-Stars nosed out the East Stars 13-12. The East team had a 7-4 lead at half time only to have their opponents rally to win. A three-point play by Dan Georgiton proved the difference between victory and defeat for his squad. High scorer for the winners was Fred Berkemer followed closely by Georgiton's five. Jim Bell was the game's leading scorer as he tallied seven markers for the losers.

West Stars Win Easily

West Stars took an early 11-0 lead and were never seriously challenged as they laid away a 35-10 victory over the East "A" All-Stars. Steve Barnard was high man for the contest with 12. Steve Prater of the East was high man for his team with 4.

West "B" All-Stars included Mike Tripp, Dan Georgiton, Mike Eckhart, Tom Baughman, Fred Berkemer, Steve Hedges, Dan Walker, Dave Walker, Terry Meinberg, Dave Foster and Bill Dennis. The East "B" Stars were Joe Artis, Mike Robison, Hugh Williams, Edgar Fields, Nick Damopoulos, Larry Ginn, Paul Casey, Jim Bell, Ed Gilham, Paul West and Art Wilson.

On the West "A" All-Stars were Darrell Rohrer, Scott Watkins, Steve Barnard, Jud Boley, Dan Dent, John Grashel and Larry Krumm.

Members of the East team were John Click, Mike Dave, Gary Stimmel, Darnel Thomas, Ron Hill, Steve Pennell, Hiram Tanner, Larry Swanbeck, Bob Coles, Ray Glascor, Steve Prater and Fred Ashman.

Hillcrest Takes Crown

Hillcrest Baptist won the Junior League, defeating Hoge Memorial for second round honors. Hillcrest had already won the first round. At half time Hoge held a 5-4 lead only to see Hillcrest completely take command and win 21-11. Ken Roivas with 9 and Joe Massey with 8 were high for the winners. Tom Herbster shared the top game scoring with Roivas. On the championship team were Rick Rhodes, John Richards, Dick Sines, Joe Massey, Ken Roivas, Randy Rhodes and Mike Pugh.

Hi-Y, Hoge in Thriller

In the most thrilling contest of the evening West Senior Hi-Y defeated Hoge Memorial 44-43 for the intermediate league crown. Hoge had a 22-14 lead midway and held a ten-point edge as late as the last eight minutes, when the Hi-Y lads staged a late rally to win.

Just as the game ended a foul was called on a Hoge player. The champs-to-be trailed by one point. Earl Aber, high scorer for the winners with 17 points ,was awarded a one and one situation. He made both — and assured the victory.

Cal English spearheaded the second-half surge with 13 of his 15 points. Bill Cooke was high for Hoge, tallying 17. On the Hi-Y team were Steve Stavrides, Tim Skaarer, Larry Link, Bob Phillips, Aber and English.

Coaches Hold Edge

In the final show of the evening the Coaches of the teams defeated the Intermediate All-Stars 56-52. At half time the coaches held a 27-26 lead and kept this advantage in spite of the physical difference. Dean Grabill with 8 led the Stars as nine of his teammates also broke into the scoring column. Dick Curtiss paced the coaches with 15.

Members of the All-Star team were Grabill, Al Daft (who led the scorers for the season with 199 points), Bill Kuhn, Bob Dean, Jim Bluhm, Gary Reynolds, Tom Morrison, John Hill, Al Nance, Jim Smiley, Bob Saint, and Jerry Hummel.

West split even in their city league baseball warring the past week, trimming East 4-1, Tuesday, and then lost a "heart-breaker" Friday to Linden McKinley, 1-0. That put the Cowboys at the .500 mark for the city loop and kept Linden undefeated and tied with South for the league lead going into this week's play. Both games were played at West. East's game was switched as the Tigers' field was not in shape. North plays at West this Friday p.m.

Harler Don Uldricks fanned five, walked one and allowed four hits. His 'reliefer, Don Barnes, took over in the sixth and struck out two, walked two and allowed no hits or runs, striking out the side 1-2-3 in the seventh to close the fray. East got its lone tally in the fifth as first sacker Brian Dickenson reached on Uldrick's error and came scooting home on Catcher Charlie Ore's triple to deep right center.

The Bronco collected two in the second as Mike Cantion singled to left; Dave Brady did the same and they both came home on Bill Brigger's long double. He was nipped trying to stretch it into a triple. In the fifth Dan Alder led off with a walk, Uldricks singled to left and then the two of them proceeded to move around and score on a succession of Tiger errors and past balls. Bobby Saint also played a nice game afield and tripled, only to be left stranded, in the first inning.

Pitchers Battle at Linden

Against Linden it was a definite pitchers' battle with Linden's Jerry Farrington taking the edge as he struck out 10, walked only two, and allowed two hits in posting the win. Both pitchers went the route . . . as Uldricks struck out nine, walked one, but gave up five safe blows. Uldricks was in trouble several times, but managed to work his way out of them except in the seventh.

Farrington, their hurler and clean-up man, with two singles, led off with a single and went to second on an error. He rode home on Steve Bennett's triple that bounced off the bottom of the stadium in deep left. John Moore was hit by the pitcher, and stole second to put men on second and third, but on a good throw from Barnes to Briggs, Bennett was nipped at the plate and Kelly Arthur struck out. The damage was done.

Cantion flew out and Brady and Biggers struck out to end the game. Bob Dean with a lead off single in the first and Saint's single in the sixth were the only safe hits off Farrington who got stronger as the game progressed. It was a cold bleak afternoon and certainly not ballplaying (or pitching) weather.

West had a chance to take an early lead and perhaps change the outcome of the contest as Dean's first inning single, Saint's base on balls and their eventual double steal on second and third respectively, left a man on third and only one out. But Briggs hit a fairly slow twister to their first baseman. The run should have been home, but when the dust cleared there were still men on second and third, two out and no score. And that's the way the inning ended . . and West never threatened that far again.

Tuesday finds West at Aquinas and Friday Grove City at West.

North Stomps Central

Defending city baseball champ Central took its first outing in defense of its title with a "sock on the jaw," 12-6, from North. Central led till the final stanza, the seventh as the Polar Bears rallied to tie it up and then break loose to win in the eighth. For the Bucs Ed Parks had four for four including a double and a homerun.

Bucs Win, Lose One

In track Central nipped South in a dual meet, 60-58, but came in second in a triangular meet with North 71½, Central 49½ and Marion Franklin 28.

Fluharts Make Fine Showing

Mel Fluhart nearly hit the jackpot in his third year of sponsoring his present basketball crew in the local amateur warring. Under coach-manager Ken Saunders, Fluharts have a record to date (at press time) of 36-6 and at one time had a 19-game winning streak going. That included five in pre-season contests, 10 in league play, a playoff game and three in tournament play.

To date they have won the Godman Guild Monday Night pre-season league title, the G-G Wednesday night regular season league crown and also took the Columbus Invitational Tourney. They finished second in the Mohawk "AA" Independent League, lost out in the quarter-finals of the AAU Tourney and are currently playing for the championship of the City "A" Tourney. (Oh, yes, they took another title too . . . downed Roy's Drive-In, 67-61, in the playoff of the Monday and Wednesday Night League champs of Godman Guild.)

In winding up the City "A" tourney, they played Bart's Bar, composed of many Hilltop names, Tuesday eve at Hilltonia Jr. High. In the double elimination affair, if Fluharts won, they racked up another title. But if Bart's won they will play their final game Wednesday eve at the same spot. (Fluharts are undefeated in the tourney so far while Bart's has one blemish on record.

Fluharts have a team composed of former Columbus high greats. Although several others have come and gone through the season, these seven comprise the main squad: Warren Pemberton, former West star; John Gatewood, all-city choice at Central a year ago; his brother Mims also from Central; Lloyd Grinston, another all-city choice from Central last year; Tom Edgar of Mifflin; Jim Browning, a former all-county selection from Gahanna . . . and after the current high school season was over, Wallace Chandler, an all-city selection this year from Central, joined the squad.

Their top scorer, and one of the best rebounders, has been John Gatewood. Of course, 6-6 Browning has been a big asset on rebounding too, especially on the defensive boards. Over the year Mims Gatewood has been the team's number two scorer and play-maker, but since Chandler joined the team, he's been their best playmaker.

West Jr. High got baseball season off to a flying start with an 8-0 win last Thursday over Beery Jr. High at West. Bob Cogan started and was the victor and gave up the solitary hit by Beery, a double in the first. West got one in the first, but exploded for seven in the fourth. They drew a bye (nine team loop) this week, but meet Eastmoor there next Tuesday. West tied for the championship last year, with Barrett, with a 7-1 record. Coach Bill Brown says that this season, like last, will probably be decided by the breaks, and taking the close ones.

Football League Revises Rule; Admits Teams

Team representatives of the Ohio Valley Football Association Saturday agreed to lower players' minimum weights from 170 to 160 pounds.

Decision was made to permit boys to move from the Ohio Bearcat League directly into Ohio Valley.

Present at the meeting were Jim Snider, representing Valleyview Golden Bears; Robert Nixon, Westgate Manor Thunderbolts and Jim Thornsley, Gahanna.

Three new teams entered in the league were represented by Bob Carroll. They were, Eastside Tigers, Linden Recreation and Arrowhead.

Eastside Tigers finished in third place in the Ohio Bearcat League last season.

Gladden Center Introduces Two New Activities

Two new activities added to the teen-age program at Gladden are co-ed volleyball and "You Asked For It" Club.

Co-ed volleyball is scheduled for the last two Wednesdays of every month. Mixed teams of boys and girls have been formed and play is now in progress.

"You Asked For It" Club is a group of teen-age boys and girls which conducts a variety of activities depending upon the wishes of the majority of the group.

Recent projects include: ceramic work, interpretation of jazz, teen dance, horse-back riding and a "caveing expedition."

Leadership is Ron Dingle, Capital University student.

SLICK CLIK—Mrs. Michael Hurdzan displays the "Swing Clik" timing assembly invented by her husband, Jack Kidwell, pro at Beacon Light golf course, stated that Hurdzan's device is "definitely not in the gadget class."

For Pros Or Duffers

New Rome Links Fan Invents Timing Device

Duffers take heart!

Placed on the market Feb. 20 was a new timing device to enable all ranks of golfers, from rankest amateurs to foremost pro, to increase or regain lost timing efficiency.

Invented by Mike Hurdzan, 49 Pasadena-av, New Rome, this slick little gadget maximizes power and speed at the moment of impact when club head meets ball.

Hurdzan states that the "Swing-Clik" timer is readily attachable to any standard wood golf club shaft. A spring catch is adjusted just below the club grip. A rubber stop is placed just above the head.

Heart of the device is a slide that moves freely on the shaft.

When a golfer first lines up his shot, the slide is secured beneath the spring catch. As the enthusiastic par-stripper begins his downward stroke, the slider remains in place until the moment his wrists are uncocked. Powered by centrifugal force, the slide releases and speeds toward the rubber stopper.

If timing coordination is solid the slide will impact against the stopper at the same instant the club head lunges into the ball. One spontaneous "click" should be heard.

Hurdzan points out that if the back swing is too fast or jerky, the slide will release. "No sense wasting power until you are ready to uncock those wrists," he added.

Hurdzan, a link addict for 20 years, first came up with the idea of a practical timing device when his wife found her best par breaking endeavors reflected naught on the score sheet.

"Her timing was off. She dropped her shoulders and did not allow her hands to pull her body through for the follow-up" he said.

"This is the only timing device I know of," he said, "that can be utilized with or without balls."

Mrs. Hurdzan, now a member of the Columbus Woman's Golf Association, spent hours practicing in the back yard of her home.

"Now," she said, "even when I do not use the "Swing-Clik" I seem to hear a silent "click" whenever ball and club head meet."

Mrs. Herdzan, formerly a "C" golfer, now ranks as an "A" Over the past five years she had garnered five trophies.

The device weighs only two and seven-tenths ounces. It contains 13 parts. The gadget allows the club to retain its proper balance all the way through a swing.

Club pros in Hopkinsville, Ky., Fort Wayne, Ind., and in Florida have enthusiastically accepted the innovation. National Greenkeepers Association has been introduced to it.

Jack Kidwell, Beacon Light pro, where the device was introduced on Feb. 20, regained his timing with its aid. "It is the first timer to come along that will be a genuine aid to golfers," he stated.

Hurdzan, a Westinghouse tool maker, worked on the invention during his off hours. He has received a Canadian patent and has applied for a U.S. patent.

As yet he knows of no way to adapt his gadget to put the ball in the cup. But duffers take heart! With the aid of "Swing-Clik" and with no one around to count "gimmies," that old fairway cannot but help take a pounding.

Knights Retain Top Cage Rating

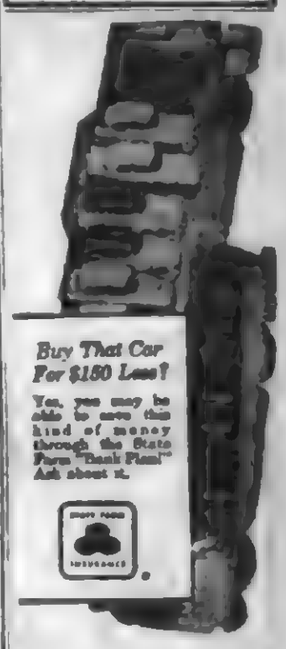
The Knights, senior girls basketball league champions, remained undefeated in the Open House game at Glenwood Center last Thursday night.

Managed by Donna Berio, they defeated the League All Stars, 27-21. Outstanding players from six teams made up the All Stars.

At half-time the game was tied at 16. By the end of the third quarter the Knights were five points ahead.

Donna Berio scored 11 points for the Knights. Barb Whipple made four baskets.

Bev Wenger (Thugs) of the All Stars scored 11 points and Donna Frazier (Stars) had five.



At half time medals were awarded to the Knights by Clenmont Bergman president of Glenwood Advisory Council.

Nancy Elected New Secretary Of DECA

SUPER SALESGIRL—The same friendly personality that spells success as a salesgirl for Nancy Steele, won her the post of national secretary of DECA. Election was held at the clubs' convention in Tacoma. Nancy, a distributive education student at West, is shown at her work station in Seiller's Department Store.

A happy smile and friendly personality were the "winning ways" that cinched a national office for West High's Nancy Steele at the DECA convention held recently at Tacoma, Wash.

Nancy, 84 S. Harris-av and Leslie Wilson, 2977 Palmetto-st were West's representatives at the Distributive Education Clubs of America Conference in [illegible].

Conducting a "grass-roots" campaign with all the aplomb of an experienced politician, Nancy won the coveted title of National secretary with no posters, give-aways or gimmicks.

"Lots of contacts... talking to delegates any time I had a chance....I suppose I talked to 500," is how Nancy conducted her campaign.

Her victory over the other two candidates was especially impressive since another Ohioan held the post last year. General rule is to elect a representative from another state.

Nancy succeeded Janet McClurg of Zanesville.

O. D. Lehman, teacher-coordinator of the program who accompanied Janet and Lee Wilson to the convention, attributed her victory to personality. "She makes friends so easily, is always courteous and has the quality of winning people's confidence. By the time we reached Washington all the delegates on the train were her friends."

Candidates were nominated by committee after careful screening. Nominees presented their campaign speech at the general assembly and delegates cast their votes.

Nancy will join other new officers for a week's training period at Washington, D.C., in August. During the year she is responsible for keeping officers informed of club activities and plans for the national convention planned for April, 1960 in Kansas City.

Nancy is also Ohio DECA secretary for the coming year.

NOTES FROM WEST HIGH . . .

Susie Harvey, Bob Thornton Named 'Guy' and 'Doll'

By Carol Souther

West Senior High is very proud of two members of the senior class. They are: Susie Harvey "Doll" and Bob Thornton "Guy." Named "Guy and Doll" on Friday, Apr. 11, Susie and Bob reigned supreme over the annual noon dance.

Speaking of congratulations, many will be in store concerning "Magic Moments," semi-formal dance sponsored by the journalism department. At this Apr. 24 affair a "Yearbook Queen" will be named by down town newspaper people and local radio and TV personnel.

Admission to the dance will be $2.00 per couple—no stags—and no corsages are to be worn because favors will be presented at the dance.

Don Phillips Band will present music for the affair.

For those who work so hard to present this—the greatest dance of the year—prizes will be awarded to members of the journalism department, who sell the most tickets.

Make a mental not for Friday, Apr. 24, 9 to 12 in West High gym.

Club calendar informs us that there will be a Latin Club meeting Thursday, Apr. 16, at 8 in room 317.

Don't forget the VCY meeting Wednesday at 8 in room 317.

A big congratulation goes to the Girls Ensemble, Mixed Ensemble, Gary Cook and Sally Jansen. These people participated in the vocal state contest at Bexley High School. The Girls' and Mixed Ensembles along with Gary Cook received a rating of excellent, Sally Jensen received a superior rating. Congratulations to all!

Capable Craftsmen Is Chief Aim Of 'Wood's Wood Shop'

By Nan Long

The ability to learn . . . the ability to do . . . ability to be somebody . . .

Every person has at least one of these three qualities, believes Ralph Wood, Central's woodworking teacher. Not every one can have all three, but after 42 years of teaching trade school and band, Wood believes that at least one should be developed . . . deft hands . . . keen mind . . . personality.

Looking around Central's wood shop, one sees the room humming with activity. Lathes whir, shaping intricate chests and polishers spin on sleek redwood shelves.

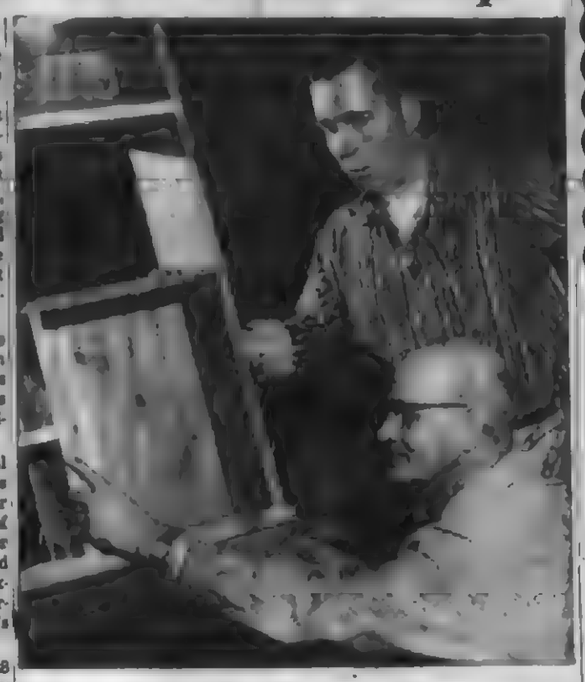
Like most occupational teachers, Wood simply enjoys working with boys. Cedar chests, tables, book cases of every style and a cabinet for storing library films, designed and built by the boys, are examples of the creations currently coming from "Wood's Wood Shop."

Coming to Columbus in 1928 to teach at the Columbus Trade School, Wood has taught at Central for four years. He believes that boys learn more when they like what they are doing and he makes it a point to make school interesting.

As a band director for 40 years, he found that many of his students came to school to play trumpet or drums first, and afterwards got interested in the welding or wood refinishing.

As a hobby, Wood keeps in contact with many of the boys, following their careers. He can remember boys he had in class years ago, the problems they had and courses they liked. "It is wonderful," he says, "how a boy can be so lost in book classes, and then learn to do something with his hands, and become a person looked up to in his community."

Wood not only works with high school students. At the present time there are three ex-servicemen in wood courses at Central.



Oscar Washington, 28, of 344 S. Wayne-av, came to Central after three years in Korea, complete with two battle stars, a Purple Heart, a combat infantry badge, and the Korean Citation.

He held a part time job with the post office and attended classes half-days at Central. During the three years of Wood's training he has built hi-fi cabinets. Bedside stands, desks, coffee tables and bookcases of many designs.

In June he will complete his course and he tells eagerly of hopes for a workshop of his own. Just as readily he speaks of self-confidence and success, purely through Wood's personal help and interest.

Wood lists among his former students men who are today respected vital citizens.

In this era of emphasis on college degrees, he points out that "there will always be a need for people to build our houses, create our furnishings and repair these things scientists create. That's why I think it's important that these boys have the opportunity to develop their skill."

WOOD TRAINING BY WOOD—Robert Reeder learns, as have many others, the art of wood working from Ralph Wood, Central High teacher for four years. Reeder, who lives at 1854 E. Field-dr, is one of the Korean veterans enrolled in the building trades course at Central. He attends classes half-days and will be graduated in June.

"VOTE NO on Proposed Ordinance in May 5 Primaries," declares Council Candidate Harold Hichman, 1163 E Weber Rd. "To vote against the Ordinance means a vote to approve the interchange at E. North Broadway," explains Mr. Hichman, "and it is one of 5 entrances onto the North Freeway Express System approved by city and county engineers." Mr. Hichman, a printer at The Columbus Dispatch, is an Independent Republican . Pol Ad

West Freeway Traffic Count Slated For June

A traffic count to determine the origin and destination of Franklin County traffic will get underway in June, an Ohio Highway Department official said recently.

Results of the survey will determine where the West Expressway will connect to the innerbelt. Western origin of the X-way is a point near West Jefferson.

Motorists entering and leaving Franklin County will be among the first interviewed.

Final routing of the north section of the outerbelt will also be determined by the survey.

It is expected that the study will move the freeway south of Broad-st, near the Mound-st exchange.

Hilltopper Weds Miss Natalie Bergeron In Ceremony Held March 19 In Alaska

Christian Reformed Church in City View, Alaska was the scene of the wedding Mar. 19 of Miss Natalie May Bergeron and SP/4C Ralph Otis Wheaton.

The bride, a teacher at Central School there, is the granddaughter of Mr. and Mrs. Daniel Patrick Fahy of Nashua, N. H. The bridegroom, serving with Headquarters Detachment, US Army, at Ft. Richardson, Alaska, is the son of Mr. and Mrs. Cloice O. Wheaton, 103 Demorest-av.

Rev. William Heynen read the double-ring service before an altar decorated with white stock, crysanthemums and greenery.

Almost 100 friends of the couple witnessed the candlelight ceremony.

Given in marriage by Mr. Roy Edris, the bride designed and made her own wedding gown. Fashioned of white satin brocade, it was styled along princess lines with high neckline, tiny collar and three-quarter length sleeves. Two inverted pleats at the back gave fullness to the skirt.

A tiny cap of matching brocade outlined with seed pearls held a shoulder-length veil and she carried a cascading hand bouquet of white carnations and stephanotis. Her only jewelry, a pair of pearl earrings, was a gift of the bridegroom.

Miss Norma Dingman, a teacher at the Denali School there, served as maid of honor. Her princess style gown of cinnamon satin brocade was designed with short sleeves and sabrina neckline. She wore a matching headpiece and carried yellow carnations and stephanotis.

Mr. Egil Andriesse served as bestman and guests were seated by Mr. William Umicker and Mr. Paul Purvis.

A reception followed the ceremony, at the church.

A resident of Anchorage since September, 1957, when she came to teach school, the new Mrs. Wheaton was graduated from Nashua, N.H. High School and received her education degree from Plymouth, N.H. Teachers College. She has done graduate work at the University of Alaska.

Mr. Wheaton has been in Alaska since September, 1957. He was graduated from West High School and attended Ohio State University before entering the army.

Hilltopper Weds Miss Natalie Bergeron In Ceremony Held March 19 In Alaska

Christian Reformed Church in City View, Alaska was the scene of the wedding Mar. 19 of Miss Natalie May Bergeron and SP/4C Ralph Otis Wheaton.

The bride, a teacher at Central School there, is the granddaughter of Mr. and Mrs. Daniel Patrick Fahy of Nashua, N. H. The bridegroom, serving with Headquarters Detachment, US Army, at Ft. Richardson, Alaska, is the son of Mr. and Mrs. Cloice O. Wheaton, 108 Demorest-av.

Rev. William Heynes read the double-ring service before an altar decorated with white stock, erysanthemums and greenery.

About 100 friends of the couple witnessed the candlelight ceremony.

Given in marriage by Mr. Roy Edris, the bride designed and made her own wedding gown. Fashioned of white satin brocade, it was styled along princess lines with high neckline, tiny collar and three-quarter length sleeves. Two inverted pleats at the back gave fullness to the skirt.

A tiny cap of matching brocade outlined with seed pearls held a shoulder-length veil and she carried a cascading hand bouquet of white carnations and stephanotis. Her only jewelry, a pair of pearl earrings, was a gift of the bridegroom.

Miss Norma Dingman, a teacher at the Denali School there, served as maid of honor. Her princess style gown of cinnamon satin brocade was designed with short sleeves and sabrina neckline. She wore a matching headpiece and carried yellow carnations and stephanotis.

Mr. Earl Andrieson served as bestman and guests were seated by Mr. William Unnicker and Mr. Paul Purvis.

Students At Franklin Heights Radiate High School Spirit

WONDERS OF SCIENCE — Curiosity about chemistry attracts two Franklin High girls. Merrily Levengood, foreground, prepares a solution of sulfuric acid, while her partner, Joyce Shipley, adjusts the Bunsen Burner.

NEEDLES AND PINS—Teacher and student stop "needling" each other when a "knotty" problem arises in home economics class. Mrs. Lena Bailey, standing, helps student Joan Sloan thread the way to a happy "sew-lution."

INSIDE STUFF—This is one "Charlie" who doesn't find it necessary to use cream-oil hair tonic, nor much of anything else for that matter. Biology students Darlene Martin and Ford Adam decide to get to the heart of the matter to find out what makes "Charlie" click.

A true high school atmosphere permeates the corridors and classrooms at Franklin Heights.

Literally as well as figuratively, students appear to know in which direction they are heading, whether it be toward a classroom or a goal.

In James Eliopulos' speech class, for instance, students project themselves in the roles they may be portraying at a particular moment. They are taught to concentrate and use their imagination, or as in Eliopulos' own words, "get out of character."

He suggests a situation to be enacted, presents them with a brief outline, then leaves it up to the students to fill in details.

"All of their young lives, children are told not to "show off," he said. "When they reach high school age, in order to regain individuality in others' eyes they must throw away this idea of not 'showing off'."

Even home room periods are more than adequately timed.

Intra-mural volleyball between classes is part of the school agenda on certain days. The boys engage in the sport while the girls line the benches along the gymnasium wall, watching.

The library also attracts a throng of pupils each day. According to librarian Mrs. Ernestine Fast's estimates, approximately 350 use its facilities each day.

"There are not too many calls for Western type literature," she relates. "Boys seem to be interested, at the present time, in World War II stories. Romantic articles suffice for the girls," she said.

Future careers as flower designers are sought by members of Mrs. Eunice Garnett's Floral Design Club.

"Although, not in all instances," she amended. "Correct attractive floral designs play a large part in the home, too. Or maybe they just enjoy it as a hobby."

There's a lot of bellyache that bi-carbonate won't cure.

Gladden Teens Win Laurels In Ping Pong

Two Gladden teen-agers were crowned Champions and another took second place in the Columbus Federation of Settlements Ping Pong Tournament held last week at St. Stephens Community House.

Charles Gordon was winner in the 13 to 15 years Boys Division. Janet Kunkle was runner-up in the Girls Division. In the 16 to 18 years group, division David Ruiz took the laurels.

Milk production in 1959 likely will be somewhat larger and retail prices a little lower than in 1958, according to Ohio State University extension economists.

OSU Gift Drive Now Under Way

Members of the Hilltop committee are: Miss Margaret G. Armour, John Clay, Paul V Crosier, Mrs. Frederick C. Finke, Charles Fullerton, Virgil L. Fury, Mrs. Norman Line, Richard D. Mindigo, Ervin Mofhrman, jr., Mrs. Robert Timlin and Arthur R. Walker.

County Issues 22,597 Titles

Franklin County came close to smashing its record for issuance of auto title certificates during March, Robert L. Metzger, clerk of courts, said this [illegible].

The 22,597 cars registered during the month were second only to the 1955 mark of 24,802. It marks an increase of 3,062 for the same period last year.

While missing the record for the month, the department did shatter all pre-existing records for one day when they issued 1,401 titles Mar. 31.

Scientist Conducting Search Along Buried Teays Valley

Scientists and hydrological engineers are instigating a search far below the ground-level of western Ohio for what they believe may be possible sources of ground-water supplies. They are from the Ohio Division of Water and U. S. Geological Survey.

The water experts decided on this hunt after research on the buried Teays River Valley of west central Ohio showed indications of ground-water supplies downstream. The present area of research covers the Teays Valley where it winds underground through Madison, Champaign and Clark counties.

In pre-glacial ages, the Teays River was the master stream for drainage from a large part of the Appalachian region. It originated in Virginia and North Carolina and flowed northwestward across West Virginia and southern Ohio. It was buried during one of the glacial move-[illegible]

Although no ground-water bearing soils were found in the valley under the three west-central counties, all indications are that downstream sources of ground-water soils do exist.

Tracing of the buried Teays River to the Mississippi has accomplished, largely by well records, across western Ohio northern Indiana and Illinois.

Further research by geophysical methods and test drilling will be necessary to locate any ground-water sources.

A report just released by the Geological Survey, in cooperation with the Ohio Division of Water, contains these and other important facts about the largest buried valley in the state.

The complete published report may be acquired for 55 cents by writing Ohio Department of Natural Resources, Division of Water, 1562 West First-av, Columbus, [illegible]

NINTH WARDERS MAKE ENDORSEMENTS

WELCOME BROTHER—The mayor and Democratic candidates for city council were as welcome as the flowers in May at this recent gathering of the Ninth Ward Democratic Club. President Catherine Brill assures the group's support to Mayor Sensenbrenner while Committeeman Frank A. Schneider follows suit with Councilman William Hoermle. Busiest Years Yet To Come For Retired Postal Worker

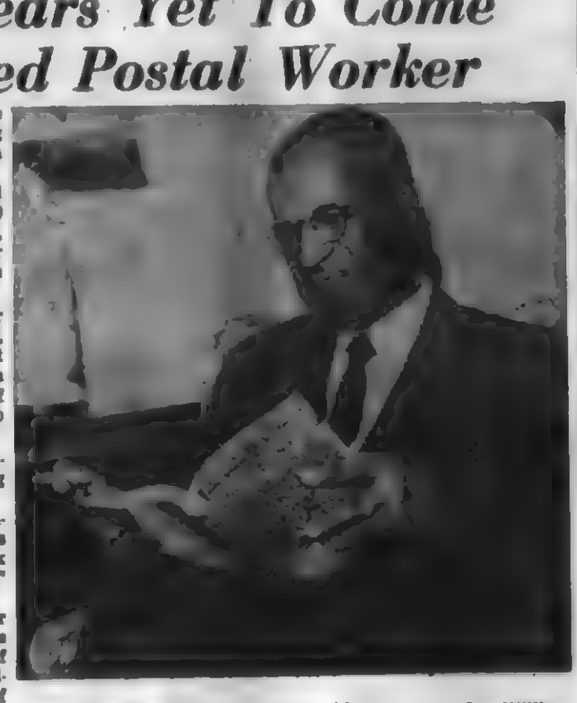
Retirement years promise to be the busiest, most rewarding ones of his lifetime to William Colwell, 333 Clarendon-av.

Recently retired as a postal clerk in main postoffice after 40 years and six months' service, he plans "to take it easy for awhile, and then be busy with all the things I want to do."

First on the list is volunteer social work at the state hospital, "the patients have such a great need for help," and work with St. Vincent De Paul's Society of St. Aloysius Church, "there's so much to be done there."

His schedule also allows plenty of time for hunting, fishing and his favorite, gardening.

"My wife is the flower enthusiast," he says. "She does the planning and I do the work and we both enjoy the results."



Oldest Charter Member

A past officer and member for 35 years of the Columbus Branch, National Alliance of Postal Employes, he is the oldest living charter member of the group.

He also belongs to the Holy Name Society of his church, St. Aloysius, and to Alpha Phi Alpha fraternity.

His wife, Margaret is a contralto soloist and director of Oakley Avenue Baptist Church.

Their son, William, 122 S. Wheatland-av, is a director of research in Columbus' slum clearance program and the couple has two grandchildren.

Westmoor Junior High Is New Star Of Columbus Schools

DREAM COME TRUE — Westmoor Junior High, due to open in September on the 18-acre site on Valleyview-dr at Hague-av, has all the "dream school" features of educators and students as well as its designer, School Architect David Schackne, Jr. Built at a cost of $1,200,000, the school incorporates the most modern advances in education facilities.

AUDITORIUM — The architect's plan of transforming the building's functional features into decor is evident in the vast auditorium. Designs of brown and cream brick on beige walls are needed projections to break up sound and improve the room's accoustics. The graceful curve of the ceiling in front of the stage forms a sounding board to strengthen the projection of children's small voices. Color, used throughout the building, extends to even the auditorium seats. Entire sections will be in orange and in turquoise.

How Far Does City's Sewer Pact Go? Leach Is Asked

How binding is an eight-year-old city contract providing sewer and water service to areas west of the corporation line?

That is the question asked of City Attorney Russell Leach this week, after the problem of overloaded West area sewers again stole the spotlight at city council meeting.

Council president Ralston Westlake demanded to know why the city should permit a new 600-home development south of Lincoln Village to hook on to the present choked up lines. Service Director Floyd Redick replied that the city has obligated most services in a pact with county commissioners and probably can't easily back out.

Political overtones grew stronger when Westlake, a Republican candidate for mayor, was told that the contract was signed by the previous administration, when his own party was in power. He was accused of trying to embarass Redick. "I don't care what administration it was under," Westlake replied, and joined with Democrat Councilman Robert L. Van Heyde in asking the city attorney for an interpretation.

Westlake said Tuesday he "really wasn't aware that such a pact existed with the commissioners, and I doubt if the other councilmen were, either."

"The fact remains," he told Hartley Newspapers, "that the people in the West Side are becoming increasingly alarmed about the sewer situation and we've got to protect their interests. The case in Rosary Addition is another example."

Service Director Floyd Redick seemed to sum up everyone's thinking Monday night when he said, "It's up to us to find a solution within the next year."

GOP Rally Is Carded

Republicans of the 10th, 11th, 21st and 22nd wards are arranging a big rally for candidates Wednesday, Apr. 29, at Westgate Park. The public is invited.

The program will begin at 8 p.m. in the shelter house, according to Joseph M. Enright. Arch Warren will introduce the office seekers.

Refreshments and entertainment are also to be provided.

Model 'T' Age Pavement On Broad-st To Go!

Worried about that "rock and roll" your car goes through every time you go down town on W. Broad-st? How about that Conga line when busses and trucks use the curbside lane?

These troubles are due to be overcome sometime this summer when a three-mile stretch from Wheatland-av to the Scioto River is completely repaved.

Chief City Engineer Robert Werner said it will be the first good overhaul the West Side thoroughfare has had since it was paved in 1916. The Hilltop portion saw its last major work in 1927. Only piecemeal patching has served since the Model 'T' days.

Truckers, in particular, find it hard to navigate the present street. Warned by signs to take the outside lane, they often find it too rough for their loads.

Werner said a three-inch cap of asphaltic compound will be applied. This will considerably smooth out and strengthen the existing 60 foot-wide pavement, he said.

City Council Monday night authorized the service committee to spend $4500 for engineering the project. The betterment job is expected to cost about $130,000, half of which is to be financed by the State Highway Department.

New Hilltop Catholic Hi To Be Built

A new central Catholic High School for the Hilltop is included in projects to be financed by the diocese development fund drive now under way.

Bishop Clarence G. Issenmann made the announcement at the April meeting of priests in this area.

Diocese-owned land on W. Mound-st at Binns-blvd is a possible site for the new high school.

The school is part of the plan of the late Bishop Ready who initiated Catholic central high schools in Columbus in 1932.

Bishop Watterson High School on Cooke-rd and Bishop Hartley High on E. Livingston-av have already been built under this plan.

No date has been announced for construction to begin, but it is expected the new school will be ready for occupancy in September, 1961.

$1 Million Building Ready For September Enrollment

by Betty Deft

Westmoor Junior High School, a masterpiece of color and design by artist-architect David Schackne, jr., is the pride of the Columbus School system, and of the Hilltop.

Putting his theory that, "Beauty in a building need not mean added expense," into practice, Schackne has designed a school that is "functional, as well as fun to attend."

The immense, rectangular structure, built around a quiet courtyard has three one-story wings housing classrooms for specialized instruction.

Rooms and corridors sing with spectacular color treatment. Throughout the building, functional facilities are transformed, with color, into decorative features.

Color Symphony

Soft shades of the building's taupe brick and the basic, interior gray-green, are accented with vivid orange doors, canary yellow walls and splashes of turquoise and rich purple, with plenty of white for sparkle.

Color layouts were developed by Lloyd Manley of the school architect's office.

Classroom windows frame views of the landscaped courtyard, complete with circular fountain, and small patios planted with trees and shrubbery.

Planned for students' use and enjoyment, doors open onto the courtyard so they may walk and sit in the area when the weather is warm.

Schackne's belief that a school should be designed for children's benefit, rather than as a showpiece they wouldn't really enjoy is reflected in many ways, such as the twin benches in the entrance lobby.

Slow Down The Hot Rod Traffic

People living in the vicinity of Olive Street and those who travel the street have for some time been acquainted with the possible tragedy that may be in store for someone if steps aren't taken soon to break up the "hot rod" traffic on that street.

A man who called this office Tuesday advised he had just called the police department reporting a couple such cars operated by West High students traveling at a very high rate of speed and making no stops for cross streets. Police advised him that with two cruisers on duty out this way the situation should be in hand.

West High personnel has reportedly affirmed that little has been done to get any real action and put an end to this hazard.

It is hoped that some steps will be forthcoming immediately before it is too late!

Death Lurks Near School!

SHOULD BE 'OFF LIMITS' — For weeks a lethal situation has existed only a few hundred yards back of Valleyview Elementary school. The pedestrian tunnel, built under the railroad last December for youngsters who will attend Westmoor and Valleyview schools, remains unfinished, unguarded, unposted and unsafe. Since the January flood the 120 foot tunnel has been mostly under water. Children frequently are seen playing on the brink of 15-foot excavations at each end of the tube. Water stands four or five feet deep in the holes. Engineers claim their problems have been vexing since the flood. During earth moving work, a fresh spring was unexpectedly opened, adding more water to the tunnel. All barricades and lanterns around the area have been destroyed by vandals. A door on one of the draglines was ripped off and oil poured into its radiators. Parents should caution their children to stay away from the spot until the job is completed — a job which the city should give top priority.

AD SALES PROGRESSING

Lions Busy With Newspaper

Leisure time is "go-go-go-time" to the 85 members of the Hilltop Lions Club who hope to wind up advertising sales for the annual "Lions Tale" newspaper project by not later than May 1.

Bud Chamberlain, advertising sales chief, said that the success of the pre-publication ad campaign determines to a large degree the overall success of this major fund-raising effort of the club.

"A merchant, business man or professional man who advertises in our special edition not only gets a bargain by taking his message into 17,000 Hilltop and West Side homes," said Chamberlain, "but also takes a very real part in establishing our welfare and sightsaving work goals for the coming year."

The 1959 "Hilltop Lions Tale" will give an accounting of how the Hilltop Lions spent some $8300 for the good of the West Side-Hilltop community this past club year—including work in fighting blindness youth assistance, community betterment, and health, education and welfare.

Spears Arranging Auction

Jerry Spears, Sr., heads up the pre-street sale auction of "first editions," which will be held at noon Tuesday, May 19, at the Lincoln Lodge. Prospective bidders are now being contacted by members of his committee.

Some 250 Lions, their friends and members of other service clubs will take part in the door-to-door sale of the papers on the evening of Thursday, May 21.

Letters To The Editor

Senate Bill 297 'Inequitable' School Superintendent Says

To The Editor:

"If the Ohio General Assembly passes Senate Bill 297, it will cost Columbus taxpayers hundreds of thousands of dollars. The bill has been approved by the Senate and will now move to the House of Representatives.

"If Senate Bill 297 becomes law, the Columbus City School District will be forced to do two things whenever township area is transferred to the Columbus district: It will have to help pay for school buildings it never can use because they are in an area not transferred to the city school district, and it will have to pay more than it should for school buildings in areas that are transferred to the city district.

"In two recent annexations, for example, the Columbus school district has agreed to pay $441,000 to suburban school districts, but under the proposed law it might have to pay those districts as much as an additional $560,000 or even more.

"Because Senate Bill 297 obviously is inequitable, we are urging the people of Columbus to write their state representatives and ask them to vote against it. The representatives are Thomas E. Devine, James T. Foley, Paul J. Lynch, Richard E. Metcalf, Archer E. Reilly, Jr., and Kline Roberts.

"The proposed law really is not needed, for the state board of education already has the power to determine upon a fair and equitable division of funds and indebtedness, whenever territory is transferred.

"The only thing Senate Bill 297 can do if it is enacted into law is to assure that Columbus and other cities will never be given truly fair treatment in any settlement of this nature."

Interchange Ordinance 'Deceptive' North Sider Tells City Voters

Dear Fellow Voter:

"Wherever you live and wherever I live, I write to you as one Columbus voter to another. No doubt you've heard a lot about the "interchange ordinance" on the primary ballot May fifth. Will you let me tell you how I and many others all over Columbus are going to vote, and why? I sincerely believe that if you will take the trouble to find out the real issues and the facts, and that if you wish to exercise your responsibility as a citizen, you will join us at the polls May 5 to VOTE AGAINST THIS CONFUSING AND SELFISH ORDINANCE.

"Perhaps you know that the promoters of the ordinance are led by a small group of East North Broadway residents. This group has enjoyed as private lawns for many years the 100-foot right-of-way, owned by all the citizens of Columbus, on their street. Now they are determined, by whatever means, to obstruct the city's plans. They wish to obstruct the plan to use their street, as designed many years ago, as a much needed thoroughfare across the new freeway and the city's north end. The ordinance on the ballot is their latest and most skillfully deceptive strategy.

"A careful study of their wording shows that their real aim is to force an overpass, planned for their street, north to Oakland Park Avenue, and to shut off their own street once and for all. A reading of parts of their ordinance which won't appear on your ballot reveals that they are quite willing, if need be, to tie up the entire north freeway project in expensive and wasteful delays, probably in endless court actions, and to let the whole city of taxpayers foot the bill.

"They claim this interchange is not needed. But city planners and traffic engineers, experts trained and paid to make such decisions, say unanimously that it is indispensable. The promoters of the ordinance don't mention that this interchange is expected to handle 7200 cars twice each day. They don't mention that its removal will dangerously overload other interchanges, back up traffic on the freeway, force cars and trucks to drive through crowded neighborhood streets to reach other access points, and give this traffic to other neighborhoods, already overcrowded, because they don't want it in theirs.

"It is obvious this isn't a fight between two streets. It has been a battle between one small group and the rest of the city. If you agree with me that one small neighborhood group should not govern our city, then I believe that you will vote AGAINST THIS ORDINANCE MAY FIFTH. That's why I have bothered to write you as one voter to another."

FOR GOOD SERVICE—Ed Melvin, retired hardware man, known widely as "Mr. Bean Dinner," displays his life membership in the Hilltop Business Association. At right is C. H. Campbell, who made the presentation.

Ed Melvin Handed HBA Life Award

Flowers for the living is always a good idea. But, a life membership in a cherished organization is even better.

So thinks E. O. 'Ed' Melvin, 107 S. Warren-av, who received that honor last Wednesday night from the Hilltop Business Association.

Ed smilingly received a certificate and words of tribute from secretary C. H. Campbell during the HBA's quarterly dinner meeting.

Melvin is known far and wide as "father of the Hilltop Bean Dinner." He and the late Lou Saunders first suggested the idea to the HBA more than 20 years ago. Ed remembered the success of such dinners as a boy in Vinton County and, although there were a few skeptics here at first, the Hilltop Bean Dinner seems destined to stay. Ed has served as chairman of the event or in an important committee post every year since.

For many years he operated a hardware store at Wayne-av and Broad-st. Upon his retirement he sold it to Harold Erienbach. In earlier years Ed and his brother Oscar L. (who lives at 2912 W. Broad-st) operated a pattern shop in the West Side.

Ed was a member of the Columbus Traffic Commission for some time and supported many of its safety projects. He is also a charter member of the Hilltop Kiwanis club.

According to secretary Campbell, HBA life memberships have gone to two others—Tom Lewis and George Matson, both now deceased. At last Wednesday's meeting two new members were inducted—Thomas L. Chase of Electric Heat Treating Co., 2132 Eakin-rd, and Max Parrish, Minute Man Car Wash, 3160 W. Broad-st.

President James Holroyd introduced Leslie Wilson and Nancy Steele, West High distributive education students who recently won top national honors, the "West Winds" barbershop quartet of West High sang several selections.

Dr. Tennyson Guyer, the speaker, served up a compliment to the business folk present. "I like your big town plans and small town manners," he said.

The society also revealed that Mrs. L. W. Rohr, 291 S. Brinker-av, has been elected to its board of directors for a one-year term.

Food Markets This Week

by Mrs Estelle B. Franks

THIS WEEK SHOP FOR:

Fruits — Fresh pineapple, grapefruit, apples, rhubarb.

Vegetables —Cauliflower, celery, escarole, lettuce, potatoes.

Protein Foods — Fryers, ham, rib-end pork roast, large eggs.

FRESH PRODUCE ARRIVES

Tired of winter menus? Longing for greenery and the smell of spring? Then you'll give a wide welcome to the fresh produce from local farms this week.

Asparagus, the first of the local vegetables, is ready. The volume of this spring vegetable on the market from week to week depends almost entirely on weather conditions. A few warm days and nights, plus showers, bring asparagus to market in a hurry. We'll keep you informed as to supply and quality.

You'll find plenty of field-grown rhubarb this week for sauce and a fresh pie. The stalks are longer now, which makes it a better buy. Look forward to freezing your winter's supply of rhubarb after another week or two.

Other local spring vegetables that may interest you for salads are green onions and dandelion greens. From local greenhouses are tomatoes, cucumbers, Bibb and leaf lettuce, and water cress. You'll enjoy the fresh quality of these vegetables because they need not travel long distances to reach our markets.

The South, too, is sending us increased amounts of high-quality fresh produce. There will be lower prices on fresh corn, cucumbers, peppers, eggplant and vine-ripe tomatoes during the next two weeks.

FRUITS

Florida grapefruit remains a good buy. Valencia oranges are good in quality but a little higher priced generally. The green and russet color on these Florida oranges does not mean they are not ripe; they are just as ripe and flavorful as well-colored oranges. Pineapples from Cuba are in very good supply. Strawberry prices are dropping as the season progresses. Present supplies are from Louisiana.

Four Area Men Will Participate In Spring Revue

Four area residents will participate in the 18th annual Spring Concert and Musical Revue, featuring the Ohio Fuel Gas Company's combined choral groups, at Central High School Auditorium, Friday, May 15, at 8:15 p.m.

They are R. G. Claar, 282 Walnut-st, Groveport; Al Hinderman, 1671 Belmont-av, and John M. Williams, 2895 S. High-st, and Paul E. Tidrick, 567 Outer-st, Hilliard. All are employes of Ohio Fuel.

Music for the production will be directed by Kenneth R. Keller, director of music education for the Columbus Public Schools. Chet Long, local television newscaster, will narrate part of the show.

PLANS CONSTRUCTION

A. R. Fudoli, 3155 Vanderberg, has obtained two permits for the construction of one-story frame dwellings at 1183 Stanhope and 3074 Eakin-rd.

FLAME RESIDENCE

John Greene, 700 S. Roys, has been issued a permit to build a one-story frame dwelling at 700 S. Roys-av. Moore and McClaine is contractor.

MEATS AND POULTRY

While prices on some pork cuts, particularly loins and spareribs, have increased slightly over the last two weeks, pork is still the more economical meat choice. Fresh and smoked picnics and ham are the better pork values. There has been little change in beef, veal, or lamb prices and little is expected during this period. As we get more and more warm weather, the stronger demand for the quick cooking meat cuts, such as steaks and chops, will make the longer cooking cuts a better relative value. Bacon prices have probably passed their low point for this year.

The poultry items—whether a plump stewing chicken, a tender broiler, or a turkey—can be counted on to give you a lot for your money. The egg market is at a low, matched only once since the end of World War II. There is no mistaking that large eggs are the protein food right now through the rest of April and May.

Whip Spring Fever! Go Sucker Fishing

From all the information I can gather, suckers are neglected by fishermen in these parts. It's a sad state of affairs when anglers pass up sucker fishin'—one of the traditional harbingers of spring in many sections of Ohio.

Wayne Knisley, wildlife patrolman, told me recently that Columbus-area fishermen just aren't interested in catching suckers. "I don't understand this" said Knisley, "but I check very few sucker fishermen. In May, when suckers are on riffles, some are taken by spearing. But just sittin' along a streambank on an early spring day fishing for suckers isn't popular like it is down in the hills."

Now don't tell me that suckers aren't in our streams. Norman Carson, Delaware County game protector, had an eye-opening experience this spring when Hoover Lake was test-netted. "We had 200 to 300 suckers in the net every day," he said. "I don't know where they came from. They must be in the lake all the time."

The best time to fish for suckers is right now — when the water is cold and before they spawn. Later on they do not bite well, and are not so good to eat. The best bait to use is the ever-faithful garden worm. Rigging for suckers isn't difficult. Any bait casting or spinning rod and reel will do the job, or a cane pole is excellent. Put enough lead on the end of the line to hold against the current, then tie on two snelled hooks, number eights are about right, two feet apart. Many sucker fishermen use two rigs to increase their chances. They prop their rods in a forked stick, and wait for the suckers to bite.

Now is the time to settle back and enjoy the scenery, light up your pipe or eat a sandwich. Sucker fishing is relaxin' fishing—just the cure for an early case of spring fever.

Cooking Tips Given

Everyone is acquainted with the fact that suckers are bony fish. But it is also widespread knowledge that they make good eating. The tiny bones are concentrated in the tail section, and some fishermen throw away this portion. Others "score" their suckers. This means they cut up to fin the fish with dozens of little slits, each cut about an eighth or sixteenth of an inch apart. This cutting permits shortening, from the frying pan to get into the fish and cook the hair-like bones to the point where you can eat them without knowing it. A few anglers I know grind up suckers and make them into fish cakes.

In any event, we're missing a lot of sport by passing up sucker fishing, and we're missing some fine eating too. A spring-caught sucker will put up as much fight as a bass of comparable size, and when light tackle is used this adds sport. Pardon me while I go out and dig some garden worms!

Senate Bill 297 'Inequitable' School Superintendent Says

To The Editor:

"If the Ohio General Assembly passes Senate Bill 297, it will cost Columbus taxpayers hundreds of thousands of dollars. The bill has been approved by the Senate and will now move to the House of Representatives.

"If Senate Bill 297 becomes law, the Columbus City School District will be forced to do two things whenever township area is transferred to the Columbus district: It will have to help pay for school buildings it never can use because they are in an area not transferred to the city school district, and it will have to pay more than it should for school buildings in areas that are transferred to the city district.

"In two recent annexations, for example, the Columbus school district has agreed to pay $441,000 to suburban school districts, but under the proposed law it might have to pay these districts as much as an additional $550,000 or even more.

"Because Senate Bill 297 obviously is inequitable, we are urging the people of Columbus to write their state representatives and ask them to vote against it. The representatives are Thomas S. Devine, James T. Foley, Paul J. Lynch, Richard B. Metcalf, Archer E. Reilly, Jr., and Kline Roberts.

"The proposed law really is not needed, for the state board of education already has the power to determine upon a fair and equitable division of funds and indebtedness, whenever territory is transferred.

"The only thing Senate Bill 297 can do if it is enacted into law is to assure that Columbus and other cities will never be given truly fair treatment in any settlement of this nature."

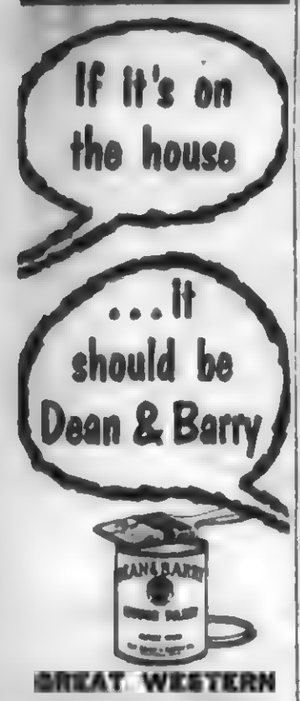
Interchange Ordinance 'Deceptive' North Sider Tells City Voters

Dear Fellow Voter:

"Wherever you live and wherever I live, I write to you as one Columbus voter to another. No doubt you've heard a lot about the "interchange ordinance" on the primary ballot May fifth. Will you let me tell you how I and many others all over Columbus are going to vote, and why? I sincerely believe that if you will take the trouble to find out the real issues and the facts, and that if you wish to exercise your responsibility as a citizen, you will join us at the polls May 5 to VOTE AGAINST THIS CONFUSING AND SELFISH ORDINANCE.



"Perhaps you know that the promoters of the ordinance are led by a small group of East North Broadway residents. This group has enjoyed as private lawns for many years the 100-foot right-of-way, owned by all the citizens of Columbus, on their street. Now they are determined, by whatever means, to obstruct the city's plans. They wish to obstruct the plan to use their street, as designed many years ago, as a much needed thoroughfare across the new freeway and the city's north end. The ordinance on the ballot is their latest and most skillfully deceptive strategy.

"A careful study of their wording shows that their real aim is to force an overpass, planned for their street, north to Oakland Park Avenue, and to shut off their own street once and for all. A reading of parts of their ordinance which won't appear on your ballot reveals that they are quite willing, if need be, to tie up the entire north freeway project in expensive and wasteful delays, probably in endless court actions, and to let the whole city of taxpayers foot the bill.

"They claim this interchange is not needed. But city planners and traffic engineers, experts trained and paid to make such decisions, say unanimously that it is indispensable. The promoters of the ordinance don't mention that this interchange is expected to handle 7200 cars twice each day. They don't mention that its removal will dangerously overload other interchanges, back up traffic on the freeway, force cars and trucks to drive through crowded neighborhood streets to reach other access points, and give this traffic to other neighborhoods, already overcrowded, because they don't want it in theirs.

"It is obvious this isn't a fight between two streets. It has been a battle between one small group and the rest of the city. If you agree with me that one small neighborhood group should not govern our city, then I believe that you will vote AGAINST THIS ORDINANCE MAY FIFTH. That's why I have bothered to write you as one voter to another."

FOR GOOD SERVICE—Ed Melvin, retired hardware man, known widely as "Mr. Bean Dinner," displays his life membership in the Hilltop Business Association. At right is C. H. Campbell, who made the presentation.

Ed Melvin Handed HBA Life Award

Flowers for the living is always a good idea. But a life membership is a cherished organization is even better.

So thinks E. O. "Ed" Melvin, 107 S. Warren-av, who received that honor last Wednesday night from the Hilltop Business Association.

Ed smilingly received a certificate and words of tribute from secretary C. H. Campbell during the HBA's quarterly dinner meeting.

Melvin is known far and wide as "father of the Hilltop Bean Dinner." He and the late Lou Saunders first suggested the idea to the HBA more than 20 years ago. Ed remembered the success of such dinners as a boy in Vinton County and, although there were a few skeptics here at first, the Hilltop Bean Dinner seems destined to stay. Ed has served as chairman of the event or in an important committee post every year since.

For many years he operated a hardware store at Wayne-av and Broad-st. Upon his retirement he sold it to Harold Erlenbach. In earlier years Ed and his brother Oscar L. (who lives at 2912 W. Broad-st) operated a pattern shop in the West Side.

Ed was a member of the Columbus Traffic Commission for some time and supported many of its safety projects. He is also a charter member of the Hilltop Kiwanis club.

According to secretary Campbell, HBA life memberships have gone to two others—Tom Lewis and George Matson, both now deceased. At last Wednesday's meeting two new members were inducted—Thomas L. Chase of Electric Heat Treating Co., 3132 Eakin-rd, and Max Parrish, Minute Man Car Wash, 3160 W. Broad-st.

President James Holroyd introduced Leslie Wilson and Nancy Steele, West High distributive education students who recently won top national honors, the "West Winds" barbershop quartet of West High sang several selections.

Dr. Tennyson Guyer, the speaker, served up a compliment to the business folk present. "I like your big town plans and small town manners," he said.

MEATS AND POULTRY

While prices on some pork cuts, particularly loins and spareribs, have increased slightly over the last two weeks, pork is still the more economical meat choice. Fresh and smoked picnics and ham are the better pork values. There has been little change in beef, veal, or lamb prices and little is expected during this period. As we get more and more warm weather, the stronger demand for the quick cooking meat cuts, such as steaks and chops, will make the longer cooking cuts a better relative value. Bacon prices have probably passed their low point for this year.

The poultry items—whether a plump stewing chicken, a tender broiler, or a turkey—can be counted on to give you a lot for your money. The egg market is at a low, matched only once since the end of World War II. There is no mistaking that large eggs are the protein food right now through the rest of April and May.

Food Markets This Week

THIS WEEK SHOP FOR:

Fruits — Fresh pineapple, grapefruit, apples, rhubarb.

Vegetables —Cauliflower, celery, escarole, lettuce, potatoes.

Protein Foods — Fryers, ham, rib-end pork roast, large eggs.

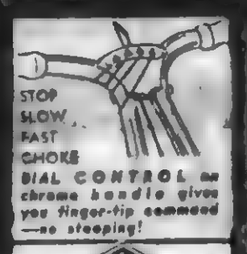
FRESH PRODUCE ARRIVES

Tired of winter menus? Longing for greenery and the smell of spring? Then you'll give a wide welcome to the fresh produce from local farms this week.

Asparagus, the first of the local vegetables, is ready. The volume of this spring vegetable on the market from week to week depends almost entirely on weather conditions. A few warm days and nights, plus showers, bring asparagus to market in a hurry. We'll keep you informed as to supply and quality.

You'll find plenty of field-grown rhubarb this week for sauce and a fresh pie. The stalks are longer now, which makes it a better buy. Look forward to freezing your winter's supply of rhubarb after another week or two.

Other local spring vegetables that may interest you for salads are green onions and dandelion greens. From local greenhouses are tomatoes, cucumbers, Bibb and leaf lettuce, and water cress. You'll enjoy the fresh quality of these vegetables because they need not travel long distances to reach our markets.



The South, too, is sending us increased amounts of high-quality fresh produce. There will be lower prices on fresh corn, cucumbers, peppers, eggplant and vine-ripe tomatoes during the next two weeks.

FRUITS

Florida grapefruit remains a good buy. Valencia oranges are good in quality but a little higher priced generall. The green and russet color on these Florid oranges does not mean they are not ripe; they are just as ripe and flavorful as well-colored oranges. Pineapples from Cuba are in very good supply. Strawberry prices are dropping as the season progresses. Present supplies are from Louisiana.

CANCER KEEPS GAINING EACH YEAR

This has been a century of medical milestones.

Since 1900, life expectancy has risen from 47 years to nearly 70 years. Since 1900, the nation's population has doubled. But the number of Americans 65 years old and over has more than quadrupled — from 3,000,000 to 14,000,000.

Among Americans 65 and over, most killing diseases of the past have been effectively controlled. Since 1900, influenza and pneumonia deaths have declined nearly 80 per cent in persons over 65 while tuberculosis deaths have been reduced by 85 per cent. The cancer death rate, on the other hand, has risen 91 per cent since 1900. And unless this rate is checked, the annual death toll from cancer will double within the next 50 years. The disease already claims 255,000 Americans a year, half of them 65 and over. By 1975, the number of Americans over 65 years old is expected to exceed 20,000,000.

Must we be resigned to a formula which states that more life is equal to more cancer? Obviously not.

The problem of cancer has a solution. This disease will be overcome as other dread afflictions have been overcome. If cancer has lasted longer, it is proof only that more must be done to conquer it.

More research is needed. That means more scientists, more equipment, more centers for training and instruction.

Public education must be stepped up. The cancer patient needs more and better care.

Our doctors need more information on the best means of diagnosis and treatment of cancer.

To achieve these objectives, the fight against cancer needs more money. How much more? As much as it will take to eliminate cancer as a major killing disease. That would be an attainment, cheap at any price.

The goal of the 1959 Cancer Crusade is a vital one. The goal is unlimited. No price should be put on the lives of the 40,000,000 Americans who will some day get cancer.

Let all of us give all-out support to the American Cancer Society for its unlimited drive against cancer.

BIBLE COMMENT:

God's Wishes Were Spoken By Prophets

Jeremiah, and other Hebrew prophets, prefaced their prophetic utterances with, "Thus saith the Lord."

How could these prophets know that they were speaking for God? Was it presumptious on their part so to speak?

It is one thing to profess to speak for God, to make Him a voice in a dramatic writing, and quite another thing actually and truly to express the will of God.

What assurance had the Hebrew prophets that they were really speaking for God? How can men be sure that they are so speaking?

The answer to those questions is relatively simple: "By their fruits ye shall know them." And back of the fruits are the ground, the roots and the tree—the life and character from which the fruits appear.

The prophets knew the voice of God because they lived near to Him. They were men whose lives were completely devoted to truth and righteousness, and they had the courage of their convictions.

They staked everything on the truth of the words they spoke. They accepted supreme sacrifices.

They were ready to endure suffering and persecution in testimony to their faith and integrity.

In the great matters of religion men can undoubtedly speak for God

It is only when we presume to exalt our own small beliefs and opinions on a level with the sublime truths of scripture concerning God's love and righteousness, and would make God speak for ourselves, instead of speaking for Him, that we are in danger of becoming misrepresentatives, rather than representatives of God.

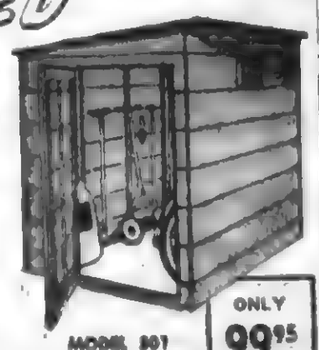
Firework Show To Be Feature At State Fair

A spectacular hour-long display of fireworks will be one of the top attractions at the 1959 Ohio State Fair.

Rowland Bishop, Ohio State Fair Manager, said today that the fireworks are part of the story-telling process of "Chemorama," a new idea in outdoor entertainment. More than 8,000 tubes of multi-color fire and aerial shells blending with music and narration will be featured nightly.



The "Chemorama" production scheduled for the Fairgrounds is "Out Of The Darkness." This is a non-denominational interpretation of Man's creation and other Old Testament stories.

One of the scenes to be created for the Fair goers is the enactment of the parting of the Red Sea. The waters are actually sheets of living fire that part for the symbolic passage of the Israelites, and then close again after the passage.

You probably remember those flood pictures of three short months ago showing Jets Stadium completely isolated by water.

I wonder how many realize how much elbow-grease it has taken since to prepare things for the very successful opening we saw here last week. The crowd was great and so was the opening score.

But my thoughts kept turning back to the work-ing repairmen and Jet ground-stadium crews, headed by Chuck Wareham, who put the park back in such fine shape.

Besides the many new additions and normal improvements, these 'boys' had themselves quite a clean up job to hastily finish before opening day.

The list of damages caused by the flood reads something like this: all the driveways and parking are surrounding the stadium were badly torn up; a lot of damage was done to the gas and water pipelines under the ground which in turn wet and damaged the electrical wiring. All the shrubs and bushes were extensively damaged — in many cases, killed completely; the outfield fence was quite badly weakened, especially in center and right fields; and the concessions were very hard hit—4400 sacks and 2500 cups were a total loss.

That damage and subsequent repairs cost $20,000, uninsurable . . . just 20,000 good reasons why many more jam packed evenings are eagerly looked forward to by General Manager Harold Cooper and his Jets. It's bad enough for any business, especially a minor league ball club to pay its normal bills, try to improve, pay the help, but then this . . . POW!!

But if the club comes through in the pennant race and the fans come through at the turnstile, it may help to straighten out the 'bank account.'

All the repairs were wound up over the weekend prior to opening, and the last 60 ft. of fence was replaced shortly before "play ball" sounded at Jet Stadium Tuesday eve. Final minor touches were added and finished while the Jets were on the road over the weekend.

New touches evident include: more protective backstop screening; a new type foul pole with a screen to help the fans and the umpires in judging homers; all the seats and the dugouts repainted; infield completely 'regrassed'; increased efficiency at gates 2 and 3 with new booths and turnstiles; new parking ramps and first aid rooms; new scoreboard lights . . . different colored lights for the various categories on the board . . . and new trees in the area that will eventually, (it is hoped) become a picnic area. Total cost . . . another $10,000.

Bart's Bar No. 1 took the city Class "A" independent title last Tuesday evening at Hilltonia Jr. High by downing Fluharts 89-76. Voss led all scorers for the winners with 32 points, while John Gatewood paced the losers with 26. Jerry Trabeo also had 22 for Bart's.

Thus Fluhart's wind up a very successful season, although on a slightly sour note (can't win 'em all) with a very fine 36-7 record. This reporter apologizes . . . I stated last week that Fluharts were undefeated in the double elimination tourney, but it was just the opposite . . . Bart's were.

West gave defending champ Central another hard baseball lump last week, as Don Uldricks hurled his first shutout of the young campaign . . . whitewashing the Pirates, 3-0.

Uldricks had three strikeouts and three walks as he won his second game of the year. The Cowboys collected two runs to ice the game in the third as, with two out, Don Barnes singled (he had two for the day), Dan Alder doubled and both rode home on Terry Briggs' single. Uldricks also singled, but Mike Cantlon struck out to end the uprising.

They scored their sole tally in the sixth as Bill Briggers doubled and scored as Dave Brady was safe when the Bucs bobbled his hit to third for a two-base error. Cantlon got the other West extra base blow, a double. Jewell's double in the third was the Pirate's only extra base knock.

And just to show that Tuesday's outing was just a warm-up for him, Uldricks came roaring back Friday to hurl a no-hitter against the North Polar Bears on the West diamond. I heard about this fine victory by word of mouth . . . special messenger service . . . on the Kent State University campus early last Saturday, that score was 8-0.

Since I did have to be out of town during that game (and probably the squad will 'wish' me out of town every game day from now on), I'm trying to write from the scorebook, a very tough task. Uldricks either recorded eight or nine strikeouts on his way to victory . . . the book shows eight. However the scorekeeper was so jubilant after that last out that he never recorded how it was made . . . so maybe Don had nine??

Scorekeeper totals for the first inning show West with two runs . . . the individual's boxes don't show a single run. In the fifth when West went on a rampage and batted completely around, his totals show five runs, but the 'boxes' show only two; and his totals for the game only equal seven runs. The book shows Uldricks giving up two walks and striking out the side in the sixth. Only four hits for the Cowboys are recorded, along with numerous walks and some errors (against North), led by doubles by Cantlon and Brady, but I wouldn't swear to anything.

More details may be available next week.

In track last week, West scampered home to a win in a triangular meet with Central and Marion-Franklin on Tuesday evening. Coach Rufus Glass of West believed it to be the first time that West had beaten Central in a triangular meet for years and years.

However, Thursday afternoon the Cowboy luck changed and they took a good thumping from North, there. Saturday, they competed in the high school division of the famed Ohio Relays and collected two thirds and a fourth. The thirds were garnered by their two-mile relay team of Leon Evans, Dave Koon, Gary Dusenbery and Bill Kern . . . and their 880 yard relay team of Dick Glass, Jim Hastings, Cicero Neely and Jim Prater.

The mile relay squad of Evans, Bob Phillips, Bill Jones and Neely took the fourth. Next is the big traditional meet (complete with the awarding of ribbons) with Upper Arlington and South (there) on Thursday. The reserves from each of these schools run their meet on Friday. Then Saturday, the varsity squad will compete in the Polar Bear Relays at North. Monday and Tuesday there will be a meet at Central (field events one night and running the next) in preparation for the Ohio Wesleyan Relays on Saturday (which West will not be entering).

* * *

The St. Aloysius baseball squad defeated St. Francis last week, 2-0 on Mike George's no-hitter. Boldy and Tonti collected the RBI's as St. Al posted their third win without a loss.

Hope to hear from all of you with some news bits . . . especially Starling and Hilltonia Highs and Central. Come on correspondents!

School Group Sets Meeting On Land Deal

Building committee of the Columbus School Board will meet Friday, 4 p.m. to hear members of the administrative staff present information about Central High building and its site.

The committee will consider the information and prepare a recommendation to the school board on the proposed trade of Central High property to the state, as a site for the new state office building.

Much of the data is being prepared by the school architect's office.

Committee is comprised of Frank Williams, chairman; Paul Langdon and Homer Trantham.

No date has been set for the committee to report its findings to the board.

Central Senior Receives Award

Dennis Smith, a senior of Central High School's Vocational Division, has been awarded a $100 scholarship by the Foremen's Club.

Selections were made on the basis of scholastic record, conduct, character and qualities of leadership and citizenship.

Presentations were made recently at the club's banquet held at the Southern Hotel.

Improvements Are Ordered For Glenwood

Glenwood Park came in for a sizeable share of parks improvement money voted by City Council this week.

Approved were a $3000 open shelterhouse and year-round toilets costing $4500. They will be built in the drive-in park area at the base of the hill, just off Broad-st.

Carl Gibson, engineer with the Division of Parks and Forestry said the shelterhouse would be of concrete block and redwood, without fireplaces. "We hope to have them ready for summer picnickers," he added.

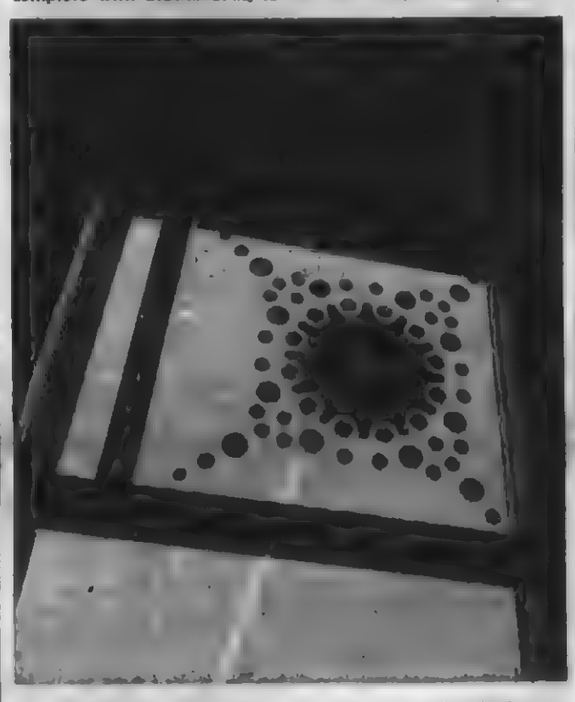
Symphony Of Color And Design Seen In New Westmoor Junior High



STAGE — Figures are dwarfed by the immensity of a stage large enough to accomodate nearly any school production. Stop arrangement in front is for choral presentations. A school custodian mans the lighting switches from the control room.

COURTYARD — A circular fountain, with seven streams arching towards the center, dominates the landscaping courtyard in the center of the main, rectangular building. A pumping system will continually re-use the same water, for economy of operation.

ROOM DIVIDER — A accordion wall, complete with blackboards, is used to easily, divide a large study hall into two, independent classrooms.

ARTISTRY IN CLASS — A design of colored glass on glass is featured over one of the entrance doorways. Designed by Dallas Harder, an architect in Schackne's office, it is executed in 55 pieces of colored glass, glued individually on the clear glass pane.

granite are mounted on brick bases, to serve as benches. Schackne said, "Concrete would have served just as well for benches, but we wanted the best here.

"We wanted a real quality material that the children could see, touch and sit on. This they will really enjoy."

Soundproofed music and dramatics wing, extending east from the front of the building, houses vocal, instrumental and orchestra rooms, completely-equipped recording booth, three private practice rooms, rest rooms and supply room.

The immense auditorium dominates the east wing.

The cafeteria wing extends west of the main building. All industrial arts, fine arts, home economics and commercial subject classrooms are included in the north wing.

Gymnasium is contained in the south wing.

Conventional classrooms encircle the central courtyard and administrative offices line the northern side of the building.

Built in record time, the structure was substantially completed in nine and a half months. Schackne gives much credit for the feat to Jim Pendleton, field superintendent for the general contractor.

Rides Bike On Job

"It was his leadership that made it possible," Schackne said. "He rode a bicycle all over the 18-acre site, keeping in touch with all details of construction."

Discussing his methods of keeping costs of the building down to the $1,200,000 figure, Schackne explained, "General rule is to use the best quality of a cheaper building material, rather than a cheap grade of a more expensive product."

"For instance, the best concrete block is used in interior walls and, in my opinion, looks better than a poor grade of glazed tile. It will certainly last just as well."

"On the other hand, all plumbing and mechanical equipment is the best that can be bought, to eliminate expensive upkeep and replacement costs. Kitchen equipment alone was $23,000."

Planned to accomodate junior high students in West Junior district, the school will enroll seventh graders in September. Students already attending West Junior, will finish their junior high years there.

By accepting seventh grade students each fall, Westmoor will be in full operation as a three-year-junior high by 1961, and West High building will be devoted to senior high

Group of Foreign Educators Visit Schools In Area

Fifteen educators from Thailand visited schools in the South-Western, Canal-Winchester and Columbus districts yesterday and today. City schools will also be inspected tomorrow.

Purpose of the visit was to provide observation of the administration and supervision of American elementary and secondary schools. Recent educational developments in Thailand created demands for highly qualified and trained administrative and supervisory personnel.

They sought information on how schools are organized, administered and supervised. They visited budget and finance sections, business offices including planning, construction, maintenance and operation of all school facilities.

Health education and services, food services, child welfare, evaluation and research and retirement benefits were investigated.

Fritsche Co. Announcing Valley View II

Homes priced within the reach of the moderate income family will be spotlighted beginning Sunday, when the Ernest Fritsche Co., publicly introduces "Valley View No. 2."

As the title implies, the development is the company's second project on Valleyview dr. It is found west of Hague-av, just north of new Valleyview and Westmoor Schools. Two model homes are ready for inspection.

Last year the Fritsche Co. built and quickly sold more than 60 houses just west of the new community center.

There will be 89 homes in Valley View No. 2, situated on 18.3 acres. A continuance of Westmoor-av will be arranged into courts, drives and an avenue.

The houses are of three different floor plans, situated on lots averaging 80x125 feet and are priced in the $14,000 range.

Builder Fritsche has put up a thousand homes in the city in the last few years. A member of national builders societies, he is also serving with the Columbus Development Committee. In 1956 he took part in a technical and cultural exchange visit to Russia. He recently bought out Sullivant Avenue airport which he plans to convert to a 400-home development.

Trade Board Toastmaster Is Bill Brown

Bill Brown, WVKO disc jockey, will give a brief talk and hand out the door prizes at West Side Board of Trade's annual dinner next Wednesday night (Apr. 29.)

A smorgasbord at 7:30 p.m. will precede the program at Lincoln Lodge. Gene Roach, WSBT secretary, said tickets ($3) must be reserved by Monday. Roach can be reached at the Ohio National Bank, 642 W. Broad-st.

The board's directors will meet tonight to finalize plans for the West Side Jubilee.

No Leads Found On $3500 Theft At Kirwin's Bar

Police had no leads Tuesday night on the $3500 robbery at Kirwin's Bar, 2449 W. Broad-st, in the early morning hours Monday.

Theives entered the front door sometime between 2 and 4 a.m. and left by the back, taking a 1500-pound safe containing $2000 in cash and $120 from coin machines, more than 13 cases of whiskey, $280 in personal property and other items.

Joe Kirwin, manager, credits the observance of Patrolman Tom Waters for saving a television set and his entire stock of cigarettes.

Waters, driving past at 2 a.m. noticed the storm doors were opened. At 4 a.m. he drove past again and noticed they were closed. He stopped the cruiser and tried the door. Finding it opened at a touch he called for help.

It is believed the thieves left by the back door, leaving the cigarettes and television set they had already boxed.

Kirwin's loss was covered by insurance.

Merit Badges, Advancement Given Troop 79 Boy Scouts

Many parents were on hand Apr. 12, to witness the court of honor of Boy Scout Troop 79 at the Burgess Avenue Evangelical United Brethren Church.

Seven new members were welcomed in a traditional "square knot" ceremony with the patrol leaders. Paul Siedd and Dennis Wesney are transfers from Troop 228, while new Tenderfoot Scouts are Jeff Burrell, Mike Halliday, Donald Lake, James Haughn and Hugh Williams.

Receiving Second Class insignia were Donald Blythe, Billy Cordial, Paul Siedd and Robert Schmidt. Richard Wilkinson and Brian Horne became First Class Scouts. Mothers of the boys were given miniature pins of rank.

Thirty merit badges were awarded to the following boys: citizenship in the home and home repairs, Richard Wilkinson; scholarship, Richard Thompson and Milton Neher; citizenship in the nation, Terry Elliott, Paul Morgan, James McCann, Richard Wilkinson, James Sharkey, Craig Weaver, Randy Sheets, Brian Horne, Ronnie Blythe, and Melvin Allard; citizenship in the community, Randy Sheets, Craig Weaver, James Sharkey, James McCann, Paul Morgan, Richard Wilkinson, Terry Elliott, Brian Horne, Ronnie Blythe and Melvin Allard; railroading, Craig Weaver, James McCann, Terry Elliott, Paul Morgan, Randy Sheets, Russell Jaccuad.

A one-year service pin was presented to Robert Schmidt, and two-year pins were given to Rondel Blythe, Craig Weaver and Terry Elliott.

Ronnie Blythe, senior patrol leader in charge of the presentations, received his office insignia. Craig Weaver was given a patrol leader's patch.

Mrs. Evan Morgan, acting chairman of the newly-organized mothers' club of Troop 79, presented troop committee chairman Mearl V. Weaver a check representing the profit from a chicken dinner. The money will help pay for the lease of land in southern Ohio for a troop camp site.

Beef cow numbers in the United States increased five per cent and total beef cattle population increased seven per cent in 1958, report OSU extension economists.

It's Smooth Sailing Now For Lindbergh School

LINDBERGH SCHOOL—All details of construction of Lindbergh School, 2541 Lindbergh-dr, are now finished. Started in June and delayed by weeks of rainy weather, opening date for the partially completed school was Sept. 15. The nine-classroom brick building, has a rated capacity of 300 students.

SCALED TO SIZE—Typical of the modern trend in school design and furniture found through Lindbergh School are these desks in varying heights to exactly fit the child. The Mobile, light-weight desks may also be moved easily into convenient group arrangements. Included in the photo are third grade students, Harry Pike, Debby Steen, Raymond Apel, Gloria Brien, Nancy Phelps, Richard Nichols, Charles Martin, Gail Greenfield, Dan Offney and Roy Hollingshead with their teacher, Joyce Heifer of 84 E. Westgate-av.

By Betty Daft

Memories of opening day chaos at Lindbergh School are now all but forgotten.

The building was only partly completed on the school's delayed opening day, Sept. 15. A larger enrollment than was expected and muddy routes for children to reach school added to the problem.

Now light, bright and beautiful in the modern manner, the school and surrounding area present a far different picture.

James L. Tefft, principal credits parents for their help with, "I have never known a more cooperative, helpful group of parents, nor worked with better behaved, more courteous children. The help and understanding we had from them made our job so much easier."

Parents, in turn, praised the faculty and school board for their whole-hearted effort in achieving a well-organized and efficiently run school in record time.

Opening Day Problems

Lindbergh on Sept. 15, enrolled more than the school's rated capacity on the first day.

Classrooms were clean and orderly and a full staff was on hand but carpenters and workmen swarmed inside and out, finishing construction.

Students were enrolled in the school "office," a desk set in the corridor surrounded by packing cases and stacks of supplies.

The school was not easily accessible by foot or by car.

The building could be reached by car only from Briggs-rd and safe paths were provided for students from Symington, the last paved street.

Symington itself, being developed into new homes was dusty and, in rainy weather, muddy.

Smooth Sailing Now

The school is now completely finished. Part of the play area is blacktopped and the rest gravelled and pressed, and grass seed has been sown. Installation of sidewalks and some landscaping will be completed in the spring.

Eureka-av has been extended to Lindbergh. Concrete base is poured on the road and will be blacktopped in the spring.

Building has been nearly completed on Symington. Lots are landscaped and sodded, solving the problem of mud.

Enrollment at Lindbergh is now approximately 300. The school, rated at a 300-student capacity is still not overcrowded because the two larger classes, with enrollments of 45 and 37 are kindergarten groups and meet only for half a day.

Two classes of Georgian Heights youngsters, originally slated to attend Lindbergh, are transported by bus to West Mound Street School.

Construction of the new Georgian Heights Elementary, expected to be ready for occupancy next September, will relieve both Lindbergh and West Mound.

PACK 250 DINNER SET

Cub Scout Pack 250, St. Aloysius Church, will hold its annual potluck dinner at 6:30 p.m. Thursday, Apr. 23, in the annex of the church.

Advancement awards will be given to prospective Cubs prior to the dinner. Families of the Cubs are invited.

Teacher Better From Injuries Caused By Fall

Mrs. Beatrice Cooper, teacher at Valleyview School, was released from Mt. Carmel Hospital Tuesday where she had been under treatment for a concussion received when she was struck by a softball Apr. 14.

Mrs. Cooper, 48 of 2902 Northwest-blvd, and another teacher were crossing the playground when the accident occurred.

Unaware that they were walking into the middle of a game of catch, Mrs. Cooper stepped into the line of fire as a boy tossed the ball.

She was knocked unconscious from the blow on the forehead and taken to Mt. Carmel by emergency squadsmen.

Adventist Youth To Aid Drive

Children and youth of Seventh-day Adventist grade school, 1580 Union-av, plan a field day Thursday, Apr. 23, to aid in the annual Ingathering World Missions Appeal which the church is conducting this month.

They will visit homes in the Hilltop and West Side areas.

Members are divided into 24 bands and plan to visit every section of the city this month.

Leaders for the Hilltop, West Side and South Side areas are: Mrs. Grace Beardsley, Mr. and Mrs. C. N. Brown, Mr. and Mrs. Carl Carnes, G. R. Clark.

Kenneth Coffin, Mr. and Mrs. Earl Harris, Richard Hastilow, Mr. and Mrs. Harvey Kinkead, Ruth Michaelis, Elizabeth Tucker, Gladys Walton, and Mrs. Louis Bleakley.

"Sue" Kimball, community betterment chairman.

Clean-Up Work Can Be Easier With Fast Meal

Clean Up—Paint Up—Fix Up work is satisfying and beautifying but sometimes tiring. However, a quick shower and and an easy supper will help you shake off any feelings of weariness.

You can "fix up" the old fashioned hot dog as the star attraction of your post-cleaning dinner by splitting the frankfurter and stuffing it with sharp cheese. Then wrap it in a partially fried bacon strip and place the "pig in a blanket" under the broiler.

Open a can of baked beans, place the contents in a baking dish or casserole, cover with the extra bacon strips and heat in a moderate oven.

A bowl of crisp potato chips, a tossed salad of lettuce, cucumber and tomato, and a tray of your family's favorite relishes will complete your supper with ease.

Paper plates and cups can be used in keeping with the picnic atmosphere and will leave you rested and ready to enjoy the evening.

Hilltop Shriners Plan Apr. 30 Pre-Ceremonial Banquet

ALL SET—Looking forward to their pre-ceremonial banquet next week are Hilltop Shrine Club officers, (bottom) James G. Walton, vice-president, left; Carl "Smitty" Smith, president, right; (top) Bob Cramer, publicity, left, and George Levisay, secretary-treasurer.

Chicken is on the menu of the Hilltop Shrine Club's semi-annual pre-ceremonial banquet, Thursday, Apr. 30, at West Gate Masonic Temple.

The dinner, which starts at 6:45 p.m., is open to all Hilltop Shriners. Candidates will be exposed to the first part of their initiation, which will be concluded later at Masonic Temple downtown.

Several guests from Aladdin Temple will be present. They include Ralph Shirkey, potentate, and Dr. Judson Wilson, past potentate.

Questions regarding reservations will be answered by George Levisay, BR. 9-3160, and Robert Cramer, BR. 4-3068.

Committee chairmen include Robert Cramer, publicity; Oscar Leach, membership; Hugh Denton, decorations; Dr. Charles W. Edwards, medical director; William Boothe, sales tax; Phil V. Stout, reception.

Curt Wilcox, tickets; Carl Smith, entertainment; James W. Smith, candidates; Bill Meyers, dining room; Bunny Galloway, food preparation; Earl Williams, food serving; Percy Miller, public address system.

Clean-Up Week Good Time To Check Medicine Cabinet

Make certain your medicine cabinet is a health aid and not a hazard by checking it now, at Clean-Up, Paint-Up, Fix-Up time.

First of all, throw away old medicine particularly prescription-type. Age, even a few months, adversely affects medicines plus a new illness, though having similar symptoms, may be entirely different from the previous one.

All external poisonous medicines should be checked for plainly-marked labels and placed on the top shelf, away from inquisitive tiny fingers. Don't guess the contents of bottles without labels. For safety's sake throw them away.

After old medications are disposed of, check that the cabinet contains basic necessities for first-aid treatment for minor accidents and illnesses. Minimum requirements are a clinical theremometer, aromatic spirits of ammonia, cotton, sterile bandages, adhesive bandages, antiseptic, burn ointment, rubbing alcohol, medicine dropper, tweezers, adhesive tape.

As an adjunct to your first aid supplies, have the phone numbers of your doctor and local rescue squad or ambulance service by each phone and a copy pasted inside the medicine chest door.

Let Clean-Up, Paint-Up, Fix-Up promote your health by checking up and cleaning up so that you will be prepared should an emergency arise. In that event your medicine chest will be a help and not a hinderance.

Ladders Can Be Dangerous If They Are Used Carelessly

Ladders are handy tools around the home in maintenance and repair work, but like most tools, there is a right and a wrong way to handle a ladder. Avoid hazards by following these few hints and prevent accidents during the Clean-Up, Paint-Up, Fix-Up period, as well as throughout the year.

Never stand on the top of any step ladder. Make certain a step ladder is fully opened and locked before you use it. The bottoms of all ladders should be on solid footing, or otherwise anchored securely.

To be safe, also place rung-type ladders at proper pitch so the distance from the bottom of the ladder to the house is approximately one-fourth of the length of the ladder, (if angle is greater, the ladder may break, or, if too close to the house, the ladder my tip).

Set ladder properly to avoid the mistake of over-reaching or leaning too far to one side, which is dangerous. Always face a ladder when ascending or descending and don't carry large or heavy objects — use a rope lift. Grip ladder firm with hands and be certain your shoes and the rungs or steps of ladder are free from oil, grease or mud.

Do not use makeshift or patched up ladders. Take good care of your ladder — do not leave it out in the weather to deteriorate.

A ladder is a great help in renovation work. Use it correctly and be sure you respect it as you do other good equipment and always keep safety foremost in your mind.

Hilltopper Hurt When Gun Fires

Frederick Hill, 20 of 61 S. Southampton-av, was treated at Mt. Carmel Friday for injured fingers, caused when a .22 caliber Derringer he was cleaning accidentally fired.

The bullet tore through his screened-in porch and broke two windows and nicked a tabletop in the home of Kenneth Nicholson, 47 S. Southampton-av.

Garage Can Be Beautified As Part Of Clean-Up Week

Has your garage shrunk lately? It may well seem that way if a pile of discarded household items, children's toys, wood stacks and other non-descript items have narrowed the car space.

Clean Up - Paint Up - Fix Up Week is the ideal time to re-do the garage, organizing its contents, cleaning, painting inside, planting outside.

First of all, remove everything from the garage and toss give it a thorough sweeping. A good hose down, or scrubbing if necessary, is next on the agenda. You may wish to give the interior a coat of light-hued paint so that night-time searches for garage items are easier, thanks to the higher reflectance of light paint.

In returning items to the garage, there are doubtless several that can be eliminated. Get rid of old greasy rags. Gasoline and other flammable liquids should be disposed of. Unused and outgrown toys should be given away to an orphanage or other charitable organization.

The ceiling space of the garage is a good source of storage and simple nail insertions to the beams will hold rakes, hoes, and shovels. Bushel baskets can be stored aloft, too. Perforated beaver board can be fitted to one wall to hold miscellaneous small items.

When you store paint cans, place a dab of the hue on the outside of each can for easy identification. Then secure lid tightly.

Turning to the exterior of the garage, cut back close-by bushes that obstruct vision. A flower box installation or planting climbing roses, morning glories or a sapling behind the garage will aid in changing the appearance of the garage from an orphan building on your lot into an attractive adjunct to your home.

While Clean Up-Paint- Up-Fix Up won't change the dimensions of your garage, by following the above steps you'll find you have a great deal more room, in addition to a safer and more beautiful garage.

Rainbow Trout Being Raised

The Ohio Division of Wildlife is making its first attempt to raise rainbow trout in hatchery ponds at Xenia, it was disclosed Tuesday.

If the project is a success, the trout will be tagged and released in selected Buckeye streams. Division fish men say the object is to learn more about raising rainbows. They also hope to gain additional information about the survival and movements of trout in Ohio streams.

You can make a small home or apartment appear larger if you paint any adjoining rooms in the same or a related color. This continous color flow provides an illusion of spaciousness.

Bathroom Space Is Easy To Find

Wondering where there's space in your home for extra bathroom facilities?

Chances are you have plenty of room, says the Plumbing Fixture Manufacturers Association. It's just a question of knowing where to look. Here are a few suggestions:

1. An old pantry off the kitchen can be ideal. It's generally long and deep, providing ample space for a full bath.

2. If you plan to convert the attic into living quarters, a bathroom also can be added there.

3. A basement often is the answer, especially for houses that no longer use coal heating. Here, the coal bin can be converted into a comfortable and convenient bathroom.

A hall or bedroom closets might be the answer. For a powder room, you only need a space as little as three by four feet.

And don't worry about the lack of a window. By adding an electric air vent and fluorescent lights, even a windowless bathroom can have plenty of ventilation and lighting.

Locating an extra bathroom or powder room as near as possible to the master bath saves time and money.

Putting facilities side by side, placing them above or under each other reduces the cost of long runs of pipe. In a one-story house, for example, savings can be realized by installing a powder room near the laundry room, bathroom, or other plumbing. In a two-story house, it's more economical to put a second full bathroom alongside, below or above the master bathroom.

In a new home, the plumbing can be "roughed-in" in such a way that additional fixtures can be installed easily and economically whenever the family needs them.

More privacy and greater utility can be given the bathroom by compartmenting the fixtures.

Dividing the fixtures helps relieve congestion and allows more members of the family private use of the bathroom at the same time.

To partition the bathroom, simply enclose the bathtub in one compartment and the toilet in another. The lavatory can be left standing out in the open.

For better storage, replace the single lavatory with a twin basin model equipped with countertop and base cabinet. The double lavatory accommodates two persons simultaneously. The convenient countertop and cabinet provide extra space for keeping personal and bathroom items.

Play Yard Keeps Kids Off Streets

Worries about your children will be reduced if you put a home play yard high on your list of Clean-Up, Paint-Up, Fix-Up activities.

After you have given the yard a thorough cleaning, assign each child a small garden plot to cultivate and plant easily grown flowers and vegetables. This not only gives "Plant Up" a boost but provides pleasure and responsibility training for the children.

A croquet set or badminton court are inexpensive but can provide entertainment with little work in setting-up. A basket ball net or an improvised bushel basket placed on the garage will give practice and fun in this team sport. Also, a shuffleboard court can be painted on a concrete driveway and will be fun for the youngsters and the adult family members, too.

A grape arbor or corner of the yard can be adapted to a play house for the younger members of the family. In addition to their toys, two or three chairs and perhaps an old table discarded from attic clean-up can be gaily painted to provide props for junior housekeeping.

Lawn bowling, horseshoes, and in fact, many other activities that meet your family's interests and ground facilities will make your yard an appealing place to play and the streets and alleys far less alluring.

During Clean-Up, Paint-Up, Fix-Up time, heed the campaign's safety message and make your yard a play haven.

GLICK'S GETS RETAIL HONOR

METHODS PRAISED—Robert A. Glick (left), vice president of Glick's Furniture Co., receives a certificate of distinction in the "Brand Names Retailer-of-the-Year" competition from Fred B. Newell, Jr., director of retail relations of Brand Names Foundation, Inc. Glick's was honored in the furniture stores category for "outstanding presentation of manufacturers' advertised brands to the public during 1958." The firm was among 140 in 26 retail categories represented at a banquet in the Waldorf-Astoria Hotel, Apr. 15.

Most Homes Still Without Adequate Light Even Today

You may still be living in the kerosene age, even though your home has electric lights.

Behind this enigmatic statement is the fact that most homes are way below par in the light they do have. Strange as it seems, more than 75 years after the invention of the electric light, some 80 per cent of this country's homes are inadequately lighted.

Result is that the shadowy light in your home may be only a little better than the flickering lamps that Grandma and Grandpa thought were the last word.

According to the American Home Lighting Institute, trade association of lighting fixtures makers, the average home today has only 11 installed lighting fixtures worth $44.10 retail. This does not include lamps.

"To be adequately lighted, a typical five-room 1,000 square-foot home should have at least 25 fixtures costing a total of $220." The institute advises. These figures were scientifically determined by light and comfort tests in actual homes.

Trying to do a lighting job with floor and table lamps alone is like trying to drive a car with two wheels. You need the diffused basic light from overhead fixtures to banish shadows and enlarge the room. Light for specific tasks—reading, sewing, etc. — can come from lamps.

Good fixture lighting does not necessarily mean a resplendent display of recessed fixtures, concealed fluorescent tubing and the like you see in many finer homes. You'll find, though, that if your budget can afford even one of these refinements, it will ad immeasurably to the enjoyment and appearance of the room.

Basically, minimum adequate fixture lighting calls for these recommended fixtures:

One good ceiling fixture for each room in the home. This includes the bedrooms and living room, which for a long time have been hidden in the shadows, with fixture outlets either missing or capped up.

One ceiling fixture over each stairway (controlled by switches at foot and head), and in each hallway.

One ceiling fixture in each utility area; laundry, furnace area, workshop, garage, and storage place.

Three fixtures for the bathroom mirror—one on each side and one overhead, plus the ceiling fixture.

Fixtures above the kitchen sink, range, and each work surface, in addition to the ceiling fixture.

A minimum of two to four outside lights.

For specific advice on where to locate the fixtures and the proper size for each room, check with your electric utility, contractor, or distributor.

When you're applying paint with a roller, always begin away from the wet edge and work towards it.

Floor Furnaces Popularity Gains

Dependability, compactness and economy are among the advantages of gas-fired floor furnaces according to the Gas Appliance Manufacturers Association.

Used in a number of types of dwellings, they are especially popular in one-story homes without basements, whether small dwellings or larger ranch types. Depending on the size of the home and the climate, a single furnace may meet all heating needs, or several may be employed.

For each installation an opening is made in the floor and the furnace is set in flush with the floor surface. Room air is drawn in through perimeter portions of the register, heated as it passes the heat exchanger, and rises warmed through the middle areas of the register.

Active membership in Communists party in Japan dropped off more than 80 per cent in the past nine years, according to a Japanese government announcement.

Open Air Doors Now Under Study

Cries of "close that door" to youngsters and others a bit slow or forgetful can be diminished considerably, says the Gas Appliance Manufacturers Association, by a buffer zone or heat at the entry point.

Depending on his type of central heating system, the owner may have a good-sized recessed radiator at the critical point, or a register outlet for his forced warm air heating. Where central heating isn't used, or hasn't extra capacity, the task may go to a gas-fired vented recessed wall heater.

It's a nice thing to have even when Junior isn't holding the door open for a dallying farewell to his young friends. Such an installation, in an entrance hallway, is a shield from cold air that otherwise seeps in and assures hospitable warmth the instant a guest steps indoors.

Norway Ships Ice To Darkest Africa

Modern Norwegians are going to be one up on the ancient Romans who hauled snow from mountain-tops to chill drinks in their marble palaces. The Norwegians are shipping a three-ton block of ice by truck from the Arctic Circle to French Equatorial Africa.

Their purpose is to demonstrate the heat-barring quality of mineral wool, with which the ice will be wrapped before shipment. This is the same product used to insulate houses — in America as well as Europe.

Used in adequate thickness, preferably three inches in walls and six inches in ceilings, mineral wool does an efficient job of keeping heat out of a house during the summer and in it during the winter. Comfort is improved and fuel bills are reduced considerably.

Newer Methods, Materials Aid In Protection Of Homes

A home is the greatest investment most families will ever make. To protect that investment and enjoy the most comfort from their homes, owners are constantly seeking the best methods and materials to maintain the appearance and longevity of the structure.

Many new products have been developed in recent years to bring a longer life as well as greater beauty and comfort with overall reduced costs in home maintenance.

One such product, according to Conrad "Sonny" Harris, owner of Harris Construction Co., in the Town and Country Shopping Center, is Glenstone.

This versatile product has all the appearance of natural cut stone, rich in texture and available in a variety of natural colors. It is applied stone by stone in individually planned patterns.

Glenstone may be applied over any surface whether siding, sheathing, stucco or brick, by a combination steel mesh and mortar method. No foundation is required and its relatively light weight makes it also adaptable for many decorative interior jobs such as planters, fireplace facings, dividers and so forth.

Glenstone is produced by one of the largest companies of its kind and is guaranteed for 20 years.

Another quality product for the protection of your homes' exterior is Alsco Aluminum siding.

This new siding has the appearance of painted wood siding and utilizes a baked enamel finish for permanent lasting beauty. Never needs repainting and may be washed down with a hose to keep your home sparkling bright for years to come.

All work done by the Harris Co. is of the finest type of craftsmanship. Skilled crews under capable supervision is your assurance of satisfaction with every job.

Spring is the season to fix up your home, and your remodeling plans made now will mean better living for you and your family.

Fix Up Week Needn't Harm Your Looks

Clean up, paint up, and fix up today — be pretty tonight?

Of course. Your glamour need not suffer if you follow a few simple beauty hints.

When you plan extensive cleaning which will raise dust, it's wise to protect your hair with a bandana. And while you're "under cover" you may want to put your hair up in pin curls to have a "set" while you work.

A special protective cream should be applied to hands and arms before planting. Then any paint splatters will be easily removed without chapping or reddening.

If your hands will be in grime, you can avoid getting the dirt wedged under your fingernails by forcing them into a soft bar of soap. After the job is complete, the soap will readily come loose, leaving no telltale dirt line.

Plan your daily campaign activities so that 4 p.m. will be quitting time. This will enable you to relax with a leisurely bath, polish your nails and rest briefly before dressing.

A deft application of your favorite beauty aids and a spray of cologne or perfume will complete your glamour styling.

Your accomplishments will have to prove your Clean Up activities, for appearance-wise it will seem you spent the day primping. Clean-Up—Paint-Up Fix Up — and Pretty Up.

Lawn Mowing Can Be Art

RELOCATE WINDOWS

With air-conditioning, you can put windows where you want them without worrying about cross ventilation. You might want to open up your rooms in one direction for better light and view, then close them off in another for greater privacy or for convenient built-in storage wall layout.

Color is a stimulant to the appetite and conservation. Your dining room will be much more pleasant painted in gay colors. If the dining room connects with the living room, its color scheme should correlate.

Grass and diamonds are similar in that their ultimate value depends on the way they are cut. There, however, the similarity ends. There are four major grasses to be found on lawns across the country today:

1. fine—creeping bent, shady lawn
2. regular — Kentucky blue, red top, clover
3. tough—Bermuda, St. Augustine
4. common weeds

Today's brand name rotary power mowers have been designed to perform efficiently and with rewarding results on all these various types of grass. That is, if you are mowing correctly.

Edging with a power mower has been a challenge to many home gardeners who end up with scalped areas, shredded annuals and dirt and stones scattered on the lawn along flower beds.

The border of any well groomed lawn should be prepared for mowing with a rotary power mower. Experts suggest that the home gardener consider this when planting his annuals, laying a flagstone path or seeding a narrow border.

The edges, as well as any other irregular surface should be tamped gently to eliminate any peaked areas that invite scalping. The plantings should be set back far enough from the border so the mower can cut with enough width to insure a clean, neatly trimmed border.

A common problem in mowing lawns that feature varied border patterns is that little—if any—allowance has been made for the stepping and turning room of the operator.

If a garden path requires two trips with the mower—up and back—then the gardener should figure out how much maneuvering space he needs so that he doesn't cut into the lawn with sharp, tight turns, or step on his wife's prize asters.

The garden area in the immediate vicinity of the border should be checked for pebbles and branches and raked clean.

Frequently, power mower trimming along sidewalks and flagstone paths is impeded by the fact that the stone or concrete is set above the natural contour line of the lawn.

Here, landscape experts suggest that the low areas of lawn paralleling sidewalks can be built up with topsoil, tamped firm and seeded to insure even, easy trimming.

Turf around trees and shrubs should be treated similarly to insure that the grading is firm and designed so the rotary power mower can trim it neatly and uniformly with a single, circular cut.

Excessive grass clippings can get the home gardener into trouble this time of year. If left too long, they can "burn" the lawn. If, after two or three mowings you still find that you have a clipping problem, it is very likely you are cutting too close. Try setting your blade up higher.

The recommended way to cut the lawn is to mow it in a clockwise manner from the outside to the inside, working in an ever-decreasing circle.

Arrange watering and mowing schedules that don't conflict with each other. Don't water just before mowing. Dry grass cuts much cleaner than wet grass, which mats and tends to clog up under the mower housing.

Before beginning the day's mowing project, the operator should first check under the housing to make sure that any grass that might have collected has been cleared away. Also check the blade—a sharp blade makes for a sharp lawn.

House Colors Affect Morale Of Family

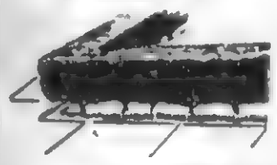
The colors a house wears, inside and out, are important psychologically to the family who occupies it as well as to guests, neighbors, and casual passers-by, says Nancy Rubey, a leading San Francisco color consultant.

Mrs. Rubey, who color styles hundreds of homes annually in the booming San Francisco Bay area, points out that it's a psychological fact that color has the power to lift human morale as well as to depress it.

"Thus," she says, "good, tasteful colors inside — colors that aren't too warm and sharp or too cool and dull—actually have an uplifting effect on members of the entire family during their hours at home."

A similar color psychology applies outside, too, Mrs. Rubey adds. "A carefully chosen exterior color scheme with roof, trim, and sidewalls that are harmonious without being garish can actually make the house seem more inviting to arriving guests as well as to members of the family coming home from work or school."

Mrs. Ruby points out that in color styling a house, she often selects the color of the asphalt roof shingles as a "key" from which to choose harmonizing colors for sidewalls, trim, and accents.



Neighbors and passers-by also are affected by the colors of an individual house, Mrs. Rubey says. "This may sound far-fetched," she explains, "but drab, dull colors on the roof and sidewalls actually can make strangers decide subconsciously that the people who live there are dull and drab, too."

SUMMER CIRCULATION

Some of the newest gas heaters provide air circulation during summer months. The same fan, filter and vents that deliver clean, healthful air in winter can be used to keep air moving during hot weather.

Remember that a painting job does not begin with the application of the paint. It starts with the proper preparation of the surfaces to be painted. The surfaces should be sound, clean, smooth, and — if they are metal — free from rust. A little time invested in careful preparation results in a more attractive and longer lasting paint job.

The RICH MAN...and the NEEDLE

the greatest teacher left us a word of wisdom that never loses its charm nor its truthfulness... *"It is easier for a camel to go through the eye of a needle than for a rich man to enter the Kingdom of God."* There are things money can't buy; in fact we really great values can be bought. We can buy food, houses, clothing, but money alone is weak and feeble. The old Spartan mother said to a son who complained that his sword was too short... "You must add a step for yourself to lengthen the word." Helpful as money is, men is more important. Real friends and genuine fellowship wait for the extra step you must take. Camels do not go through needles' eyes, nor do human kingdoms of value answer to the demands of wealth. *With God all things are possible.* All men may enter the Kingdom on the same basis and all who enter are rich. People who trust in things find that much can be bought for a price but they will discover with difficulty that education, love, Christianity and trust must be gained by personal worth and individual goodness. *It is the condition of the heart that counts. Money will never substitute for character nor piety.* Of course we should honor men and women of wealth who are good, kind, and generous. They have proved to be masters of things... not their servants.

YOUNG LADY experienced in office work, familiar with general office procedure and machines, pleasant working conditions, paid vacation, hospitalization, etc.
Addressograph-Multigraph Corp. CA. 8-1361

Is there an intelligent young—high school graduate, or soon will be—who has a desperate desire to learn the newspaper business, but is unable to finance a college education. If so, an unusual opportunity is available to one who is willing to sacrifice quick financial return for a long-term practical education in the many phases of newspaper work. Starting salary will not be high, but to a young man who is capable of learning the business, there is no limit to ultimate financial return. Applicants will be carefully screened — only those with high scholastic records will be considered. Good knowledge of English essential. References required. For interview, call Mr. Mansfield, BR. 4-1155.

'DESK JOB' NOW

Local Naval Officer Has Colorful Career

No adventure strip cartoonist could dream up a more interesting career than that of Naval Commander Phil H. Bucklew, husband of the former Helen Nagel, 2654 W. Broad-st. (Helen's mother, Mrs. Anna Nagel, still lives here.)

Commander Bucklew is currently serving as officer-in-charge of the Pacific Fleet Amphibious Force's intelligence school at the Naval Amphibious Base, Coronado, Calif.

Bucklew was graduated from North High School and later attended Xavier University, Cincinnati, and Columbia University. After graduating from college he played professional football with the former Cleveland Rams for three years and later coached another pro team for three years.

In 1943 he forsook his football career and came on active duty from the naval reserves. He began his career as an enlisted specialist.

With "Tunney Fish"

These specialists were organized by the former world's heavyweight champion, Gene Tunney, then a navy lieutenant commander, and were detailed to set up a physical fitness program. They were called "Tunney Fish."

THE BUCKLEWS—This snapshot of Naval Commander Phil Bucklew and his wife, Helen, is from the scrapbook of Mrs. Anna Nagel, 2654 W. Broad-st. It was taken several years ago.

• • •

However, drilling recruits while a war was being fought was too vegetative a life for the man and when the navy's "Scout and Raider Group" was organized in 1942, he made sure his name was at the top of the volunteer list. Later in World War II, this group evolved into what is now called "Frogmen."

"The training was similar to today's underwater demolition training, except we emphasized more night swimming," the husky officer says. He explains that it was necessary then, as radar and sound equipment were still in sort of experimental state. Therefore training had to be done under conditions exactly as those that would be done in combat, or many lives would be lost.

Inheriting the nickname "tuna fish" these men were assigned to get sneak information from enemy beaches. They contributed greatly to the success of the landings at Normandy and Sicily, navy history records. It was during these two landings that Bucklew received both of his Navy Crosses.

When referring to the Sicilian invasion, he modestly says, "The real heroes never came back to tell their stories. I was able to help a little bit."

Recalls Mission

The little bit the commander refers to helped save many lives and was the subject of a TV feature recently.

Bucklew swam ashore in enemy-held territory with instructions to bring back a bucket of sand. Although it seemed like a rather ridiculous order at the time, he obeyed. Later he was told that this sand was used by allied planners to determine the type of metal track that would have to be laid in order to keep U.S. tanks from bogging down while crossing the beach.

Besides his two Navy Crosses, Cdr. Bucklew is entitled to wear the Silver Star, French Croix de Guerre, plus commendations from England, China, and Korea.

In 1946 he was assigned to his old alma mater, Columbia, as a Naval Reserve Officer Training Corps instructor. In 1951 Bucklew went to the Atlantic coast where he performed what he considered the most important assignment of his entire career, that of organizing the "Beach Jumpers." This unit launched a new era for modern amphibious warfare and gave the U.S. a unique and powerful amphibious weapon, navy spokesmen said.

After 17 years of active service Bucklew has been assigned what he terms a "desk job." "Heading amphibious intelligence school will be just another adventure," he concluded.

YW Deserves Praise For Fine Panel

Each year the Hilltop YWCA Center has been responsible for a fine panel discussion. This past Wednesday evening they presented a galaxy of talent discussing the subject, "Should Ohio Abolish Capital Punishment".

The meeting was capably moderated by our own Judge Robert Draper.

Some of the highlights of the meeting follow:

James McCafferty, U.S. Bureau of Prisons, Washington, D.C.: "There is a decided trend toward abolishment of capital punishment. Other state are leaning toward making the death sentence permissive rather than mandatory".

Carl M. Senn, Capt. Capitol School, Ohio Penitentiary: "We have heard lifers say, 'if it wasn't for that little red house (death house) I'd run that man out' . . . . . Crime movies and TV are bad for our young people who say, 'Why the sap, if he had done it this way he wouldn't have been caught' . . . . the best way to eliminate the need of an electric chair is to clean up our communities."

Stanley Swartz, Jr., attorney: "In this house where mercy and goodness are taught I have heard nothing about God's law, 'Thou shalt not kill'. In the first murder trial God didn't strike the guilty one dead. That first sentence was by the greatest judge of all times."

Dr. Lance Webb, N. Broadway Methodist Church: "Capital punishment is based on revenge which has no place in Christian society. God gives life only and God alone should take it away. I'm not advocating that murderers should be turned loose in society. Punishment should be remedial."

Albert Giles, asst. county prosecutor: "There are several courses open to a jury in Ohio. I think we have a very fair law. The death penalty has served the people of this

Canadian Resort Beckons Fishing Derby Winner

Timberlane Acres, in Kawartha Lakes area, Ontario

First day of May is the kick-off date of this year's Hartley Newspapers Fishing Derby—the biggest ever!

Heading the list of prizes is a grand award of a week's vacation for two in Canada at the beautiful fishing resort Timberlane Acres, on Pigeon Lake, Ontario. You read about Timberlane last January in Rod Cochran's column, "Inside on the Outdoors."

Scads of valuable fishing tackle prizes are waiting for anglers who catch fish anywhere in Ohio and register them at official weighing stations listed elsewhere in this newspaper.

In Heart Of Good Fishing Area

Timberlane Acres is in the heart of the scenic Kawartha Lakes district — an area noted for good fishing. Maurice E. Sutton, 180 Binns-blvd, owner of the resort states, "The winner of this vacation for two will fish for muskellunge, walleyes and bass. He will live in a modern cottage at the water's edge, and will enjoy a picturesque view through a picture window. This really will be the trip of a lifetime, and we'll do everything possible to make it perfect."

Tackle Prizes Worth More Than $300

How about that! Enough to make you want to go fishing and enter Hartley Newspapers Fishing Derby? Don't forget the more than $300 worth of fishing tackle prizes. These awards are absolutely the best money can buy — all are from quality manufacturers, known for making superior equipment. Inside this edition you will find the complete list of prizes, along with the rules and the addresses of official weighing stations.

FILLING OFFICIAL SHOES — Our photographer took us literally when we asked him to picture Phillip Stobart "stepping into the mayor's shoes," Wednesday. Phillip, 17 of 193 S. Grubb-st, Central High senior, posed with Mayor Sensenbrenner as he assumed duties of the office during Hi-Y City Day.

Central High Senior 'Mayor' For A Day

Reins of city government were in the hands of teenagers Wednesday, during Hi-Y City Day.

The program, planned and executed by the YMCA, "installed" briefly, Hi-Y members in every municipal office. A few Y-Teens were chosen to fill offices normally held by women.

High School officials met with city fathers at council meeting Monday night, preceding their day in office.

Activities of Wednesday included model situations that each municipal officer normally encounters.

Mayor Phillip started the day with a model "council meeting," followed by luncheon at the YMCA and an afternoon of "voting" on resolutions and ordinances.

Other Central Hi-Y members participating in the program are Bob White, councilman; Walter Stuart, city clerk; Wayne Starner, acting water superintendent; Gene Albrecht, superintendent of the Municipal Gar-

Fifteen Candidates Will Seek City Council Nominations In May Primary

William M. Hicks

Robert Forman

John T. Gordon

Bill Hoermle

Charles P. Meeks

Patrick O'Linn

Golda May Edmonston

Ronald E. DeVore

Editor's Note: Voters preparing to cast ballots in next Tuesday primary election are offered an insight on candidates and their qualifications by Hartley Newspapers.

Each candidate filing petitions of nomination at the Franklin County Board of Election was sent a questionnaire asking his qualifications and other personal background material.

Included are sketches on four Republicans, six Democrats, four non-partisan and a single write-in candidate.

Any person seeking support at the election was invited to send material for use in this article in a front page story appearing in the newspaper several weeks ago.

It is not the purpose of these sketches to help or hinder any candidate, but to present them and their qualifications to the voters.

Ronald DeVore

Republican City Council candidate Ronald DeVore points to his versatile background of education and practical business experience as assurance that he is well qualified to serve as councilman.

A graduate of Bliss Business College, he also attended Coyne Institute of Technology and Air Associates College of Aeronautics.

At present, he is licensed as a real estate agent, an auctioneer and notary public. His time is devoted as an efficiency expert, methods engineer and tax accountant.

He is an active council officer and former Sunday School teacher at Hilltop Lutheran Church.

Benjamin Dickerson

Benjamin W. Dickerson, a non-partisan candidate, declares he is not a politician but simply a Columbus resident who will try to break the "dead-locked" condition between Democrats and Republicans in City Council.

Dickerson and his wife, Mary, reside at 1592 Myrtle-av, with their large children, Ellen age 12, Ronald, ten, and Martha, eight.

He is a self employed builder, a protestant but attends all churches, and is not obligated to any organizations. He has been a resident of Columbus for 14 years and has received a Bachelor of Science Degree in economic geography, business administration in the College of Commerce at Ohio State University.

Dickerson is a veteran of World War II, starting as a private in the Pacific campaign and becoming an intelligence and liaison officer. He has never held an elective position before.

Golda May Edmonston

A Republican candidate for City Council is Golda May Edmonston, 59 W. Dominion-blvd.

Mrs. Edmonston is a homemaker and the mother of two grown children, Mrs. Edith Hebble, Cincinnati, and Fred W. Edmonston, Columbus.

She is affiliated with Indianola Presbyterian Church and a member of Clintonville Women's Club, Business and Professional Women's Club, Indian Sisters, Blue Star Mothers Club, and American Legion Auxiliary.

Seaman Todd's parents, Mr. and Mrs. Thurman C. Colbridge, Jr., attended the ceremonies, at the invitation of his commander, Capt. Carl E. Bull.

Todd was presented a plaque and a letter of commendation, by Commander Henry L. Vaughan, executive officer, recruit training command, Naval Training Center, Great Lakes.

The honor was awarded for individual performance, leadership, initiative, military bearing, sportsmanship, discipline, and scholastic standing.

Todd is spending a 14 day leave with his parents at 1773 Eastfield-dr N. and is enroute to Norfolk, Va., for duty with the USS Monrovia.

Todd attended Franklin Heights High School, and entered the Navy in January.

Police Prepare To Take To Air

A bird's eye view by police will soon be kept on motorists between West Jefferson and New Rome.

The Highway Patrol will be making arrests by watching speeders from above, in the confines of an airplane, with the aid of a stop-watch to clock drivers over a one mile strip.

When a violator is spotted, a radio message from the plane to a patrol car will result in the arrest being made, officials stated. The men in the plane will keep watch on the car to make sure the right motorist is stopped.

Auto-Cades Show Opens This Friday

Central Ohio's only major auto show this year, the Auto-Cades of '59 sponsored by the Shepard-East Columbus Lions Club for charity, will provide a classic study in automotive contrasts.

Billed as "The Greatest Show on Wheels," the Auto-Cades will run Friday, Saturday and Sunday, May 1-2-3, at the Buckeye Building on the Ohio State Fairgrounds. All proceeds go to the Lions' sight-saving and welfare work for the Columbus blind.

The cars of yesteryear, today and tomorrow will be exhibited side by side. A glance from one car to another might span 35 years in automotive engineering.

LAWS GUARANTEE AMERICANS' FREEDOM

If there were no laws establishing individual liberty this editorial might not be written. The constitutional guarantee of speech and the press is not only the privilege of every newspaper—it is your privilege under the law. Both you—and we—enjoy the right to express opinion, criticize in the public interest. And all because of the law.

The first major victory for freedom of the press came in 1735 when John Peter Zenger was ably defended by a Philadelphia lawyer named Alexander Hamilton. That victory had its basis in law.

The Columbus Bar Association has called upon schools, churches, clubs and individuals to participate in the observance on May 1 of "Law Day USA." The day is being set aside to direct public attention to the role law has played in the development of America.

Although the observance will explore all facts of the law, Law Day USA is not so much concerned with the violation of a traffic ordinance or settlement of a damage suit in court, for example, as it is in the board, basic concept of individual liberty under the law and the obligations and responsibilities to society that liberty carries.

This nation was founded upon the ideals of individual freedom, equal justice and opportunity for all. Laws are rules of civilized living which make possible an orderly society. Without law there would be only chaos and terror. There would be a reversion to barbarism.

The basic law in the United States rests in our Constitution which has as its core the blessings of liberty.

The Constitution declares:

"Congress shall make no laws respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

These are precious words. They establish ideals and freedoms denied to most of the world's peoples.

The Law Day USA observances is May 1. But its implications require earest thought today. Many of society's ills may be traced to a breakdown in the law or utter disrespect for the law. The juvenile delinquent causes concern. Be his offense minor or grave it stems from his not learning to adjust his conduct to the standards of society under the law.

Now is the time for the school child to review the Constitution and the Bill of Rights. Now is the time for the clergyman and his parishioners to review the blessings of religious freedom. Now is the time for all to give pause to the meaning of the law.

We have a wonderful heritage. And we have it under the law.

The law gives us freedom. Freedom gives us obligation. We can't take the one without taking the other. Law Day USA gives us the opportunity to think most seriously on protecting both.

BIBLE COMMENT

Some Men Are Lacking Spiritual Diet

The person who says he doesn't "need" to go to church every Sunday is quite likely the same person who wouldn't, of his own choice, miss any one of the principal meals each day.

Of his bodily needs he is unwaveringly solicitous.

However, perhaps unwittingly, he is existing on a spiritual diet definitely subnormal in content.

That thought is brought to mind by the remembrance of congregations swelled in numbers at Easter and Christmas, but far from their maximum on Sundays the calendar around.

Many of us lack the will to pursue a course of Bible study or religious instruction, consistently, of our own will.

Through our regular attendance at church we receive the "foods" necessary for spiritual health and well-being.

The lessons, the sermons and, in some, confessions of faith and ceremonies all strengthen and nourish our spiritual life.

It is true that a sunset, a forest glade, the calm beauty of a moonlit night, give evidence of the existence of God.

But relatively few of us are strong enough in spirit to abide on such lovely but nebulous fare alone.

The person who says he doesn't "need" to go to church is mistaken in his statement: what he really is saying is that he doesn't "want" to go — that it is too much trouble to make the effort to attend.

Is it really too much trouble to devote an hour or two a week to His teachings?

To Him we owe the very existence that gives us the opportunity to exercise a choice.

DEVELOPMENT GROUP CLAIMS:

Okay Of Initiative Ordinance To Hurt Freeway Construction

Editor's Note: Because of the existing confusion about the North Broadway-Oakland Park Referendum which will appear on next week's ballot, this article prepared by the Development Committee for Greater Columbus is being printed.

One of every four motorists wanting to use interchanges on the North Freeway will have his access rights impaired if an initiative ordinance is approved in the city-wide primary election May 5.

The resulting scramble of cars to use ramps to and from the freeway at the other four planned interchanges would pile more traffic congestion on North Side streets and seriously hamper operation of the North Freeway itself.

For the future, passage of the ordinance would create frightening implications as to whether neighborhood private interest groups or competent, informed engineers will design the $200 million worth of expressways still to be built in the Greater Columbus area.

So important is this issue to the welfare of the entire community that the Development Committee takes this occasion to present some of the facts of the issue to its sponsors and members.

Stripped of all hoopla and gobbledygook, one point—and only one—will be decided in the election:

Will drivers be permitted to enter and leave the North Freeway in the North Broadway-Oakland Park Avenue Area?

Arguments over which of these streets is to be used are made irrelevant by the very ordinance, which would ban access to the Freeway on both streets.

Especially significant is the fact that none of the engineers planning the Freeway has considered eliminating access points in this vicinity, although some have disagreed over which street should be used.

Their reasons for wanting an access point in the Oakland Park-North Broadway area are conclusively shown by a study of the desires of motorists who will want to use the Freeway and whose needs determine the very design of the Freeway itself.

This study shows the North Broadway-Oakland Park area is the central and most convenient access point for one of every four North Side drivers wishing to use the 4.7 mile Freeway between Maynard and Strimple-ave.

The ordinance—if passed — would force drivers in this area to seek another entrance or exit.

And where will they find this alternate access point? Because most of those drivers will want to go south of the Oakland Park-Broadway area, the engineers believe most of these autoists will use the next interchange to the south, 0.5 mile away at Weber-rd.

Two streets then will bear the brunt of this extra traffic load—Indianola-av and Beulah-rd between Oakland Park and Weber.

At Weber they'll converge on an interchange designed for an even smaller traffic volume than the Broadway-Oakland Park access. Widening of the ramps and Freeway traffic lanes at Weber will cost extra money, but until it's done that interchange would be a potential traffic block and safety hazard keeping other motorists from enjoying the full benefits of the limited-access interstate highway.

And even after these improvements are made the motorists directly affected would still be deprived of their fullest use of the expressway because their most convenient access is denied.

The Overbrook-dr interchange a mile north of the Broadway-Oakland Park area would suffer similarly, although it's expected the degree would be smaller since fewer autos would want to travel to and from the north.

The effect of banning access at the Broadway-Oakland Park area would also be felt at the other interchanges at Hudson-st and Morse-rd, one, one and two miles away respectively, and to a lesser degree all along the Freeway line.

Even more sobering are the long-range implications on future expressway planning which passage of the ordinance would create.

A distinct possibility then would be design of $200 of future expressways by neighborhood interest groups rather than by competent professional engineers trained in building facilities to serve the interests and desires of the total community.

The time required to law to schedule a series of such elections could stretch out the expressway program by years and expose it to the dangers of sharply increased costs.

In addition to these permanent and far-reaching effects, the immediate result of adopting the ordinance would be a possible year's delay and the additional cost of buying extra right-of-way, engineering a 4000-foot change in the freeway grade and alignment, and designing new sewer and other utility relocations. Far from saving money, eliminating access points would increase the taxpayer's outlay for a North Freeway that won't give maximum service to Columbus motorists.

Lunkers Beware! Another Hartley Fishing Derby Is On!

Ohio-Caught Fish Eligible In Summer-Long Contest

Here it is—one of the most sensational fishing derbies ever to come down the road! All you have to do is catch some fish.

Why do we have a fishing derby? It is our way of stimulating interest in the beautiful outdoor sport of fishing and rewarding fishermen who bring in trophy catches. The Hartley Newspapers fishing derby is not limited to men—in fact, we want the whole family to participate. Last year several winners were women and youngsters.

An important feature this year is that the contest has been enlarged. Any fish caught in Ohio is eligible, as long as it is entered at one of the official weighing stations.

What is involved in entering a fish? First you must go to a weighing station (a list of these will be carried every week in this paper), and have the fish authenticated. At the station you will be given an addressed post card that you will sign and mail to the newspaper. That's all there is to it—and you can enter as many fish as you like. It costs nothing, of course, to enter the Hartley Newspapers Fishing Derby.

Prizes will be awarded on the basis of the largest fish caught on hook and line—first, second and third prizes in each of seven categories. Here are the species of fish to catch: largemouth bass, smallmouth bass, walleyes, crappies, bluegills, catfish and carp.

A point system will be used to score fish. A point will be given for each ounce of weight, and a point will be scored for each one-quarter inch of length. Fish scoring the highest total number of points in each category will be the winners. Decisions of the judges will be final.

Spectacular Catch Counts

The grand award, a week's vacation in Canada, will be given for the most outstanding and spectacular catch of the year, and will be decided by a panel of three judges.

The judges are: John Z. Polton, 276 E. Como, chief of the fish management section, Ohio Division of Wildlife; Fred Schob, 1214 Sandlin-av, wildlife patrolman; and Ted Lee, 986 Wilson-av, prominent Ohio sportsman and education chairman of the League of Ohio Sportsmen.

The derby will end on Labor Day, and the prize winners be announced as soon thereafter as possible. The lucky winner of the week's stay at Timberlane Acres will make reservations with Mr. Sutton for sometime the following summer.

Well, there you have it. You have a whole summer to fish for fun and at the same time compete for a whale of a lot of nice prizes.

Reeves' Birds Are Released Near Athens

Ohio recently received a new supply of Reeve's pheasants. These birds were live-trapped in France from an established wild population and flown to this country for the Ohio Division of Wildlife.

They were held in quarantine at LaGuardia Field, New York City, for the required period after which they were flown to Pittsburgh.

Game management personnel from the Waterloo Wildlife Experiment Station met the plane at Pittsburgh last Friday and hurried the shipment by auto to the Athens area where they were released in special pens.

The shipment of 20 birds was sent in seven baskets. Wildlife officials state that these birds should be superior brood stock to that now on hand. The present stock, the best previously available, has been pen-reared for several generations. The French birds represent a wild population which established itself naturally and may be better able to adapt themselves than birds which have become domesticated through years of confinement.

These birds will serve as brood stock, the offspring of which will be released in selected Ohio hill counties.

Hilltop Relays Carded 'Under Lights' Tuesday

West Track Coach "Rufe" Glass has everything in readiness for the 13th Annual Hilltop Relays, to be run under the lights at Magly Field, Tuesday, May 5.

For a 50-cent ticket, spectators will get to see competition in shot put, discus, high jump, broad jump as well as the usual track events.

Teams will represent North, South, East and West, Central and Linden-McKinley High Schools.

Two entries will be permitted in the field events, one each in individual track. The track events will begin promptly at 7:30, Glass said, adding, "We've never finished behind schedule." Ironically, West has never won the event.

Appropriate awards will be presented by the Relay Queens from a victory stand as soon as the event is concluded.

Scoring for individual events will be 8-4-3-2-1; for relays 12-8-6-4-2. A trophy will go to the individual high scorer. Track events will take precedence over field events when the boys are entered in both simultaneously, Glass said. All 440 and 880 relays will be run in lanes all the way. Four tries only will be permittted in the shot, discus and broad jump, he said.

To spotlight some credit where credit is due . . . No-hitters in baseball are a rarity, and not to be treated lightly. West's Don Uldricks' feat against North a week ago Friday deserves a little more attention then we were able to give it last week. This reporter was out of town and missed the highlight of a pitcher's career.

Now that the book has been "ironed out," let's take a glance at that record-making event. Uldricks had eight strike-outs and gave up only two walks. But, in the latter cases he had outstanding backing from his teammates as they reeled off two doubleplays (not too common in high school ball) to kill off the only two North base runners. Meanwhile Uldricks was having himself quite a day at the plate, too. He had a single and a triple, scored one run and had five RBIs to his credit for a very fine day's work.

All the while the rest of the Cowboys were chipping in with two runs in the first as Don Barnes angled and Dan Alder and Terry Briggs both both walked and this coupled with an error, two stolen bases and Uldricks' first bingle, took a quick lead for good. In the fifth they batted completely around as Bob Saint led off with a walk, Barnes singled, Briggs walked, Uldricks contributed his smash, Mike Cantlon doubled, Bill Briggers reached on an error, Dave Brady doubled and Bob Dean Walked.

In pitching his first no-hitter (since a couple in his "youth" in the Little Leagues), Uldricks faced only 21 batters, only two men reached base . . . and those two were erased via the doubleplays, in his almost perfect whitewash.

Last Tuesday West took the measure of Aquinas, there, 6-3. West got a single tally in each of the first three innings to hold a 3-0 lead into the last of the sixth when Aquinas exploded on two doubles and a single and a walk and two errors on shortstop Barnes for three runs to tie it all up.

But West was equal to the task and Dean led off the inning by striking out, but Barnes doubled, Saint was safe on an error on the first baseman, Uldricks doubled, Briggers grounded out, Brigg flew out to end the frame. When the smoke cleared, Uldricks had helped win his own game (with some stolen bases to help), the Cowboys had three more runs and a 6-3 victory. Aquinas with two out in their half of the inning threatened with a walk and a single, but Uldricks struck out a pinchhitter.

In their game last Friday, Uldricks got his second shutout in a week with a big boost from a fine performance by "Mousy" Barnes, as his teammates jumped on Grove City pitchers for a 13-0 romp. It avenged West's loss in their season opener to the same crew (5-4 in eight innings).

West scored in every inning except the fifth. They lead it with four in the first and finished it off with a big five in the sixth.

Little second sacker Saint led the 13-hit assault with 4-4 with two triples and two singles. Dean, Cantlon and Bill McLaughlin each had two hits in the attack on four Grove City hurlers.

West played South, there, Tuesday and has an off-day this Friday. However, on Thursday, they open their district tournament, warring against Grove City (their rubber match), there, Grove City, with Grandview, all defending district champs.

Don't forget the annual all-sports banquet held at St. Agnes Church this Thursday, April 30, sponsored by the St. Aloysius Booster Club. Guest speakers will be Frank Kremblas of Ohio State and Chuck Ryan of St. Charles.

After a full week's layoff (must have been about two weeks too long), West Jr. High had their season baseball mark evened at 1-1 as they were shellacked by Eastmoor, 20-4. To quote West Coach Bill Brown, "No more need be said."

West Junior's 25-man squad this spring is composed of (ninth graders): Tom Alban, Bob Cogan, Jim Cook, Mike Culbertson, Rick Meyer, Bill Lurz, Dick Robison, Glenn Rohrer and Herb Sharfenaker; (eighth graders) Chuck Castle, Dan Donaldson, Fred Finke, Larry Graves, Mike Porter, Stephen Takos and Gerald Walters; and seventh graders, Lee Armstrong, Bob Biggers, Dan Downing, Jim Drummond, Ron Grundstein, Jim Hughes, Bob Knight, Jay Sanford and Mike Uldricks.

Starling Junior High also evened its record at 1-1 as it thoroughly trounced Mohawk, there, 23-1. They dropped their first contest of the year last week to Franklin Jr. Hi, 10-4. Starling's hurler in the Mohawk massacre was Jim Cassady . . . name familiar? He gave up only one hit and fanned 12.

Defending City League baseball title holder Central finally got on the winning trail last week after dropping their first three starts of the campaign. They upped their record to 2-3 as they dumped Eastmoor, 5-1 on Tuesday, and came back to outduel Marion - Franklin on Friday, 6-3 —both at Central.

In track on the Central scene the past week, the Bucs tied with West for third with 22 points (East won and South and North tied for second) in the Riverside Relays held at Central Apr. 20 and 21. In the track events the Pirates took a second in the shuttle hurdles, third in the mile relay, and a third in the 880-yard relay.

Saturday they were in the annual Wesleyan Relays at Delaware but they only achieved a three-way tie for 11 spot with three points. Their points came with their third in the broad jump relay, with a total jump of 63'-10½" (the combined total jumps of their three-man team). This was the meet where Columbus East's mile relay team set a new record of 3:24.9; both Cleveland East Tech and Dayton Roosevelt also both bettered the old record for the O.W. event in following East across the finish line.

Dave Francis, one of the greatest high school backs that this reporter (in agreement with many fans and so-called experts) has seen in many a year, has finally made his college choice. Columbusites, like Woody, are joyed to hear he has chosen the Bucks of Ohio State.

• • •

Two former West boys, Dave Randall and Parker Brigner, did some potent slugging for Capital U last week in their 8-1 win over Kenyon.

• • •

West trackmen, in preparing for their big annual Hilltop Re-Dave Koons and Bill Kern took Field next Tuesday, May 5, at 7 p.m., have been running into a little trouble in the win column. As mentioned before they tied for third with 22 points in the Riverside Relays last week.

Their two-mile relay team of Leon Evans, Gary Dusenbery, Dave Koons and Bill Kern took the only first for the Cowboys in a time of 8:43.6. The one mile relay team (Francis, Phillips, Jones, Neely) took a second in their event. The 440 team (Glass, Hastings, Francis, Prater) took third and the high jump team (Prater, Hastings and Phillips) took a fourth. The shuttle hurdle, distance medley, shot, put, pole vault, broad jump and discus teams all placed fifth.

In their traditional triangular meet with Upper Arlington and South (there) on Thursday eve they took a real thumping, U.A. 67, South 57, West 24. Miler Kern took West's only first in a time of 4:50.5, while Tom Myers tied for first in the pole vault with an 11' leap.

The rest of the Cowboy scoring was: Phillips a second in the 120 high hurdles and the 180 low hurdles; Jones a third in the 440; Koons a second in the 880; Glass a third in the 220; and Barnett a third in the discus.

The reserve squads of these same three teams met on Friday night as is the tradition, and though West fared much better they still ended up at the bottom of the totem pole—U.A. 67, South 48½, West 31½.

At the first annual Polar Bear Relays last Saturday, West was fifth with 27 points. Scorers for the Cowboys were: Myers, fifth, pole vault; Moseeman, third, broad jump; Phillips, third, high hurdles; Kern, third, the mile; Jones, fourth, 440; Phillips, fourth, low hurdles; Coons, fifth, 880; Jones, third, 220.

Meanwhile, Coach Fred Heischman claims to have the best golf team that he's had since he took over as golf coach nine years ago. It features Bill Castle as No. 1 man, a senior back for his third year in competition. No. 2 is Gary Atwood, a sophomore. No. 3 is junior Bob Wesley, back for his second year. And No. 4 is senior Larry Dulin, also back for his third year.

They lost their first match to Linden McKinley, 15½-½, but bounced back last week to take South, 10½-6½, for a 1-1 record at press time. Weather permitting, they met North at Brookside last Monday night (play only one match a week, on Monday afternoons), and then a triangular with Upper Arlington and Hilliard next Monday (May 4) at Winding Hollow.

They are presently tied for third in the City League competition behind Arlington and Linden. But Heischman looks for their best year, and a different result the next time they meet Linden. (Linden's No. 1 and 2 men shot in the high 70's against West, but in their next match shot up in the 90's.)

Food Markets This Week

by Mrs Estelle B. Franks

Vegetables — asparagus, lettuce, celery, potatoes, canned peas.

Fruits — grapefruit, rhubarb, pineapple, bananas, frozen strawberries.

Meat and Poultry — fryers, park loins, pork steaks, smoked picnics, large eggs.

SPRING BRINGS ASPARAGUS

Fresh asparagus is now coming to our markets from local farms. We've been getting excellent asparagus from California for several weeks, but from now on the local crop takes over the market. You'll enjoy its freshness.

No crop depends so much on warm sunny weather as this springtime delicacy. An asparagus producer spends about three years developing his asparagus bed . . . longer than it takes a dairyman to raise a cow to the productive stage. But when the asparagus spears nose their way above the ground in the spring, they grow like magic — as much as 8 to 10 inches a day. The warmer the faster the growth and the better the quality and flavor. Usually peak production in this area comes around the middle of May.

Signs of Good Quality —fresh asparagus include firm, brittle, bright green stalks, and tightly closed well-formed tips. Avoid stalks that appear wilted or have spreading loose tips. They have been cut longer and may be wasteful. Stalks that are angular in form are likely to be tough and stringy.

Care is Important — fresh asparagus is highly perishable. It should be kept cool from the time it is cut until it is cooked. After purchasing, hurry it home — don't let it stand in a warm car along the way. Store asparagus in a moisture-proof container or bag in the refrigerator and use within a day or two. If you wash the spears before storing, dry them well with paper towels. Moist asparagus tips have a short storage life.

Cooking is the Keynote — one suggestion on cooking — don't overdo it. Asparagus cooks in ten minutes or less. To avoid overcooking the tender tips of whole spears, tie them together in a saucepan that contains enough salted water to cover the lower two-thirds of the stalks. Cook uncovered until almost tender. Then cover and cook the tips in the steam until tender.

Weight Watchers are happy that six average-sized spears of asparagus give only 22 calories. When green it contributes a good portion of vitamins and minerals to the diet.

FIELD-GROWN RHUBARB

Local growers are bringing quantities of excellent quality rhubarb to markets. The stalks are longer now but still tender and colorful, which means economy for using it fresh or for freezing. Don't put off freezing much longer — rhubarb loses quality fast when hot weather comes.

THERE'S NOTHING LIKE FRESH RHUBARB PIE!

2 cups cut rhubarb
1 cup sugar
2 tablespoon flour
½ teaspoon grated orange peel
Dash salt
1 recipe Plain Pastry
2 tablespoons butter or margarine
OVEN 400°

Combine rhubarb, sugar, flour, orange peel, and salt. Fill nine-inch pastry lined piepan; dot with butter and adjust top crust. Bake in hot oven (400°) 40 to 50 minutes.

REAP HOURS OF FUN

Exchange Three Dollars For The Time Of Your Life

A three-dollar bill might land you in jail for counterfeiting but certainly it (or its equivalent) can buy you the time of your life at Norwood's Amusement Park.

Your entire family in fact can reap hours of summer fun time for your three bucks, thanks to the exceptional value being offered by the Hartley Newspapers in cooperation with Norwood's.

You don't have to run off three-dollar bills on your printing press to qualify, either; it's as simple as stopping at the nearest Hartley Newspaper office, paying three dollars and clamping your fingers around a ticket book worth five dollars in rides and miniature golf all season at Norwood's.

That's FIVE dollars in value, one for each finger, and a kingsized 40 percent reduction in any man's ledger.

If you prefer you may mail a check, money order, or cash to the Hartley offices and your ticket book will be mailed to you promptly. Quick action is necessary, since the offer is for a limited time only.

At Norwood's, the popular recreation park on E. Main-st at Alum Creek now open for its 18th season, your family — mom, dad, and kiddies of all ages — can enjoy over a dozen and a half rides and amusements. The choice ranges from the reliable carrousel and Ferris wheel to dodgems, sky ride, and screwball; and a special section of junior rides certain to catch the fancy of the wee lads and lassies.

You'll be able also to test your par-busting skill on a miniature golf course now completely rebuilt to championship caliber.

This wonder world of play is all yours the minute you fetch a three-dollar bill or its equivalent to the Hartley Newspaper offices at 2465 W. Broad-st or 1542 Parsons-av.

Garden Wedding Is Planned

MISS ANN LILLIAN THIEL
— J. Curtis Allen photo

Mr. and Mrs. Elliott A. Thiel, 2556 Dibbles-av announce the engagement of their daughter, Ann Lillian, to Mr. Jack S. Peck, son of Mrs. Esther L. White, 994 Reinhard-av.

Miss Thiel attended schools in New Jersey and Indiana and was graduated from West High School. She is a member of Beta Sigma Phi Sorority and is associated as a secretary with the Columbus Transit Company.

Mr. Peck attended Central High School and is employed in the trolley department of the Columbus Transit Company.

A garden wedding will be held Sept. 7, at the home of Mr. and Mrs. Charles W. Ellis, Dublin. Rev. Harry J. Stubbs of the Chapel of the Dunes, Gary, Ind., will officiate.

Miss Anderson, Mr. Riley Exchange Vows

St. Patrick's Church was the setting for the wedding of Miss Shirley Dee Anderson, daughter of Mrs. George P. Anderson, 3132 Whitehead-rd, and the late Mr. Anderson, to Mr. William Joseph Riley, son of Mr. and Mrs. Patrick J. Riley, 40 Martin-av.

Arrangements of white calla lilies, white gladioli and red carnations decorated the sanctuary.

Given in marriage by Mr. Howard E. Thompson, the bride wore a gown of hand-clipped Chantilly lace and nylon tulle over bridal satin. The pointed bodice was fashioned with a scalloped Sabrina neckline, re-embroidered in pearls and iridescents, and long tapering sleeves. Lace skirt featured side panels of ruffled tulle, appliqued with lace, and the wide lace back panel fell into a chapel train.

Her veil of silk illusion was caught to a contour crown of lace and tulle, studded with pearls and iridescents and she carried a cascade of shattered white carnations and red roses with a white orchid.

Miss Deanna Billhimer was maid of honor and bridesmaids were Miss Florence Swiger, Miss Patricia Hunter, and Miss Cheryl Williams, cousin of the bride from Indianapolis. In

MRS. WILLIAM JOSEPH RILEY

They wore gowns of satin peau, styled on princess lines, with sabrina neckline, small back bow and streamers and puff sleeves, with full gored skirts. They wore white bow bandeaus and carried white fur muffs.

Mr. Thomas Riley was best man for his brother and ushers included Mr. John Compton, Mr. Richard McCoy and Mr. Thomas Caldwell.

A reception at the Jai Lai followed the ceremony.

Mrs. Anderson chose a gown of power blue taffeta with side panels ending in a chiffon bow in the back with matching accessories and a white orchid wrist corsage. Mrs. Riley wore navy blue with matching accessories and a white orchid corsage.

The bride attended Ohio State University where she was a member of Alpha Gamma Delta Sorority. She is employed as a secretary at Fort Hayes, in the Adjutant General's Dept.

The bridegroom is a graduate of Aquinas High School and is employed at Columbus and Southern Ohio Electric Co.

Following a wedding trip through Michigan, Canada, and New York, the couple is at home at 2003 W. Broad-st.

Candidates—
(Continued from Page 1)

Mrs. Edmonston, who has lived in Columbus most of her life, held office five terms in the Ohio House of Representatives.

She feels that her experiences dealing with people in organizations, and her terms in the Ohio Legislature best qualify her for work in the City government.

Robert Forman

Rev. Robert F. Forman, is running as a Democratic candidate for City Council to give "Columbus the same progressive leadership that it has enjoyed for the past six years."

A minister in the Presbyterian Church before turning to his private law practice, Forman is the Democratic Committeeman in the 15th Ward. A resident of 1454 S. Highland, he is not married.

Forman points to the progress of Columbus during the past six years, particularly the inner-belt and annexation as reasons why the same type program must be continued.

John T. Gordon

Democratic candidate for City Council John T. Gordon points to 10 years of sound administrative experience and an active interest in civic affairs as his best qualifications for office.

A resident of 5361 Stock-rd, he and his wife, Jane, are parents of four children Barbara Lynn, 12, John seven, Stanley, six and Bradley four.

After completing his service in the Navy during World War II he was employed as a sales representative for a Colorado milling firm. He later returned to Columbus and was employed in the Manufacturing Division of North American Aviation.

Transferred to the Engineering Division as an engineering planner, he is now responsible for estimates, budgets, and the preparation of long range forecasts and schedules.

Activities in civic organizations include the YMCA, Northridge PTA and the Chesseland Manor Civic Association.

Harold Hichman

A non-partisan candidate for City Council is Harold Hichman, 1163 Weber-rd.

He is married and the father of two sons, Harold, Jr., age eight, and John Michael, six.

He is affiliated with the Indianola Presybterian Church, is a member of the International Typographical Union, and Eagles, No. 279. He is employed as a printer for the Columbus Dispatch.

Hichman has been a resident of Columbus for 11 years and feels that his ability to look at the city's problems from a working man's point of view is his best qualification for the office.

William M. Hicks

"Experience in business as an executive should be of value in handling city business." Republican William M. Hicks says in seeking re-election to City Council.

A graduate of the Moundsville, W. Va. school system, Hicks attended Ohio State University where he received a B.S. in Business Administration.

He is employed as Director of Industrial Relations and Public Relations for the Columbus Plant, American Standard Industrial Division, American Radiator and Sanitary Corporation.

Besides his business experience, Hicks served four years active duty in World War II as Contract and Procurement Officer for the U. S. Navy. He has been a member of Columbus City Council for three years and serves on the Finance Service Committee. He is chairman of the Airport Committee.

He is a member of the Columbus Maennerchor Club, University Club, Press Club of Ohio, Columbus Industrial Association, South Side YMCA, Columbus Urban League and Citizens Research, Inc.

Among the many measures he supports as councilman are development of adequate mass transportation to reduce downtown congestion, proper advance planning and pre-zoning, elimination of payment of large sums to consulting engineers, nonpartisan Civil Service Administration and proper use of the office of Director of Finance.

Bill Hoermle

Incumbent Democrat City Councilman, William P. Hoermle will be facing his first test at the polls since being appointed to the city legislature in next week's primary election.

A long time Columbus business man, he attended St. Mary's Grade School and Commerce High School.

Hoermle has operated his South Side appliance store since 1925 and is director and treasurer of Redi-Foods, Inc.

After being appointed to council by Mayor M. E. Sensenbrenner, Hoermle was evicted from his seat by a Supreme Court decision and reinstated on a Democratic-Republican compromise which gave the council president's chair to Republican mayor aspirant W. Ralston Westlake.

Hoermle resides at 2854 Beverly-pl-en the East Side.

Russell M. Jones

Russell M. Jones, 1293 Franklin-av, is a Democratic candidate for the office of City Council.

He and his wife, Marie, have two children, Renata Marie, age nine, and Karen Louise, eight.

Jones, who is affiliated with the Baptist Church, received his degree in Sociology at Virginia Union University, and has done graduate study at Springfield College, Union Theological Seminary, and Capital Seminary.

He has been employed as a Baptist minister in Bellefontaine, an Ohio State University YMCA Staff member, and at present is chaplain at Benjamin Franklin Hospital. He has been co-ordinator of chaplaincy services for Columbus Area Council of Churches since 1957.

He is chairman of the Beatty Center Advisory Council, on the executive board of the Near Eastside Area Council, a member of Columbus Fellowship Church and NAACP. He has been a resident of Columbus for 12 years.

Jones feels that his formal training in sociology and community organizations, work in the field of human relations, and various civic activities which have brought him in contact with the government, best qualifies him for the office.

Richard McQuade

A Democratic candidate for City Council is Richard McQuade, 461 Brevoort-rd.

McQuade is married and has three children, Therese, five years; Rick, three years; and Mary, four months.

He is affiliated with the Roman Catholic Church and is a member of the Junior Chamber of Commerce, Clintonville Conservation Club, and K of C. He is employed as a salesman for the Williamson Dickie Co.

McQuade feels that his youth, education and lifelong residence in Columbus best qualifies him for the office of councilman because of his familiarity with local problems and people.

A graduate of Ohio State University, McQuade played on the last Buckeye Western Conference championship basketball team.

Charles P. Meeks

Patience and understanding in dealing with people by recognizing and seeking action on their problems immediately is the best qualification alleged by non-partisan City Council candidate Charles P. Meeks.

Financial secretary-treasurer of Local 969, UAW, at General Motors, Meeks says adequate sewage, drainage and water facilities should be available to all residents of Columbus.

He adds that money should be appropriated to support present surveys to eliminate drainage problems and forever erase the possibility of flood.

A member of the K of C, he is also associated with the Eagles, Moose, Elks, Friendly Sons of St. Patrick.

He has two children, Nancy, eleven, and Cassie, six.

Norman V. Mullins

Appearing on the ballot as a non-partisan candidate for City Council in next Tuesday's primary election will be Norman V. Mullins. He lives at 144 W. Hubbard-av.

Constance Nichols

Constance Curtis Nichols, 1754 Richmond-av, will appear on the Democratic slate of City Council candidates.

A public accountant and general office service worker, Mrs. Nichols is self employed with the Curtis-Nichols Business Service.

She feels her best qualifications for office are "experience with the citizens of my own community and a knowledge of the needs of the community which will benefit Columbus as a whole."

A former UAW-CIO Committeewoman at General Motors, Trenton, N. J., she was closely allied with labor in the defeat of Right To Work legislation in the November election.

Affiliated with the Catholic church, she is business manager of the Columbus Community Theater, a member of the Vanguard League, Mt. Vernon Avenue District Improvement Association, Mayor's Community Relations Commission and secretary of the Columbus Fair Employment Practices Committee.

A graduate of the Marietta School system, she received a BS in Business Administration at Ohio State University.

Patrick P. O'Linn

Patrick P. O'Linn, 845 Minerav, is a write-in candidate for City Council endorsed by both the West Side Young Democrats and the Ninth Ward Democrats.

O'Linn is married and the father of five children, Daniel, 13; Clara Jean, 12; Patrick, II, nine; Michael, seven; and Frederick Kevin, four.

He is associated with the Armour and Co. Data Processing Department and is a member of the Holy Family Church, where he is president of the Holy Name Society. He is also a member of the Armour and Co. Capital Leaders Club, Elks No. 37, and the Shamrock Club.

A graduate of St. Mary's Central, Marietta, he has attended A.G.O. school in the Pentagon at Washington D. C., as well as various I.B.M. classes in Columbus.

He supports more legislation for flood control and believes the city must have adequate or proper water, sewage, drainage, and recreational facilities to encourage large companies to locate here.

Raglan R. Reid

Raglan R. Reid believes that 25 years as a practicing lawyer and student of political science and municipal government are his best qualification for the office of City Council.

Reid has been a resident of Columbus for thirty years and is an attorney at law with the firm of Reid and Cox. He is presently sixth ward Republican Committeeman.

He is a member of the Union Grove Baptist Church, YMCA, a trustee for the Phillis Wheatly Home, Elks, commander of the American Woodmen, choir director for the Mt. Vernon AME Church, and former trustee of the Urban league.

He received his Bachelors Degree cumlaude at Wilberforce University an LLB at Ohio State University Law School, and has done graduate work in Philosophy at Ohio State.

He and his wife Janet live at 141 Brunner-av.

The number of farms operating in the United States last year was 18 per cent less than in 1948.

WORSHIP TOGETHER THIS WEEK

Somewhere in your town a man you may have never seen waits hopefully for you.

He is a minister. A priest. A rabbi. A man used to speaking out... making decisions... taking action for himself, for his congregation and his community.

But where you're concerned, he can only wait and hope you will come.

He holds something in trust for you—the powerful, crucial *first* introduction to Faith. And he is anxious to pass it on.

The strength and confidence of Faith can mean many things to many men... *and* to the families who count on them.

So together with your family start to find that Faith this week.

Guide Forms Booklet

Again in this issue, subscribers to the six Hartley newspapers will receive a weekly guide to the top television program on all four Columbus area stations. To fold the page into a handy booklet, follow these simple instructions: Taking the page as it is presented in the paper, fold it vertically in half. Then fold the top of the page to the bottom twice until the front page of the section appears. The first three days then follow in order. By turning the page over, the other four days appear.

Is there an intelligent young — high school graduate, or soon will be — who has a desperate desire to learn the newspaper business, but is unable to finance a college education. If so, an unusual opportunity is available to one who is willing to sacrifice quick financial return for a long-term practical education in the many phases of newspaper work. Starting salary will not be high, but to a young man who is capable of learning the business, there is no limit to ultimate financial return. Applicants will be carefully screened — only those with high scholastic records will be considered. Good knowledge of English essential. References required. WHAT IS A CUSTOMER?

He is the most IMPORTANT PERSON ever to come into this place of business—either in person or by mail. He is NOT an outsider to our business . . . he is PART of it. He is NOT someone to argue or match wits with. NOBODY ever won an argument with a customer. He is NOT a cold statistic . . . he is a flesh-and-blood human being with feelings and emotions like our own and with biases and prejudices. He is NOT an interruption of our work. he is the PURPOSE of it. We are not doing him a favor by serving him. he is doing us a favor by giving us [illegible] to do so. He is NOT dependent on us. we are dependent on him. He is the one person whose continued good will we must hold or his next car will be another Spic 'n Span Used Car, which is the KEY TO OUR SUCCESS in the future . . .

PRESENTS $50,000 CHECK

Ternstedt Swells YM-YWCA Fund

A $50,000 contribution by Ternstedt Division of General Motors to the Columbus Area YMCA-YWCA Joint Development Fund was made today by Paul L. Jones, resident manager of the firm's Columbus plant.

The contribution is the latest in the campaign to raise $2.5 million to rebuild the old YWCA residence hall and to build three new "Y" branches —the Hilltop, South Side and Spring Street.

In making the presentation, Jones paid tribute to the fine work carried on by the YMCA-YWCA. "We are proud to be a part of this work," he said, "and especially happy that the Hilltop, so drastically in need of new facilities, will benefit directly. Because so many of our own employes live in this area, the new Hilltop branch is of special interest to us."

"I hope," the executive stated, "Columbus industry and individuals will continue to back this drive and help it to reach the goal. An investment like this in our youth today, can only pay rich rewards tomorrow."

At the presentation ceremony were Mrs. Elmer J. Hegenberger, Frank Orlos, Richard Ninde, E. L. Smith, Paul Jones, C. C. Hartley, Thomas Dudgeon, Al Hollowell and Bert Korte.

THIS'LL BUY BRICKS—Staunch backing by industry in the YM-YWCA Development Drive is evident in this scene snapped at the site of the future Hilltop YMCA building on Valleyview-dr. Ternstedt Resident Manager Paul L. Jones, right, gives a $50,000 check to E. L. Smith, Westinghouse works manager and head of the drive's industrial division. Looking on (from left) are Mrs. Elmer J. Hegenberger, chairman of the Hilltop YWCA; Frank Orlos, resident controller of the Columbus Ternstedt plant; and Richard Ninde, president of Marble Cliff Quarries and chairman of the drive.

West Side's June Jubilee Is Just Around The Corner

Little wheels are turning in the heads of a dozen West Side businessmen who are concocting the 1959 West Side Jubilee.

BOB MORTON

Chairman this year is Bob Morton, manager of Phillips Coney Island, 1244 W. Broad-st.

Morton revealed a few things about the annual fun-fest which will come to Sunshine Park for a week-long stay, beginning Monday, June 8: a parade on opening night will begin at Starling School, follow Broad-st east to McDowell and head south to Sullivant and the park.

Procession plans are not complete but Morton said 15 or 20 queen candidates would ride in convertibles, followed by the Alla Babba Shrine band, Franklin County mounted sheriffs, merchants vehicles, Gooding's

St. Agnes Fete In Preparation

Plans are again under way for the annual Memorial Day festival at St. Agnes Church grounds, 2350 W. Mound-st, corner of Wheatland-av.

Charles N. Crites, 490 Belvidere-av, is general chairman of the fete, with Jack McAndrews as assistant and John Condon, advisory chairman. Rev. Robert Schmidt is pastor.

Public is invited to the afternoon-and-evening holiday affair. Amusement booths, a fishpond, and carnival rides for children will be featured.

Roast beef and ham dinners will be served between 1 and 9 p.m., at economy family-type prices, according to Chairman Crites. A 1959 Chevrolet will be given away as a highlight of the event.

Student Nurses In New Home

Monday was moving day for Mt. Carmel Hospital's student nurses.

Ninety students moved into the hospital's new home after Sunday dedication ceremonies.

Included in the facility are dormitories areas complete with lounges and kitchenettes, recreation room, gymnasium-auditorium, chapel, classrooms and laboratories.

Bishop Clarence G. Issenmann participated in Sunday ceremonies.

Also present were Msgr. William E. Kappes, director of hospitals; Leroy Gable, Hospital Federation president and Richard Borel, Franklin County Hospital Commission chairman.

Ternstedt Comes To Aid of Y Bldg. Fund

This community should be grateful for the fine contribution made this week by the Ternstedt Div. of General Motors to the YM-YW Development Fund for the purpose of erecting new YM and YWCA buildings.

Announcemnt is being made today of a gift of $50,000 to the Y building fund by Ternstedt through the local manager, Paul Jones.

This money will go into the development fund for the purpose of building a new YMCA dormitory downtown, and fine new buildings for the Hilltop, South Side and Spring Street YMCA's

Such cooperation and participation in local projects on the part of large industries bring out the human side of such organizations. Officials of these firms know of the needs of our various communities and such action as this attests their realization of the importance of giving their fair share to such campaigns.

It is gratifying to have such fine industries as the Tern-

ELECTION-YEAR HASSLE SEEN —

Sewer Relief Hopes Hinge On Big Run

With the primary election out of the road there is every reason for residents of the city to brace themselves for the barrages of words that will most certainly be forthcoming in an election year.

There is every indication that much will be said regarding sewers and wet basements, what could and should be done . . . with perhaps but one result . . . more confusion on the part of the property owner and no positive assurance of a workable program being presented by either party.

In Apr. 1958 the Sewer and Water Committee of the Development Committee for Greater Columbus made recommendations for an extensive plan of sewers for Columbus, looking to the present needs of the city, as well as toward future growth of the area. The report has the approval of both the city and Regional Planning Commissions.

In this report was the recommendation that there be a study of the feasibility of construction of the proposed Big Run Trunk Sewer aimed at providing relief for the West Side and Hilltop and extending services to the growing areas of western Columbus.

This study has been going on for some time through a contract of the city with the H. G. Dill Co., consulting engineers.

As people of this area continue to wonder what relief may be in the offing Record and News sought the answer this week to the question, "What is the status of the Big Run report?"

Dill Report Due Soon

H. G. Dill stated this week that the report has been delayed due to some other surveys being made in other sections of the city but that the report is now being polished up for presentation within the next two weeks.

Would the Big Run sewer provide relief for the Hilltop? Says Dill: "If the Big Run (84-96 inch) sewer is built (south of Frank-rd) it would appreciably reduce wet basements in the west area. Ninety per cent of the trouble now is due to rain water filling the local sanitary sewers. Big Run would give definite relief in event of ordinary downpours and floods."

It was pointed out that Jan. 1959 was exceptional and that it would be economically impossible for the public to bear the cost of building a system to completely contain another such deluge. The problem in this area is very complex, he stated.

Residents of this area will anxiously await the Big Run report and watch with interest what happens in an election year!

East Again Wins Relay

Sparked by good weather and a good turnout, East High again followed recent tradition and won the Hilltop Relays, Tuesday night.

East's mark was 100½. Following were North, 64¼; South, 48½; West, 48; Central, 38, and Linden McKinley, 17½.

Only record of the contest was set by East in the mile relay. The new time is 3:31.3 which is .4 second better than East's 1956 mark.

DeVore Rates Election Nod

Hilltopper Ronald E. DeVore, a Republican, pulled in the second highest vote count in the city council nominations which dominated Tuesday's primaries.

DeVore, a resident of 329 S. Terrace, is a tax consultant and real estate agent.

Golda Mae Edmonston, veteran GOP member of the State Legislature led DeVore by about 1500 votes. Balloters defeated the Interchange Issue almost 2 to 1, permitting the innerbelt to proceed as originally planned.

Dr. Robert A. Haines, director, said the $650,000 structure will be known as the Broadview Cottage. It will be adjacent to the present ancient Broadview Cottage, which will be razed following completion of the new building. The project will be financed with funds from the $150,000,000 bond issue approved by the voters of Ohio. Haines said it is one of many facilities to be built in the long-range construction program of the Department of Mental Hygiene and Correction. The plans were prepared by the state architect.

Local Kiwanians Will Shower Honors On Community's Mothers Of The Year

By Betty Daft

Two women, chosen by Hilltop and Westside Kiwanis Clubs to represent all mothers in the community, will be honored by the service organizations this week as "Mothers of the Year."

Mrs. Harry Clark, 42 S. Warren-av, was selected by the Hilltop club and Mrs. Vernon Creasap, 864 Reed-st, by the West Side group.

Both were chosen for the traditional honor by the clubs' Support of Churches committees, from names suggested to them.

Mrs. Clark will be the guest of Hilltop Kiwanians at their weekly luncheon meeting Thursday at The Dragon, and Mrs. Creasap was to be honored by West Side Kiwanians, Wednesday noon.

Although her own four children are married and grown, Mrs. Clark still contributes much of her time to young people's guidance and training.

As Sunday School teacher at Westgate Friends Church for 30 years, she has taught two generations of many Hilltop families.

Her husband, Harry, also active in the church, is a former trustee and elder of Westgate, and teaches Sunday School.

Take Daily Walks

In spite of advancing years, the Clarks never miss their daily, walking jaunts. The pair, a familiar sight in the community, average two miles each day.

Mrs. Clark smilingly explained, "We enjoy it so. You can see more and the world appears much more interesting when you're walking.

"I especially like to walk in the rain; only deep snow stops me."

The Clarks are the parents of Mrs. Paul Langdon, 75 Powhatan-av; Dr. Kenneth Clark, chairman of the psychology department, University of Minnesota; Lloyd, 294 S. Richardson-av and Floyd, of 242 S. Southampton-av, both associated with the Postal Department.

Mr. Clark is a retired dispatcher of the Pennsylvania Railroad.

Robert Darrow is chairman of the Kiwanis committee planning the affair

Mrs. Creasap was to be honored by Westside Kiwanians at today's luncheon meeting at Chicago Avenue Church.

Program included presentation of an orchid and certificate from Carl Bogart, chairman of the Support of Churches committee. Speaker was Rev. William L. Steffens, pastor of Broad Street Methodist Church.

Busy With PTA, Church

Linda is a senior at Central High School and Sharon, an eighth grade student at Hilltonia Junior High

Mrs. Creasap is past president of Dana Elementary, Starling and Hilltonia Junior High schools, and now serves as president of Central High PTA and vice-president of Columbus Council PTA.

She is also secretary of Bellows Avenue Church of The Nazarene, the church her father, the late Rev. Howard Welsh, organized in 1934

Her other duties at the church are, treasurer of the Missionary Department and assistant supervisor of the Junior Department.

Mrs. Creasap has served on polio and United Appeal drives, and is a former Blue Bird leader.

Food Markets This Week

by Mrs. Estelle B. Franks

Fruits—grapefruit, pineapple, rhubarb, apples, frozen strawberries.

Vegetables—asparagus, spinach, kale, celery, lettuce, potatoes.

Meat and Poultry — rib-end pork roasts, smoked picnics, fryers, large eggs, dairy products.

MOTHER'S DAY BREAKFAST IS SPECIAL EVENT

This is a Mr. and Mrs. Column for both to share. Please do!

Breakfast in bed is not necessarily a treat to mother, but remaining in bed a few minutes extra while father and the youngsters scamper about in the kitchen preparing breakfast may be. So, if you're a breakfast - with - the - family mother, hand this column over and let the rest of the family take over on Mother's Day.

Breakfast preparation will have to begin with the shopping, for you'll want to be sure you've the supplies necessary.

Keep the Food Plan Simple—Grapefruit halves are always delicious, or you may want to try fresh pineapple and frozen strawberries in pretty stemmed glasses. The pineapple should be prepared the night before, the berries placed in the refrigerator to defrost.

Second Course—broiled bacon, scrambled eggs, sweet rolls, coffee, and milk for the youngsters, all of which is very simple. Remember, to take the bacon from the refrigerator the night before makes it easier to peel the slices off. If the family is small, you may use the electric skillet for reheating the rolls.

But now that breakfast's over, don't expect to leave the dishes, please. That's part of the breakfast, and everything should be spick and span before mother begins dinner preparations.

SUNDAY DINNER

The ice cream mold is a pretty surprise for any dinner. Use mold with slightly slanted sides. Line it with vanilla ice cream about an inch thick, fill the center with strawberry or raspberry sherbet, and return to the freezer quickly to become firm again. Unmold ahead of time and store in plastic bag until ready to serve. Decorate with spring flowers or green leaves.

Apples, Eggs are bargains

In the next few weeks many markets will be featuring apples. Apples from cold storage are in good supply — Apr. 1 holdings were 50 per cent above the five-year average. Quality varies, depending on storage conditions. Best to puchase only as many apples as you can use in a week or so. Varieties availbale include Rome Beauty, McIntosh, Winesap, York Imperial, and some Red Delicious.

Egg prices have dropped sharply in recent weeks and are expected to stay at or near present levels for several more weeks. An egg a day is a good nutrition rule to follow for using this economical and versatile protein food.
